

Instructions for Form 1120S

U.S. Income Tax Return for an S Corporation

(Section references are to the Internal Revenue Code unless otherwise noted.)

Paperwork Reduction Act Notice

We ask for the information on these forms to carry out the Internal Revenue laws of the United States. You are required to give us the information. We need it to ensure that you are complying with these laws and to allow us to figure and collect the right amount of tax.

The time needed to complete and file the following forms will vary depending on individual circumstances. The estimated average times are:

Table with 5 columns: Form, Recordkeeping, Learning about the law or the form, Preparing the form, Copying, assembling, and sending the form to the IRS. Rows include 1120S, Sch. D (1120S), and Sch. K-1 (1120S).

If you have comments concerning the accuracy of these time estimates or suggestions for making these forms more simple, we would be happy to hear from you. You can write to both the Internal Revenue Service, Washington, DC 20224, Attention: IRS Reports Clearance Officer, T:FP; and the Office of Management and Budget, Paperwork Reduction Project (1545-0130), Washington, DC 20503. DO NOT send the tax forms to either of these offices. Instead, see the instructions on page 2 for information on where to file.

Contents

Table-Of-Contents listing sections like Voluntary Contributions To Reduce the Public Debt, A Change You Should Note, General Instructions, Specific Instructions, and Attachments with page numbers.

General Instructions for Schedules K and K-1

Table-Of-Contents for General Instructions for Schedules K and K-1, including Purpose of Schedules, Substitute Forms, Specific Instructions (Schedule K Only), Specific Instructions (Schedule K-1 Only), General Information, Specific Items, Specific Instructions (Schedules K and K-1, Except as Noted), and Supplemental Information.

Quite often, inquiries are received about how to make voluntary contributions to reduce the public debt. A corporation may contribute by enclosing with the tax return a check made payable to "Bureau of the Public Debt."

A Change You Should Note

Corporations may claim a credit on Form 8830, Enhanced Oil Recovery Credit, for 15% of qualified enhanced oil recovery costs paid or incurred in tax years beginning after 1990. These costs generally include amounts paid or incurred in connection with a qualified enhanced oil recovery project for:

- 1. Certain tangible property for which the corporation can claim a deduction for depreciation or amortization,
2. Intangible drilling and development costs eligible for the election under section 263(c) or required to be capitalized under section 291(b)(1), and
3. Qualified tertiary injectant expenses for which a deduction is allowed under section 193.

If a corporation claims this credit, the amounts otherwise deductible (or required to be capitalized and recovered through depreciation, depletion, or amortization), for costs that were used in figuring the credit must be reduced by the amount of the credit attributable to such costs.

For more information, see section 43 and Form 8830.

General Instructions

Note: In addition to the publications listed throughout these instructions, you may wish to get: Pub. 334, Tax Guide for Small Business; Pub. 535, Business Expenses; Pub. 550, Investment Income and Expenses; Pub. 556, Examination of Returns, Appeal Rights, and Claims for Refund; and Pub. 589, Tax Information on S Corporations.

The above publications and other publications referenced throughout these instructions may be obtained at most IRS offices. To order publications and forms, call our toll-free number 1-800-TAX-FORM (829-3676).

Purpose of Form

Form 1120S is used to report the income, deductions, gains, losses, etc., of a domestic corporation that has filed Form 2553, Election by a Small Business Corporation, to be treated as an S corporation, and whose election is in effect for the tax year.

Who Must File

A corporation must file Form 1120S if (a) it elected by filing Form 2553 to be treated as an S corporation, (b) IRS accepted the election, and (c) the election remains in effect. Do not file Form 1120S until the

corporation has been notified by the IRS that the election has been accepted.

Termination of Election

Once the election is made, it stays in effect until it is terminated. During the 5 years after the tax year the election has been terminated, the corporation may make another election on Form 2553 only with IRS consent. See section 1362(g).

The election terminates **automatically** in any of the following cases:

1. The corporation is no longer a small business corporation as defined in section 1361(b). The termination of an election in this manner is effective as of the day on which the corporation ceases to be a small business corporation. See sections 1362(d)(2) and 1362(e) for more information.

2. If, for each of three consecutive tax years, the corporation has both subchapter C earnings and profits and gross receipts more than 25% of which are derived from passive investment income as defined in section 1362(d)(3)(D), the election terminates on the first day of the first tax year beginning after the third consecutive tax year. The corporation must pay a tax for each year it has excess net passive income. See specific instructions for line 22a for details on how to figure the tax.

3. The election may be revoked if shareholders who collectively own a majority of the stock in the corporation on the day on which the revocation is made consent to the revocation. If the revocation specifies a date for revocation that is on or after the date that the revocation is made, the revocation is effective as of the specified date. If no date is specified, the revocation is effective as of the beginning of a tax year if it is made during the tax year and on or before the 15th day of the 3rd month of such tax year. If no date is specified and the revocation is made during the tax year but after the 15th day of the 3rd month, it is not effective until the beginning of the following tax year. See section 1362(d)(1) for more information.

When To File

In general, file Form 1120S by the 15th day of the 3rd month after the end of the tax year.

Extension

Use **Form 7004**, Application for Automatic Extension of Time To File Corporation Income Tax Return, to request an automatic 6-month extension of time to file Form 1120S.

Period Covered

File the 1991 return for calendar year 1991 and fiscal years beginning in 1991 and ending in 1992. If the return is for a fiscal year, fill in the tax year space at the top of the form.

Note: The 1991 Form 1120S may also be used if (a) the corporation has a tax year of less than 12 months that begins and ends **Page 2**

in 1992 and (b) the 1992 Form 1120S is not available by the time the corporation is required to file its return. However, the corporation must show its 1992 tax year on the 1991 Form 1120S and incorporate any tax law changes that are effective for tax years beginning after December 31, 1991.

Where To File

Use the preaddressed envelope. If you do not use the envelope, file your return at the applicable IRS address listed below.

If the corporation's principal business, office, or agency is located in	Use the following Internal Revenue Service Center address
New Jersey, New York (New York City and counties of Nassau, Rockland, Suffolk, and Westchester)	Holtsville, NY 00501
Connecticut, Maine, Massachusetts, New Hampshire, New York (all other counties), Rhode Island, Vermont	Andover, MA 05501
Florida, Georgia, South Carolina	Atlanta, GA 39901
Indiana, Kentucky, Michigan, Ohio, West Virginia	Cincinnati, OH 45999
Kansas, New Mexico, Oklahoma, Texas	Austin, TX 73301
Alaska, Arizona, California (counties of Alpine, Amador, Butte, Calaveras, Colusa, Contra Costa, Dei Norte, El Dorado, Glenn, Humboldt, Lake, Lassen, Marin, Mendocino, Modoc, Napa, Nevada, Placer, Plumas, Sacramento, San Joaquin, Shasta, Sierra, Siskiyou, Solano, Sonoma, Sutter, Tehama, Trinity, Yolo, and Yuba), Colorado, Idaho, Montana, Nebraska, Nevada, North Dakota, Oregon, South Dakota, Utah, Washington, Wyoming	Ogden, UT 84201
California (all other counties), Hawaii	Fresno, CA 93888
Illinois, Iowa, Minnesota, Missouri, Wisconsin	Kansas City, MO 64999
Alabama, Arkansas, Louisiana, Mississippi, North Carolina, Tennessee	Memphis, TN 37501
Delaware, District of Columbia, Maryland, Pennsylvania, Virginia	Philadelphia, PA 19255

Who Must Sign

The return must be signed and dated by the president, vice president, treasurer, assistant treasurer, chief accounting officer, or any other corporate officer (such as tax officer) authorized to sign. A receiver, trustee, or assignee must sign and date any return he or she is required to file on behalf of a corporation.

If a corporate officer filled in Form 1120S, the Paid Preparer's space under

"Signature of Officer" should remain blank. If someone prepares Form 1120S and does not charge the corporation, that person should not sign the return. Certain others who prepare Form 1120S should not sign. For example, a regular, full-time employee of the corporation such as a clerk, secretary, etc., should not sign.

Generally, anyone paid to prepare Form 1120S must sign the return and fill in the other blanks in the Paid Preparer's Use Only area of the return.

The preparer required to sign the return MUST complete the required preparer information and:

- Sign it, by hand, in the space provided for the preparer's signature. (Signature stamps or labels are not acceptable.)
- Give a copy of Form 1120S to the taxpayer in addition to the copy filed with the IRS.

Accounting Information

Accounting Methods

Figure ordinary income using the method of accounting regularly used in keeping the corporation's books and records. Generally, permissible methods include the cash receipts and disbursements method, the accrual method, or any other method permitted by the Internal Revenue Code. In all cases, the method adopted must clearly reflect income. (See section 446.)

Generally, an S corporation may not use the cash method of accounting if the corporation is a tax shelter (as defined in section 448(d)(3)). See section 448 for details.

Generally, an accrual basis taxpayer can deduct accrued expenses in the tax year that all events have occurred that determine the liability, the amount of the liability can be determined with reasonable accuracy, and economic performance takes place with respect to the expense. There are exceptions for recurring items.

For long-term contracts (except certain real property construction contracts), taxpayers must generally use the percentage of completion method described in section 460. However, for purposes of the percentage of completion method, the corporation may elect to postpone recognition of income and expense under a long-term contract entered into after July 10, 1989, until the first tax year as of the end of which at least 10% of the estimated total contract costs have been incurred.

Unless otherwise allowed by law, a corporation may change the method of accounting used to report income in earlier years (for income as a whole or for any material item) only by first getting consent on **Form 3115**, Application for Change in Accounting Method. See **Pub. 538**, Accounting Periods and Methods, for more information.

Change in Accounting Period

Generally, an S corporation may not change its accounting period to a tax year that is not a permitted year. A "permitted

year” is a calendar year or any other accounting period for which the corporation can establish to the satisfaction of the IRS that there is a business purpose for the tax year.

To change an accounting period, see Regulations section 1.442-1 and **Form 1128**, Application to Adopt, Change, or Retain a Tax Year. Also see Pub. 538.

Election of a tax year other than a required year.—Under the provisions of section 444, an S corporation may elect to have a tax year other than a permitted year, but only if the deferral period of the tax year is not longer than 3 months. This election is made by filing **Form 8716**, Election To Have a Tax Year Other Than a Required Tax Year.

An S corporation may not make or continue an election under section 444 if it is a member of a tiered structure, other than a tiered structure that consists entirely of partnerships and S corporations all of which have the same tax year. For the S corporation to have a section 444 election in effect, it must make the payments required by section 7519 and file **Form 8752**, Required Payment or Refund Under Section 7519.

Rounding Off to Whole-Dollar Amounts

You may show the money items on the return and accompanying schedules as whole-dollar amounts. To do so, drop any amount less than 50 cents, and increase any amount from 50 cents through 99 cents to the next higher dollar.

Depository Method of Tax Payment

The corporation must pay the tax due (line 25, page 1) in full, no later than the 15th day of the 3rd month after the end of the tax year.

Deposit corporation income tax payments (and estimated tax payments) with **Form 8109**, Federal Tax Deposit Coupon. Be sure to darken the “1120” box on the coupon. Make these tax deposits with either a financial institution qualified as a depository for Federal taxes or the Federal Reserve bank or branch servicing the geographic area where the corporation is located. Do not submit deposits directly to an IRS office; otherwise, the corporation may be subject to a penalty. Records of deposits will be sent to the IRS for crediting to the corporation’s account. See the instructions contained in the coupon book (Form 8109) for more information.

To help ensure proper crediting to your account, write the corporation’s employer identification number, “Form 1120S,” and the tax year to which the deposit applies on the corporation’s check or money order.

To get more deposit forms, use the reorder form (**Form 8109A**) provided in the coupon book.

For additional information concerning deposits, see **Pub. 583**, Taxpayers Starting a Business.

Estimated Tax

Generally, the corporation must make estimated tax payments for the following taxes, if the total of these taxes is \$500 or more: **(a)** the tax on certain capital gains, **(b)** the tax on built-in gains, **(c)** the excess net passive income tax, and **(d)** the investment credit recapture tax.

The amount of estimated tax required to be paid annually is the lesser of **(a)** 90% of the above taxes shown on the return for the tax year (or if no return is filed, 90% of these taxes for the year); or **(b)** the sum of **(i)** 90% of the sum of the investment credit recapture tax and the built-in gains tax (or the tax on certain capital gains) shown on the return for the tax year (or if no return is filed, 90% of these taxes for the year), and **(ii)** 100% of any excess net passive income tax shown on the corporation’s return for the preceding tax year. If the preceding tax year was less than 12 months, the estimated tax must be determined under (a).

The estimated tax is generally payable in four equal installments. However, the corporation may be able to lower the amount of one or more installments by using the annualized income installment method or adjusted seasonal installment method under section 6655(e).

For a calendar year corporation, the installments are due by April 15, June 15, September 15, and December 15. For a fiscal year corporation, they are due by the 15th day of the 4th, 6th, 9th, and 12th months of the fiscal year.

The installments are made using the depository method of tax payment.

Interest and Penalties

Interest

Interest is charged on taxes not paid by the due date, even if an extension of time to file is granted. Interest is also charged from the due date (including extensions) to the date of payment on the failure to file penalty, the accuracy-related penalty, and the fraud penalty. The interest charge is figured at a rate determined under section 6621.

Late Filing of Return

Form 1120S is required to be filed under sections 6037(a) and 6012. A corporation that does not file its tax return by the due date, including extensions, generally may have to pay a penalty of 5% a month, or fraction of a month, up to a maximum of 25%, for each month the return is not filed. The penalty is imposed on the net amount due. See section 6651(a)(1). The minimum penalty for not filing a tax return within 60 days of the due date for filing (including extensions) is the lesser of the underpayment of tax or \$100.

The penalty will not be imposed if the corporation can show that failure to file a timely return was due to reasonable cause

and not due to willful neglect. If the failure was due to reasonable cause, attach an explanation to the return.

Late Payment of Tax

A corporation that does not pay the tax when due generally may have to pay a penalty of ½ of 1% a month or fraction of a month, up to a maximum of 25%, for each month the tax is not paid. The penalty is imposed on the net amount due. See section 6651(a)(2).

The penalty will not be imposed if the corporation can show that failure to pay on time was due to reasonable cause and not due to willful neglect.

Underpayment of Estimated Tax

A corporation that fails to make estimated tax payments when due may be subject to an underpayment penalty for the period of underpayment. Use **Form 2220**, Underpayment of Estimated Tax by Corporations, to see if the corporation owes a penalty and to figure the amount of the penalty. If you attach Form 2220 to Form 1120S, be sure to check the box on line 24, page 1, and enter the amount of any penalty on this line.

Failure To Furnish Information Timely

Section 6037(b) requires an S corporation to furnish to each shareholder a copy of such information shown on Schedule K-1 (Form 1120S) that is attached to Form 1120S. The Schedule K-1 must be furnished to each shareholder on or before the day on which the Form 1120S was filed.

For each failure to furnish Schedule K-1 to a shareholder when due and each failure to include on Schedule K-1 all of the information required to be shown (or the inclusion of incorrect information), a penalty of \$50 may be imposed with respect to each Schedule K-1 for which a failure occurs. If the requirement to report correct information is intentionally disregarded, each \$50 penalty is increased to \$100 or, if greater, 10% of the aggregate amount of items required to be reported. See sections 6722 and 6724 for more information.

The penalty will not be imposed if the corporation can show that not furnishing information timely was due to reasonable cause and not due to willful neglect.

Unresolved Tax Problems

The IRS has a Problem Resolution Program for taxpayers who have been unable to resolve their problems with the IRS. If the corporation has a tax problem it has been unable to resolve through normal channels, write to the corporation’s local IRS district director or call the corporation’s local IRS office and ask for Problem Resolution Assistance. Hearing-impaired persons who have access to TDD equipment may call 1-800-829-4059 to ask for help. The Problem Resolution office will take responsibility for your problem and ensure

that it receives proper attention. Although the office cannot change the tax law or make technical decisions, it can frequently clear up misunderstandings that may have resulted from previous contacts.

Other Forms, Returns, Schedules, and Statements That May Be Required

Forms W-2 and W-3, Wage and Tax Statement; and Transmittal of Income and Tax Statements.

Form 720, Quarterly Federal Excise Tax Return. Use Form 720 to report the 10% excise tax on the first retail sale of the following items sold to the extent the sales price exceeds the amounts shown: **(a)** passenger vehicles, \$30,000; **(b)** boats and yachts, \$100,000; **(c)** aircraft, \$250,000; and **(d)** jewelry and furs, \$10,000. Form 720 is also used to report environmental excise taxes, communications and air transportation taxes, fuel taxes, manufacturers taxes, ship passenger tax, and certain other excise taxes.

Form 966, Corporate Dissolution or Liquidation.

Forms 1042 and 1042S, Annual Withholding Tax Return for U.S. Source Income of Foreign Persons; and Foreign Person's U.S. Source Income Subject to Withholding. Use these forms to report and transmit withheld tax on payments made to nonresident alien individuals, foreign partnerships, or foreign corporations to the extent such payments constitute gross income from sources within the United States (see sections 861 through 865). For more information, see sections 1441 and 1442, and **Pub. 515**, Withholding of Tax on Nonresident Aliens and Foreign Corporations.

Form 1096, Annual Summary and Transmittal of U.S. Information Returns.

Form 1098, Mortgage Interest Statement. This form is used to report the receipt from any individual of \$600 or more of mortgage interest and points in the course of the corporation's trade or business.

Forms 1099-A, B, DIV, INT, MISC, OID, PATR, S, and R. You may have to file these information returns to report abandonments, acquisitions through foreclosure, proceeds from broker and barter exchange transactions, certain dividends, interest payments, medical and dental health care payments, miscellaneous income payments, original issue discount, patronage dividends, distributions from pensions, annuities, retirement or profit-sharing plans, IRAs, insurance contracts, etc., and proceeds from real estate transactions. Also use certain of these returns to report amounts that were received as a nominee on behalf of another person.

Use Form 1099-DIV to report actual dividends paid by the corporation. Only distributions from accumulated earnings and profits are classified as dividends. Do not issue Form 1099-DIV for dividends received by the corporation that are

allocated to shareholders on line 4b of Schedule K-1.

For more information, see the separate **Instructions for Forms 1099, 1098, 5498, and W-2G**.

Note: *Every corporation must file Forms 1099-MISC if it makes payments of rents, commissions, or other fixed or determinable income (see section 6041) totaling \$600 or more to any one person in the course of its trade or business during the calendar year.*

Form 5713, International Boycott Report. Every corporation that had operations in, or related to, a "boycotting" country, company, or national of a country must file Form 5713. In addition, persons who participate in or cooperate with an international boycott may have to complete Schedule A or Schedule B and Schedule C of Form 5713 to compute their loss of the foreign tax credit, the deferral of earnings of a controlled foreign corporation, IC-DISC benefits, and FSC benefits.

Form 8264, Application for Registration of a Tax Shelter, is used by tax shelter organizers to register tax shelters with the IRS for the purpose of receiving a tax shelter registration number.

Form 8271, Investor Reporting of Tax Shelter Registration Number, is used by corporations that have acquired an interest in a tax shelter that is required to be registered to report the tax shelter's registration number. Form 8271 must be attached to any return on which a deduction, credit, loss, or other tax benefit attributable to a tax shelter is taken or any income attributable to a tax shelter is reported.

Form 8281, Information Return for Publicly Offered Original Issue Discount Instruments. This form is used by issuers of publicly offered debt instruments having OID to provide the information required by section 1275(c).

Forms 8288 and 8288-A, U.S. Withholding Tax Return for Dispositions by Foreign Persons of U.S. Real Property Interests; and Statement of Withholding on Dispositions by Foreign Persons of U.S. Real Property Interests. Use these forms to report and transmit withheld tax on the sale of U.S. real property by a foreign person. See section 1445 and the related regulations for additional information.

Form 8300, Report of Cash Payments Over \$10,000 Received in a Trade or Business. This form is used to report the receipt of more than \$10,000 in cash or foreign currency in one transaction (or a series of related transactions).

Form 8594, Asset Acquisition Statement, is to be filed by both the purchaser and seller of a group of assets constituting a trade or business if goodwill or a going concern value attaches, or could attach, to such assets and if the purchaser's basis in the assets is determined only by the amount paid for the assets.

Form 8697, Interest Computation Under the Look-Back Method for Completed Long-Term Contracts. Certain S corporations that are not closely held may

have to file Form 8697. Form 8697 is used to figure the interest due or to be refunded under the look-back method of section 460(b)(3) on certain long-term contracts entered into after February 28, 1986, that are accounted for under either the percentage of completion-capitalized cost method or the percentage of completion method. Closely held corporations should see the instructions for line 20, item 13, of Schedule K-1 for details on the Form 8697 information they must provide to their shareholders.

Stock ownership in foreign corporations.—If the corporation owned at least 5% in value of the outstanding stock of a foreign personal holding company, attach the statement required by section 551(c).

A corporation that (a) controls a foreign corporation; (b) is a 10%-or-more shareholder of a controlled foreign corporation; or (c) acquires, disposes of, or owns 5% or more in value of the outstanding stock of a foreign corporation, may have to file **Form 5471**, Information Return of U.S. Persons With Respect to Certain Foreign Corporations.

Transfers to corporation controlled by transferor.—If a person acquires stock of a corporation in exchange for property, and no gain or loss is recognized under section 351, the transferor and transferee must attach to their respective tax returns the information required by Regulations section 1.351-3.

Attachments

Attach **Form 4136**, Credit for Federal Tax on Fuels, after page 4, Form 1120S. Attach schedules in alphabetical order and other forms in numerical order after Form 4136.

To assist us in processing the return, **please complete every applicable entry space on Form 1120S and Schedule K-1**. Do not attach statements and write "See attached" in lieu of completing the entry spaces on Form 1120S and Schedule K-1.

If you need more space on the forms or schedules, attach separate sheets and show the same information in the same order as on the printed forms. **But show your totals on the printed forms.** Please use sheets that are the same size as the forms and schedules. Attach these separate sheets after all the schedules and forms. Be sure to put the corporation's name and employer identification number (EIN) on each sheet.

Amended Return

To correct an error in a Form 1120S already filed, file an amended Form 1120S and check box F(4). If the amended return results in a change to income, or a change in the distribution of any income or other information provided to shareholders, an amended Schedule K-1 (Form 1120S) must also be filed with the amended Form 1120S and given to each shareholder. Be sure to check box D(2) on each Schedule K-1 to indicate that it is an amended Schedule K-1.

Note: If an S corporation does not meet the small S corporation exception under Temporary Regulations section 301.6241-1T or if it is a small S corporation that has made the election described in Temporary Regulations section 301.6241-1T(c)(2)(v), and such corporation files an amended return, the amended return will be a request for administrative adjustment and **Form 8082, Notice of Inconsistent Treatment or Amended Return (Administrative Adjustment Request (AAR))**, must be filed by the tax matters person. See the Temporary Regulations under section 6241 for more information.

Passive Activity Limitations

In general, section 469 limits the amount of losses, deductions, and credits that shareholders may claim from "passive activities." The passive activity limitations do not apply to the corporation. Instead, they apply to each shareholder's share of any income or loss and credit attributable to a passive activity. Because the treatment of each shareholder's share of corporation income or loss and credit depends upon the nature of the activity that generated it, the corporation must report income or loss and credits separately for each activity.

The instructions below (pages 5 through 8) and the instructions for Schedules K and K-1 (pages 13 through 20) explain the applicable passive activity limitation rules and specify the type of information the corporation must provide to its shareholders for each activity. If the corporation had more than one activity, it must report information for each activity on an attachment to Schedules K and K-1.

Generally, passive activities include (a) activities that involve the conduct of a trade or business in which the shareholder does not materially participate, and (b) any rental activity (see definition on page 6) even if the shareholder materially participates. The level of each shareholder's participation in an activity must be determined by the shareholder.

The passive activity rules provide that losses and credits from passive activities can generally be applied only against income and tax from passive activities. Thus, passive losses and credits cannot be applied against income from salaries, wages, professional fees, or a business in which the shareholder materially participates; against "portfolio income" (see definition on page 7); or against the tax related to any of these types of income.

Special transitional rules apply to losses incurred by investors in qualified low-income housing projects. In addition, special rules require that net income from certain activities that would otherwise be treated as passive income must be recharacterized as nonpassive income for purposes of the passive activity limitations.

To allow each shareholder to apply the passive activity limitations at the individual level, the corporation must report income or loss and credits separately for each of the following: trade or business activities,

rental real estate activities, rental activities other than rental real estate, and portfolio income. For definitions of each type of activity or income, see **Types of Activities and Income**, below. For details on the special reporting requirements for passive activities, see **Passive Activity Reporting Requirements** on page 7.

Identifying Activities

Generally, each undertaking the corporation owns is a separate activity.

An undertaking includes all the business or rental operations owned at the same location. Operations not actually conducted at the same location are treated as conducted at the location with which they are most closely associated under all the facts and circumstances. For example, if a business sends employees from a central office to perform services at the customer's home, the operations are treated as conducted at the central office. If the corporation conducts all its business or rental operations at the same location directly or through one entity, the corporation has only one undertaking and one activity.

Rental undertakings.—If the corporation owns an undertaking that conducts both rental and nonrental operations, it must treat the two types of operations as two separate undertakings unless (a) the rental operations, if treated as a separate activity, would not be a rental activity (see **Rental activities** on page 6) or (b) one type of operation produces more than 80% of the combined undertaking's gross income.

Combining corporate undertakings into activities.—Once corporate undertakings are identified, treat each undertaking as a separate activity unless one of the following rules requires or permits the corporation to combine undertakings into a larger activity:

Trade or business undertakings.—Generally, the corporation must combine trade or business undertakings into a larger activity if the undertakings are similar and commonly controlled. For details, see Temporary Regulations sections 1.469-4T(f) and (j). Trade or business undertakings include all nonrental undertakings except professional service undertakings (described in the next paragraph) and oil or gas wells treated as separate undertakings under Temporary Regulations section 1.469-4T(e). Trade or business activities that constitute an integrated business may have to be combined into an even larger activity under Temporary Regulations section 1.469-4T(g).

Professional service undertakings.—Professional service undertakings principally provide services in the fields of health, law, engineering, architecture, accounting, actuarial science, the performing arts, or consulting. Generally, the corporation must combine its interests in professional service undertakings into a single activity if the undertakings provide services in the same field or earn more than 20% of their gross income from serving the same customers, or if the

undertakings are controlled by the same interests. For details, see Temporary Regulations section 1.469-4T(h).

The corporation can elect to treat combined nonrental undertakings acquired in 1991 as separate activities for purposes other than determining participation in activities. To make this election, the corporation must attach to Form 1120S a statement that (a) gives the corporation name, address, and employer identification number; (b) declares that the election is being made under Temporary Regulations section 1.469-4T(o); (c) identifies the undertaking that is treated as a separate activity; and (d) identifies the rest of the activity from which the undertaking was separated.

If the corporation wants to treat as separate activities any undertakings it acquired in 1991 that these rules would otherwise combine into a larger activity, it must attach this statement to its 1991 return or it will not be able to treat the undertakings as separate activities for 1991 or any later year. For details, see Temporary Regulations section 1.469-4T(o).

If undertakings the corporation acquired in a previous year were combined into a larger activity on a prior return, those undertakings cannot be divided into separate activities in 1991 or any later year.

Rental real estate undertakings.—A rental real estate undertaking is a rental undertaking in which at least 85% of the unadjusted basis of the property made available for use by customers is real property. The corporation may treat a single rental real estate undertaking as a single activity, or it may treat any combination of rental real estate undertakings as a single activity. Under certain circumstances, the corporation may also elect to divide a single rental real estate undertaking into separate undertakings. For details, see Temporary Regulations section 1.469-4T(k)(2)(iii).

Generally, the corporation must attach a statement to Form 1120S if it combines separate rental real estate undertakings or portions of undertakings into the same activity or divides a single rental real estate undertaking into separate undertakings. If the corporation wants to divide a single rental real estate undertaking it acquired in 1991 into separate undertakings, it must attach this statement to its 1991 Form 1120S or it will not be able to treat the undertaking as separate undertakings for 1991 or any later year.

If the corporation divided a single rental real estate undertaking it acquired in a previous year into separate undertakings on a prior year return, it must treat the undertakings as separate undertakings in 1991 and any later year.

Furthermore, if the corporation combined rental real estate undertakings it acquired in a previous year into a larger activity on a prior year return, the larger activity cannot be divided into separate activities in 1991 or any later year.

Types of Activities and Income

Trade or business activities.—A trade or business activity involves the conduct of a trade or business within the meaning of section 162.

If the shareholder does not materially participate in the activity, a trade or business activity of the corporation is a passive activity for the shareholder.

Note: *The section 469(c)(3) exception for a working interest in oil and gas properties is not applicable to an S corporation because state law generally limits the liability of corporate shareholders, including shareholders of an S corporation.*

Accordingly, an activity of holding a working interest in oil or gas properties is a trade or business activity and the material participation rules apply to determine if the activity is a passive activity. See Temporary Regulations section 1.469-1T(e)(4).

The determination whether a shareholder materially participated in an activity must be made by each shareholder. As a result, while the corporation's overall trade or business income (loss) is reported on page 1 of Form 1120S, the specific income and deductions from each separate trade or business activity must be reported on attachments to Form 1120S. Similarly, while each shareholder's allocable share of the corporation's overall trade or business income (loss) is reported on line 1 of Schedule K-1, each shareholder's allocable share of the income and deductions from each trade or business activity must be reported on attachments to each Schedule K-1. See **Passive Activity Reporting Requirements** on page 7 for more information.

Rental activities.—Generally, except as noted below, if the gross income from an activity consists of amounts paid principally for the use of real or personal tangible property held by the corporation, the activity is a rental activity. There are several exceptions to this general rule. Under these exceptions, an activity involving the use of real or personal tangible property is not a rental activity if **(a)** the average period of customer use (see definition below) for such property is 7 days or less; **(b)** the average period of customer use for such property is 30 days or less and significant personal services (see definition below) are provided by or on behalf of the corporation; **(c)** extraordinary personal services (see definition below) are provided by or on behalf of the corporation; **(d)** the rental of such property is treated as incidental to a nonrental activity of the corporation under Temporary Regulations section 1.469-1T(e)(3)(vi); or **(e)** the corporation customarily makes the property available during defined business hours for nonexclusive use by various customers. In addition, if a corporation owns an interest in a partnership that conducts a nonrental activity, and the corporation provides property for use in that activity in the corporation's capacity as an owner of an interest in the partnership, the provision of the property is not a rental activity. Consequently, the corporation's distributive share of income

from the activity is not income from a rental activity. A guaranteed payment described in section 707(c) is not income from a rental activity under any circumstances.

Whether the corporation provides property used in an activity of a partnership in the corporation's capacity as an owner of an interest in the partnership is based on all the facts and circumstances.

Average period of customer use.—The average period of customer use of property is computed by dividing the total number of days in all rental periods by the number of rentals during the tax year. If the activity involves renting more than one class of property, multiply the average period of customer use of each class by the ratio of the gross rental income from that class to the activity's total gross rental income. The activity's average period of customer use equals the sum of these class-by-class average periods weighted by gross income. See Temporary Regulations section 1.469-1T(e)(3)(iii).

Significant personal services.—Personal services include only services performed by individuals. In determining whether personal services are significant personal services, all of the relevant facts and circumstances are considered. Relevant facts and circumstances include the frequency that the services are provided, the type and amount of labor required to perform the services, and the value of the services in relation to the amount charged for the use of the property. The following services are excluded from consideration in determining whether personal services are significant: **(a)** services necessary to permit the lawful use of the rental property; **(b)** services performed in connection with improvements or repairs to the rental property that extend the useful life of the property substantially beyond the average rental period; and **(c)** services provided in connection with the use of any improved real property that are similar to those commonly provided in connection with long-term rentals of high-grade commercial or residential property (e.g., cleaning and maintenance of common areas, routine repairs, trash collection, elevator service, and security at entrances).

Extraordinary personal services.—Services provided in connection with making rental property available for customer use are extraordinary personal services only if the services are performed by individuals and the customers' use of the rental property is incidental to their receipt of the services. For example, a patient's use of a hospital room generally is incidental to the care that the patient receives from the hospital's medical staff. Similarly, a student's use of a dormitory room in a boarding school is incidental to the personal services provided by the school's teaching staff.

Rental property incidental to a nonrental activity.—An activity is not a rental activity if the rental of the property is incidental to a nonrental activity, such as the activity of holding property for

investment, a trade or business activity, or the activity of dealing in property.

Rental property is incidental to an activity of holding property for investment if the main purpose for holding the property is to realize a gain from the appreciation of the property and the gross rental income from such property for the tax year is less than 2% of the smaller of the unadjusted basis of the property or the fair market value of the property.

Rental property is incidental to a trade or business activity if **(a)** the corporation owns an interest in the trade or business at all times during the year; **(b)** the rental property was mainly used in the trade or business activity during the tax year or during at least two of the five preceding tax years; and **(c)** the gross rental income from the property is less than 2% of the smaller of the unadjusted basis of the property or the fair market value of the property.

The sale or exchange of property that is also rented during the tax year (where the gain or loss is recognized) is treated as incidental to the activity of dealing in property if, at the time of the sale or exchange, the property was held primarily for sale to customers in the ordinary course of the corporation's trade or business.

See Temporary Regulations section 1.469-1T(e)(3) for more information on the definition of rental activities for purposes of the passive activity limitations.

Reporting of rental activities.—In reporting the corporation's income or losses and credits from rental activities, the corporation must separately report **(a)** rental real estate activities and **(b)** rental activities other than rental real estate activities.

Shareholders who actively participate in a rental real estate activity may be able to deduct part or all of their rental real estate losses (and the deduction equivalent of rental real estate credits) against income (or tax) from nonpassive activities. Generally, the combined amount of rental real estate losses and the deduction equivalent of rental real estate credits from all sources (including rental real estate activities not held through the corporation) that may be claimed is limited to \$25,000.

Special transitional rules apply to investors in qualified low-income housing projects. See section 502 of the Tax Reform Act of 1986 and **Pub. 925**, Passive Activity and At-Risk Rules, for more information.

Rental real estate activity income (loss) is reported on **Form 8825**, Rental Real Estate Income and Expenses of a Partnership or an S Corporation, and on line 2 of Schedules K and K-1 rather than on page 1 of Form 1120S.

Credits related to rental real estate activities are reported on lines 12c and 12d of Schedules K and K-1. Low-income housing credits are reported on line 12b of Schedules K and K-1.

Income (loss) from rental activities other than rental real estate is reported on line 3

of Schedules K and K-1. Credits related to rental activities other than rental real estate are reported on line 12e of Schedules K and K-1.

Portfolio income.—Generally, portfolio income includes all gross income, other than income derived in the ordinary course of a trade or business, that is attributable to interest; dividends; royalties; income from a real estate investment trust, a regulated investment company, a real estate mortgage investment conduit, a common trust fund, a controlled foreign corporation, a qualified electing fund, or a cooperative; income from the disposition of property that produces income of a type defined as portfolio income; and income from the disposition of property held for investment.

Solely for purposes of the preceding paragraph, gross income derived in the ordinary course of a trade or business includes **(and portfolio income, therefore, does not include)** only the following types of income: **(a)** interest income on loans and investments made in the ordinary course of a trade or business of lending money; **(b)** interest on accounts receivable arising from the performance of services or the sale of property in the ordinary course of a trade or business of performing such services or selling such property, but only if credit is customarily offered to customers of the business; **(c)** income from investments made in the ordinary course of a trade or business of furnishing insurance or annuity contracts or reinsuring risks underwritten by insurance companies; **(d)** income or gain derived in the ordinary course of an activity of trading or dealing in any property if such activity constitutes a trade or business (unless the dealer held the property for investment at any time before such income or gain is recognized); **(e)** royalties derived by the taxpayer in the ordinary course of a trade or business of licensing intangible property; **(f)** amounts included in the gross income of a patron of a cooperative by reason of any payment or allocation to the patron based on patronage occurring with respect to a trade or business of the patron; and **(g)** other income identified by the IRS as income derived by the taxpayer in the ordinary course of a trade or business.

See Temporary Regulations section 1.469-2T(c)(3) for more information on portfolio income.

Portfolio income is reported on line 4 of Schedules K and K-1, rather than on page 1 of Form 1120S.

Expenses related to portfolio income are reported on line 9 of Schedules K and K-1.

Recharacterization of Passive Income

Under the provisions of Temporary Regulations section 1.469-2T(f), net passive income from certain passive activities must be treated as nonpassive income. Income from the six sources listed below is subject to recharacterization. In addition, any net passive income from an activity of renting substantially nondepreciable property from an

equity-financed lending activity, or from an activity related to an interest in a pass-through entity that licenses intangible property that is recharacterized as nonpassive income, is treated as investment income for purposes of computing investment interest expense limitations. “Net passive income” means the excess of passive activity gross income from the activity over passive activity deductions (current year deductions and prior year unallowed losses) from the activity.

1. Significant participation passive activities.—A significant participation passive activity is any trade or business activity in which the shareholder both participates for more than 100 hours during the tax year and does not materially participate. Because each shareholder must determine his or her level of participation, the corporation will not be able to identify significant participation passive activities.

2. Certain nondepreciable rental property activities.—Net passive income from a rental activity is nonpassive income if less than 30% of the unadjusted basis of the property used or held for use by customers in the activity is subject to depreciation under section 167.

3. Passive equity-financed lending activities.—If the corporation has net income from a passive equity-financed lending activity, the lesser of the net passive income or equity-financed interest income from the activity is nonpassive income.

Note: *The amount of income from the activities in items 1 through 3, above, that any shareholder will be required to recharacterize as nonpassive income may be limited under Temporary Regulations section 1.469-2T(f)(8). Because the corporation will not have information regarding all of a shareholder's activities, it must identify all corporate activities meeting the definitions in items 1 through 3 as activities that may be subject to recharacterization.*

4. Rental activities incidental to a development activity.—Net rental activity income is nonpassive income for a shareholder if all of the following apply: **(a)** the corporation recognizes gain from the sale, exchange, or other disposition of the rental property during the tax year; **(b)** the use of the item of property in the rental activity started less than 12 months before the date of disposition (the use of an item of rental property begins on the first day on which (i) the corporation owns an interest in the property; (ii) substantially all of the property is either rented or held out for rent and ready to be rented; and (iii) no significant value-enhancing services remain to be performed), and **(c)** the shareholder materially participated or significantly participated for any tax year in an activity that involved the performance of services for the purpose of enhancing the value of the property (or any other item of property, if the basis of the property disposed of is determined in whole or in part by reference to the basis of that item of property). “Net rental activity income”

means the excess of passive activity gross income from renting or disposing of property over passive activity deductions (current year deductions and prior year unallowed losses) that are reasonably allocable to the rented property.

Because the corporation cannot determine a shareholder's level of participation, the corporation must identify net income from property described in items (a) and (b) above as income that may be subject to recharacterization.

5. Activities involving property rented to a nonpassive activity.—If a taxpayer rents property to a trade or business activity in which the taxpayer materially participates, the taxpayer's net rental activity income from the property is nonpassive income. “Net rental activity income” means the excess of passive activity gross income from renting or disposing of property over passive activity deductions (current year deductions and prior year unallowed losses) that are reasonably allocable to the rented property.

6. Acquisition of an interest in a pass-through entity that licenses intangible property.—Generally, net royalty income from intangible property is nonpassive income if the taxpayer acquired an interest in the pass-through entity after the pass-through entity created the intangible property or performed substantial services or incurred substantial costs in developing or marketing the intangible property. “Net royalty income” means the excess of passive activity gross income from licensing or transferring any right in intangible property over passive activity deductions (current year deductions and prior year unallowed losses) that are reasonably allocable to the intangible property.

See Temporary Regulations section 1.469-2T(f)(7)(iii) for exceptions to this rule.

Passive Activity Reporting Requirements

To allow shareholders to correctly apply the passive activity loss and credit limitation rules, any corporation that carries on more than one activity must:

1. Provide an attachment for each activity conducted through the corporation that identifies the type of activity conducted (trade or business, rental real estate, rental activity other than rental real estate, or investment).

2. On the attachment for each activity, provide a schedule, using the same line numbers as shown on Schedule K-1, detailing the net income (loss), credits, and all items required to be separately stated under section 1366(a)(1) from each trade or business activity, from each rental real estate activity, from each rental activity other than a rental real estate activity, and from investments.

3. Identify the net income (loss) and the shareholder's share of corporation interest expense from each activity of renting a dwelling unit that the shareholder also uses for personal purposes during the year for

more than the greater of 14 days or 10% of the number of days that the residence is rented at fair rental value.

4. Identify the net income (loss) and the shareholder's share of interest expense from each activity of trading personal property conducted through the corporation.

5. With respect to any gain (loss) from the disposition of an interest in an activity or of an interest in property used in an activity (including dispositions before 1987 from which gain is being recognized after 1986):

a. Identify the activity in which the property was used at the time of disposition;

b. If the property was used in more than one activity during the 12 months preceding the disposition, identify the activities in which the property was used and the adjusted basis allocated to each activity; and

c. For gains only, if the property was substantially appreciated at the time of the disposition and the applicable holding period specified in Temporary Regulations section 1.469-2T(c)(2)(iii)(A) was not satisfied, identify the amount of the nonpassive gain and indicate whether or not the gain is investment income under the provisions of Temporary Regulations section 1.469-2T(c)(2)(iii)(E).

6. Specify the amount of gross portfolio income, the interest expense properly allocable to portfolio income, and expenses other than interest expense that are clearly and directly allocable to portfolio income.

7. Identify the ratable portion of any section 481 adjustment (whether a net positive or a net negative adjustment) allocable to each corporate activity.

8. Identify any gross income from sources that are specifically excluded from passive activity gross income, including income from intangible property if the shareholder is an individual and the shareholder's personal efforts significantly contributed to the creation of the property; income from a qualified low-income housing project (as defined in section 502 of the Tax Reform Act of 1986) conducted through the corporation; income from state, local, or foreign income tax refunds; and income from a covenant not to compete (in the case of a shareholder who is an individual and who contributed the covenant to the corporation).

9. Identify any deductions that are not passive activity deductions.

10. If the corporation makes a full or partial disposition of its interest in another entity, identify the gain (loss) allocable to each activity conducted through the entity, and the gain allocable to a passive activity that would have been recharacterized as nonpassive gain had the corporation disposed of its interest in property used in the activity (because the property was substantially appreciated at the time of the disposition, and the gain represented more than 10% of the shareholder's total gain from the disposition).

11. Identify the following items with respect to activities which may be subject to the recharacterization rules under Temporary Regulations section 1.469-2T(f):

a. Net income from an activity of renting substantially nondepreciable property;

b. The lesser of equity-financed interest income or net passive income from an equity-financed lending activity;

c. Net rental activity income from property that was developed (by the shareholder or the corporation), rented, and sold within 12 months after the rental of the property commenced;

d. Net rental activity income from the rental of property by the corporation to a trade or business activity in which the shareholder had an interest (either directly or indirectly); and

e. Net royalty income from intangible property if the shareholder acquired the shareholder's interest in the corporation after the corporation created the intangible property or performed substantial services or incurred substantial costs in developing or marketing the intangible property.

12. With respect to credits, identify separately the credits from the corporation that are associated with each activity conducted by or through the corporation.

Specific Instructions

General Information

Name, Address, and Employer Identification Number

Use the label on the package that was mailed to the corporation. If the corporation's name, address, or employer identification number is wrong on the label, mark through it and write the correct information on the label.

If the corporation does not have a package with a label, print or type the corporation's true name (as set forth in the corporate charter or other legal document creating it), address, and employer identification number on the appropriate lines.

Include the suite, room, or other unit number after the street address. If a preaddressed label is used, please include the information on the label. If the Post Office does not deliver to the street address and the corporation has a P.O. box, show the P.O. box number instead of the street address.

Item B—Business Code No.

See **Codes for Principal Business Activity** on page 22 of these instructions.

Item E—Total Assets

Enter the total assets, as determined by the accounting method regularly used in maintaining the corporation's books and records, at the end of the corporation's tax year. If there are no assets at the end of the tax year, enter the total assets as of the beginning of the tax year.

Item F—Initial Return, Final Return, Change in Address, and Amended Return

If this is the corporation's first return, check box F(1). If the corporation has ceased to exist, check box F(2). Also check box D(1) on each Schedule K-1 to indicate that it is a final Schedule K-1. Indicate a change in address by checking box F(3). If the corporation has a change of mailing address after filing its return, it can notify the IRS by filing **Form 8822, Change of Address**. If this amends a previously filed return, check box F(4).

Item G—Consolidated Audit Procedures

With certain exceptions, the tax treatment of S corporation items is determined at the S corporation level in a consolidated audit proceeding, rather than in separate proceedings with individual shareholders. Check the box for item G if any of the following apply.

- The S corporation had more than five shareholders at any time during the tax year (for this purpose a husband and wife, and their estates, are treated as one shareholder).
- Any shareholder was other than a natural person or estate.

- The small S corporation (five or fewer shareholders) has elected as provided in Temporary Regulations section 301.6241-1T(c)(2)(v) to be subject to the rules for consolidated proceedings.

Note: *The S corporation does not make the section 301.6241-1T(c)(2)(v) election when it checks the box for item G. This election must be made separately.*

For more information on the consolidated audit procedures for S corporations, see sections 6241 through 6245, Temporary Regulations section 301.6241-1T, and **Pub. 556, Examination of Returns, Appeal Rights, and Claims for Refund**.

Income

Caution: *Report only trade or business activity income or loss on lines 1a through 6. Do not report rental activity income or portfolio income or loss on these lines. (See the instructions on **Passive Activity Limitations** beginning on page 5 for definitions of rental income and portfolio income.) Rental activity income and portfolio income are reported on Schedules K and K-1 (rental real estate activities are also reported on Form 8825).*

Note: *Do not include any tax exempt income on lines 1 through 5, or any nondeductible expenses on lines 7 through 19. However, these income and expense items are used in figuring the accumulated adjustments account and the other adjustments account in Schedule M-2. Also, see instructions for line 18 of Schedule K and line 20 of Schedule K-1.*

A corporation that receives any exempt income other than interest, or holds any property or engages in an activity that

produces exempt income, must attach to its return an itemized statement showing the amount of each type of exempt income and the expenses allocated to each type.

Line 1—Gross Receipts or Sales

Enter gross receipts or sales from all trade or business operations except those you report on lines 4 and 5. For reporting advance payments, see Regulations section 1.451-5. To report income from long-term contracts, see section 460.

Generally, the installment method cannot be used for dealer dispositions of property. A "dealer disposition" means any disposition of personal property by a person who regularly sells or otherwise disposes of personal property of the same type on the installment plan or any disposition of real property held for sale to customers in the ordinary course of the taxpayer's trade or business. The disposition of property used or produced in a farming business is not included as a dealer disposition. See section 453(l) for details and exceptions. For dealer dispositions of property before March 1, 1986, dispositions of property used or produced in the trade or business of farming, and certain dispositions of timeshares and residential lots reported under the installment method, enter on line 1a the gross profit on collections from installment sales and carry the same amount to line 3. Attach a schedule showing the following for the current year and the 3 preceding years: (a) gross sales, (b) cost of goods sold, (c) gross profits, (d) percentage of gross profits to gross sales, (e) amount collected, and (f) gross profit on amount collected.

Line 2—Cost of Goods Sold

See the instructions for Schedule A.

Line 4—Net Gain (Loss) From Form 4797

Caution: Include only ordinary gains or losses from the sale, exchange, or involuntary conversion of assets used in a trade or business activity. Ordinary gains or losses from the sale, exchange, or involuntary conversions of assets of rental activities must be reported separately on Schedule K as part of the net income (loss) from the rental activity in which the property was used.

In addition to the ordinary gains or losses reported on line 4 from the corporation's attached Form 4797, Sales of Business Property, a corporation that is a partner in a partnership must include its partnership share of ordinary gains (losses) from sales, exchanges, or involuntary or compulsory conversions (other than casualties or thefts) of the partnership's trade or business assets.

Do not include any recapture of the section 179 expense deduction. See the instructions for Schedule K-1, line 20, item 6, and for Form 4797 for more information.

Line 5—Other Income

Enter on line 5 trade or business income (loss) that is not included on lines 1a through 4. Examples of such income include: (a) interest income derived in the ordinary course of the corporation's trade or business, such as interest charged on receivable balances; (b) recoveries of bad debts deducted in earlier years under the specific charge-off method; (c) taxable income from insurance proceeds; and (d) the amount of credit figured on Form 6478, Credit for Alcohol Used as Fuel.

Also include on line 5 all section 481 income adjustments resulting from changes in accounting methods. Show the computation of the section 481 adjustment on an attached schedule. Do not include items requiring separate computations by shareholders that must be reported on Schedule K. (See the instructions for Schedules K and K-1.) Do not offset current year's taxes with tax refunds.

The corporation must include as other income the recapture amount for section 280F if the business use of listed property drops to 50% or less. See section 280F(b)(2). To figure the recapture amount, the corporation must complete Part V of Form 4797.

If "other income" consists of only one item, identify it by showing the account caption in parentheses on line 5. A separate schedule need not be attached to the return in this case.

Do not net any expense item (such as interest) with a similar income item. Report all trade or business expenses on lines 7 through 19.

Deductions

Caution: Report *only* trade or business activity expenses on lines 7 through 19. **Do not report rental activity expenses or deductions allocable to portfolio income on these lines.** Rental activity expenses are separately reported on Form 8825 or line 3 of Schedules K and K-1. Deductions allocable to portfolio income are separately reported on line 9 of Schedules K and K-1. See the instructions on **Passive Activity Limitations** beginning on page 5 for more information on rental activities and portfolio income.

Limitations on Deductions

Section 263A uniform capitalization rules.—The uniform capitalization rules of section 263A require corporations to capitalize or include in inventory certain costs incurred in connection with the production of real and personal tangible property held in inventory or held for sale in the ordinary course of business. Tangible personal property produced by a corporation includes a film, sound recording, video tape, book, or similar property. The rules also apply to personal property (tangible and intangible) acquired for resale. Corporations subject to the rules are required to capitalize not only direct costs but an allocable portion of most indirect costs (including taxes) that benefit the assets produced or acquired for resale.

Interest expense paid or incurred during the production period of certain property must be capitalized and is governed by special rules. For more information, see Notice 88-99, 1988-2 C.B. 422. The uniform capitalization rules also apply to the production of property constructed or improved by a corporation for use in its trade or business or in an activity engaged in for profit.

Section 263A does not apply to personal property acquired for resale if the taxpayer's annual average gross receipts are \$10 million or less. It does not apply to timber or to most property produced under a long-term contract. Special rules apply to certain corporations engaged in farming (see below). The rules do not apply to property that is produced for use by the taxpayer if substantial construction occurred before March 1, 1986.

In the case of inventory, some of the indirect costs that must be capitalized are: administration expenses; taxes; depreciation; insurance; compensation paid to officers attributable to services; rework labor; and contributions to pension, stock bonus, and certain profit-sharing, annuity, or deferred compensation plans.

The costs required to be capitalized under section 263A are not deductible until the property to which the costs relate is sold, used, or otherwise disposed of by the corporation.

Research and experimental costs under section 174, intangible drilling costs for oil and gas and geothermal property, and mining exploration and development costs are separately reported to shareholders for purposes of determinations under section 59(e). Temporary Regulations section 1.263A-1T specifies other indirect costs that may be currently deducted and those that must be capitalized with respect to production or resale activities. For more information, see Temporary Regulations section 1.263A-1T; Notice 88-86, 1988-2 C.B. 401; and Notice 89-67, 1989-1 C.B. 723.

Special rules for certain corporations engaged in farming.—For S corporations not required to use the accrual method of accounting, the rules of section 263A do not apply to expenses of raising (a) any animal or (b) any plant that has a preproductive period of 2 years or less. Shareholders of S corporations not required to use the accrual method of accounting may elect to currently deduct the preproductive period expenses of certain plants that have a preproductive period of more than 2 years. Because the election to deduct these expenses is made by the shareholder, the farming corporation should not capitalize such preproductive expenses but should separately report these expenses on line 18 of Schedule K, and each shareholder's share on line 20 of Schedule K-1. See sections 263A(d) and (e) and Temporary Regulations section 1.263A-1T(c) for definitions and other details. Also see Notice 88-24, 1988-1 C.B. 491 and Notice 89-67.

Transactions between related taxpayers.—Generally, an accrual basis S

corporation may deduct business expenses and interest owed to a related party (including any shareholder) **only** in the tax year of the corporation that includes the day on which the payment is included in the income of the related party. See section 267 for details.

Section 291 limitations.—If the S corporation was a C corporation for any of the 3 immediately preceding years, the corporation may be required to adjust deductions allowed to the corporation for depletion of iron ore and coal, and the amortizable basis of pollution control facilities. See section 291 to determine the amount of the adjustment.

Business start-up expenses.—Business start-up expenses must be capitalized. An election may be made to amortize them over a period of not less than 60 months. See section 195.

Line 7—Compensation of Officers

Enter on line 7 the total compensation of all officers paid or incurred in the trade or business activities of the corporation, including fringe benefit expenditures made on behalf of officers owning more than 2% of the corporation's stock. Also report these fringe benefits as wages in Box 10 of Form W-2. Do not include on line 7 amounts paid or incurred for fringe benefits of officers owning 2% or less of the corporation's stock. These amounts are reported on line 18, page 1, of Form 1120S. See the instructions for that line for information on the types of expenditures that are treated as fringe benefits and for the stock ownership rules.

If you report amounts on line 7 that were paid for insurance that constitutes medical care for a more than 2% shareholder, that shareholder's spouse, and that shareholder's dependents, the shareholder may be allowed a deduction of up to 25% of such amounts on Form 1040, line 26. Report the amount paid for medical insurance for that shareholder as an information item in Box 18 of his or her Form W-2.

Do not include on line 7 compensation reported elsewhere on the return, such as amounts included in cost of goods sold, elective contributions to a section 401(k) cash or deferred arrangement, or amounts contributed under a salary reduction SEP agreement.

Line 8—Salaries and Wages

Enter on line 8a the amount of salaries and wages paid or incurred for the tax year, including fringe benefit expenditures made on behalf of employees (other than officers) owning more than 2% of the corporation's stock. Also report these fringe benefits as wages in Box 10 of Form W-2. Do not include on line 8a amounts paid or incurred for fringe benefits of employees owning 2% or less of the corporation's stock. These amounts are reported on line 18, page 1, of Form 1120S. See the instructions for that line for information on the types of expenditures that are treated as fringe benefits and for the stock ownership rules.

If you report amounts on line 8a that were paid for insurance that constitutes medical care for a more than 2% shareholder, that shareholder's spouse, and that shareholder's dependents, the shareholder may be allowed a deduction of up to 25% of such amounts on Form 1040, line 26. Report the amount paid for medical insurance for that shareholder as an information item in Box 18 of his or her Form W-2.

Do not include on line 8a salaries and wages reported elsewhere on the return, such as amounts included in cost of goods sold, elective contributions to a section 401(k) cash or deferred arrangement, or amounts contributed under a salary reduction SEP agreement.

Enter on line 8b the applicable jobs credit from **Form 5884**, Jobs Credit. See the instructions for Form 5884 for more information.

If a shareholder or a member of the family of one or more shareholders of the corporation renders services or furnishes capital to the corporation for which reasonable compensation is not paid, the IRS may make adjustments in the items taken into account by such individuals and the value of such services or capital. See section 1366(e).

Line 9—Repairs

Enter the cost of incidental repairs, such as labor and supplies, that do not add to the value of the property or appreciably prolong its life, but only to the extent that such repairs relate to a trade or business activity and are not claimed elsewhere on the return. New buildings, machinery, or permanent improvements that increase the value of the property are not deductible. They are chargeable to capital accounts and may be depreciated or amortized.

Do not include any section 179 expense deduction on this line. See the instructions for line 8 of Schedules K and K-1 for details on reporting these items to shareholders.

Line 10—Bad Debts

Enter the total debts that became worthless in whole or in part during the year, but only to the extent such debts relate to a trade or business activity.

Caution: *Cash method taxpayers cannot take a bad debt deduction unless the amount was previously included in income.*

Line 11—Rents

If the corporation rented or leased a vehicle, enter the total annual rent or lease expense paid or incurred in the trade or business activities of the corporation. Also complete Part V of **Form 4562**, Depreciation and Amortization. If the corporation leased a vehicle for a term of 30 days or more, the deduction for vehicle lease expense may have to be reduced by an amount called the **inclusion amount**. You may have an inclusion amount if—

And the vehicle's fair market value on the first day of the lease exceeded:

The lease term began:

After 12/31/86	\$12,800
After 4/2/85 but before 1/1/87	\$28,000
After 6/18/84 but before 4/3/85	\$40,500

See **Pub. 917**, Business Use of a Car, for instructions on how to figure the inclusion amount.

Line 12—Taxes

Enter taxes paid or incurred in the trade or business activities of the corporation, if not reflected in cost of goods sold. Federal import duties and Federal excise and stamp taxes are deductible only if paid or incurred in carrying on the trade or business of the corporation. Taxes incurred in the production or collection of income, or for the management, conservation, or maintenance of property held for the production of income are not deductible on line 12. Report these taxes separately on Schedules K and K-1, line 10.

Do not deduct taxes, including state and local sales taxes, paid or accrued in connection with the acquisition or disposition of business property. These taxes must be added to the cost of the property, or in the case of a disposition, subtracted from the amount realized. See section 164.

Do not deduct taxes assessed against local benefits that increase the value of the property assessed (such as for paving, etc.); Federal income taxes; estate, inheritance, legacy, succession, and gift taxes; or taxes reported elsewhere on the return.

Do not deduct section 901 foreign taxes. These taxes are reported separately on line 15e, Schedule K.

See section 263A(a) for information on capitalization of allocable costs (including taxes) for any property.

Line 13—Interest

Include on line 13 only interest incurred in the trade or business activities of the corporation that is not claimed elsewhere on the return.

Do not include interest expense on debt used to purchase rental property or debt used in a rental activity. Interest allocable to a rental real estate activity is reported on Form 8825 and is used in arriving at net income (loss) from rental real estate activities on line 2 of Schedules K and K-1. Interest allocable to a rental activity other than a rental real estate activity is included on line 3b of Schedule K and is used in arriving at net income (loss) from a rental activity (other than a rental real estate activity). This net amount is reported on line 3c of Schedule K and line 3 of Schedule K-1.

Do not include interest expense that is clearly and directly allocable to portfolio or investment income. This interest expense is reported separately on line 11a of Schedule K.

Do not include interest on debt proceeds allocated to distributions made to shareholders during the tax year. Instead, report such interest on line 10 of Schedules K and K-1. To determine the amount to allocate to distributions to shareholders, see Notice 89-35, 1989-1 C.B. 675.

Do not include interest expense on debt required to be allocated to the production of qualified property. Interest that is allocable to certain property produced by an S corporation for its own use or for sale must be capitalized. The corporation must also capitalize any interest on debt that is allocable to an asset used to produce the above property. A shareholder may have to capitalize interest that the shareholder incurs during the tax year for the production expenditures of the S corporation. Similarly, interest incurred by an S corporation may have to be capitalized by a shareholder for the shareholder's own production expenditures. The information required by the shareholder to properly capitalize interest for this purpose must be provided by the corporation in an attachment for line 20 of Schedule K-1 (see the instructions for Schedule K-1, line 20, item 12). See section 263A(f) and Notice 88-99 for additional information.

Temporary Regulations section 1.163-8T gives rules for allocating interest expense among activities so that the limitations on passive activity losses, investment interest, and personal interest can be properly figured. Generally, interest expense is allocated in the same manner as debt is allocated. Debt is allocated by tracing disbursements of the debt proceeds to specific expenditures. These regulations give rules for tracing debt proceeds to expenditures.

Generally, prepaid interest can only be deducted over the period to which the prepayment applies. See section 461(g) for details.

Line 14—Depreciation

Enter on line 14a only the depreciation claimed on assets used in a trade or business activity. See the Instructions for Form 4562 or **Pub. 534**, Depreciation, to figure the amount of depreciation to enter on this line. For depreciation, you must complete and attach Form 4562 only if the corporation placed property in service during 1991 or claims depreciation on any car or other listed property.

Do not include any section 179 expense deduction on this line. This amount is not deductible by the corporation. Instead, it is passed through to the shareholders on line 8 of Schedule K-1.

Line 15—Depletion

If the corporation claims a deduction for timber depletion, complete and attach **Form T**, Forest Industries Schedules.

Caution: Do not report depletion deductions for oil and gas properties on this line. Each shareholder figures depletion on these properties under section 613A(c)(11). See the instructions for line 20

of Schedule K-1 for information on oil and gas depletion that must be supplied to the shareholders by the corporation.

Line 17—Pension, Profit-Sharing, etc., Plans

Enter the deductible contributions not claimed elsewhere on the return made by the corporation for its employees under a qualified pension, profit-sharing, annuity, or simplified employee pension (SEP) plan, and under any other deferred compensation plan.

If the corporation contributes to an individual retirement arrangement (IRA) for employees, include the contribution in salaries and wages on page 1, line 8a, or Schedule A, line 3, and not on line 17.

Employers who maintain a pension, profit-sharing, or other funded deferred compensation plan, whether or not qualified under the Internal Revenue Code and whether or not a deduction is claimed for the current tax year, generally are required to file one of the forms listed below:

Form 5500, Annual Return/Report of Employee Benefit Plan (with 100 or more participants).

Form 5500-C/R, Return/Report of Employee Benefit Plan (with fewer than 100 participants).

Form 5500EZ, Annual Return of One-Participant (Owners and Their Spouses) Pension Benefit Plan. Complete this form for a one-participant plan.

There are penalties for failure to file these forms on time and for overstating the pension plan deduction.

Line 18—Employee Benefit Programs

Enter amounts for fringe benefits paid or incurred on behalf of employees owning 2% or less of the corporation's stock. These fringe benefits include (a) up to \$5,000 paid by reason of an employee's death to his estate or beneficiary, (b) employer contributions to certain accident and health plans, (c) the cost of up to \$50,000 of group-term life insurance on an employee's life, and (d) meals and lodging furnished for the employer's convenience.

Do not deduct amounts that are an incidental part of a pension, profit-sharing, etc., plan included on line 17 or amounts reported elsewhere on the return.

Report amounts paid on behalf of more than 2% shareholders on line 7 or 8 of Form 1120S, whichever applies. A shareholder is considered to own more than 2% of the corporation's stock if that person owns on any day during the tax year more than 2% of the outstanding stock of the corporation or stock possessing more than 2% of the combined voting power of all stock of the corporation. See section 318 for attribution rules.

Line 19—Other Deductions

Attach a separate sheet listing all allowable deductions related to any trade or business activity for which there is no line on page 1 of the return. Enter the total on this line. Do not include those items that must be reported separately on Schedules K and K-1.

An S corporation may not take the deduction for net operating losses provided by section 172 or the special deductions in sections 241 through 249 (except the election to amortize organizational expenditures under section 248). Subject to limitations, the corporation's net operating loss is allowed as a deduction from the shareholders' gross income. See section 1366.

Do not include qualified expenditures to which an election under section 59(e) may apply. See instructions for lines 16a and 16b of Schedule K-1 for details on treatment of these items.

Include on line 19 the deduction taken for amortization. See instructions for Form 4562 for more information. You must complete and attach Form 4562 if the corporation is claiming amortization of costs that begin during its 1991 tax year.

In most cases, you may not take a deduction for any part of any item allocable to a class of exempt income. (See section 265 for exceptions.) Items directly attributable to wholly exempt income must be allocated to that income. Items directly attributable to any class of taxable income must be allocated to that taxable income.

If an item is indirectly attributable both to taxable income and to exempt income, allocate a reasonable proportion of the item to each, based on all the facts in each case.

Attach a statement showing (a) the amount of each class of exempt income and (b) the amount of expense items allocated to each such class. Show the amount allocated by apportionment separately.

Section 464(f) limits the deduction for certain expenditures of S corporations engaged in farming that use the cash method of accounting, and whose prepaid expenses for feed, seed, fertilizer, and other farm supplies, and the cost of poultry are more than 50% of other deductible farming expenses. Generally, any excess (amount over 50%) may be deducted only in the tax year the items are actually used or consumed. See section 464(f) for more information.

Generally, the corporation can deduct only 80% of the amount otherwise allowable for meals and entertainment expenses paid or incurred in its trade or business. In addition, meals must not be lavish or extravagant; a bona fide business discussion must occur during, immediately before, or immediately after the meal; and an employee of the corporation must be present at the meal. See section 274(k)(2) for exceptions.

Additional limitations apply to deductions for gifts, skybox rentals, luxury water

travel, convention expenses, and entertainment tickets. See section 274 and **Pub. 463**, Travel, Entertainment, and Gift Expenses, for details.

Generally, a corporation can deduct all other ordinary and necessary travel and entertainment expenses paid or incurred in its trade or business. However, it cannot deduct an expense paid or incurred for a facility (such as a yacht or hunting lodge) that is used for an activity that is usually considered entertainment, amusement, or recreation.

Note: The corporation may be able to deduct the expense if the amount is treated as compensation and reported on Form W-2 for an employee or on Form 1099-MISC for an independent contractor.

Do not deduct penalties imposed on the corporation such as those included in the

General Instruction on Interest and Penalties.

Line 21—Ordinary Income (Loss)

This is nonseparately computed income or loss as defined in section 1366(a)(2) attributable to trade or business activities of the corporation. This income or loss is entered on line 1 of Schedule K.

Line 21 income is not used in figuring the tax on line 22a or 22b. See the instructions for line 22a for figuring taxable income for purposes of line 22a or 22b tax.

Line 22a—Excess Net Passive Income Tax

If the corporation has always been an S corporation, the excess net passive income tax does not apply to the corporation. If the corporation has subchapter C earnings and profits (defined

in section 1362(d)(3)(B)) at the close of its tax year, has passive investment income for the tax year that is in excess of 25% of gross receipts, and has taxable income at year end, the corporation must pay a tax on the excess net passive income. Complete lines 1 through 3 and line 9 of the worksheet below to make this determination. If line 2 is greater than line 3 and the corporation has taxable income (see instructions for line 9 of worksheet), it must pay the tax. Complete a separate schedule using the format of lines 1 through 11 of the worksheet below to figure the tax. Enter the tax on line 22a, page 1, Form 1120S, and attach the computation schedule to Form 1120S.

Reduce each item of passive income passed through to shareholders by its portion of tax on line 22a. See section 1366(f)(3).

Worksheet for Line 22a

- | | | |
|---|--|---|
| <p>1. Enter gross receipts for the tax year (see section 1362(d)(3)(C) for gross receipts from the sale of capital assets)* _____</p> <p>2. Enter passive investment income as defined in section 1362(d)(3)(D)* _____</p> <p>3. Enter 25% of line 1 (if line 2 is less than line 3, stop here. You are not liable for this tax.) _____</p> | <p>4. Excess passive investment income— Subtract line 3 from line 2 _____</p> <p>5. Enter deductions directly connected with the production of income on line 2 (see section 1375(b)(2))* _____</p> <p>6. Net passive income—Subtract line 5 from line 2 _____</p> <p>7. Divide amount on line 4 by amount on line 2 _____ %</p> | <p>8. Excess net passive income—Multiply line 6 by line 7 _____</p> <p>9. Enter taxable income (see instructions for taxable income below) _____</p> <p>10. Enter smaller of line 8 or line 9 _____</p> <p>11. Excess net passive income tax—Enter 34% of line 10. Enter here and on line 22a, page 1, Form 1120S _____</p> |
|---|--|---|

*Income and deductions on lines 1, 2, and 5 are from total operations for the tax year. This includes applicable income and expenses from page 1, Form 1120S, as well as those reported separately on Schedule K. See sections 1362(d)(3)(D) and 1375(b)(4) for exceptions regarding lines 2 and 5.

Line 9 of Worksheet.—Taxable income.—

Line 9 taxable income is defined in Regulations section 1.1374-1A(d). Figure this income by completing lines 1 through 28 of **Form 1120**, U.S. Corporation Income Tax Return. Include the Form 1120 computation with the worksheet computation you attach to Form 1120S. You do not have to attach the schedules, etc., called for on Form 1120. However, you may want to complete certain Form 1120 schedules, such as Schedule D (Form 1120), if you have capital gains or losses.

Line 22b—Tax From Schedule D (Form 1120S)

If the corporation elected to be an S corporation before 1987 (or elected to be an S corporation during 1987 or 1988 and qualifies for transitional relief from the built-in gains tax), see instructions for Part III of Schedule D (Form 1120S) to determine if the corporation is liable for the capital gains tax.

If the corporation made its election to be an S corporation after 1986, see the instructions for Part IV of Schedule D to determine if the corporation is liable for the built-in gains tax.

Note: For purposes of line 13 of Part III and line 17 of Part IV of Schedule D, taxable income is defined in section 1375(b)(1)(B) and is generally figured in the same manner as taxable income for line 9 of the worksheet above for line 22a of Form 1120S.

Line 22c

Include in the total for line 22c the following:

Investment credit recapture tax.— Section 1371(d) provides that an S corporation is liable for investment credit recapture attributable to credits allowed for tax years for which the corporation was not an S corporation.

Figure the corporation's investment credit recapture tax by completing **Form 4255**, Recapture of Investment Credit. Include the tax in the total amount to be entered on line 22c. Write to the left of the line 22c total the amount of recapture tax and the words "Tax From Form 4255," and attach Form 4255 to Form 1120S.

LIFO recapture tax.—If the corporation used the LIFO inventory pricing method for its last tax year as a C corporation, the corporation may be liable for the additional tax due to LIFO recapture under section 1363(d).

The LIFO recapture tax is figured for the last tax year the corporation was a C corporation. See the Instructions for Forms 1120 and 1120-A for details. The LIFO tax is paid in four equal installments. The first installment is due with the corporation's Form 1120 (or 1120-A) for the corporation's last tax year as a C corporation, and each of the remaining installments is paid with the corporation's Form 1120S for the 3 succeeding tax years. Include this year's installment in the total amount to be entered on line 22c, page 1, Form 1120S. Write to the left of the total on line 22c the installment amount and the words "LIFO tax."

Interest due under the look-back method for completed long-term contracts.—If the corporation completed

Form 8697, Interest Computation Under the Look-Back Method for Completed Long-Term Contracts, and owes interest, write to the left of the line 22c total the amount of interest and "From Form 8697." Attach the completed form to Form 1120S.

Line 23d

If the S corporation is a beneficiary of a trust and the trust makes a section 643(g) election to credit its estimated tax overpayments to its beneficiaries, include the corporation's share of the overpayment (reported to the corporation on Schedule K-1 (Form 1041)) in the total amount entered on line 23d. Also, to the left of line 23d, write "T" and the amount of the overpayment.

Schedule A—Cost of Goods Sold

Section 263A Uniform Capitalization Rules

The uniform capitalization rules of section 263A are discussed under **Limitations on Deductions** on page 9. See those instructions before completing Schedule A.

Line 4—Additional Section 263A Costs

An entry is required on this line only for corporations that have elected a simplified method of accounting. For corporations that have elected the simplified production method, additional section 263A costs are generally those costs, other than interest, that were not capitalized or included in inventory costs under the corporation's method of accounting immediately prior to the effective date in Temporary Regulations section 1.263A-1T that are now required to be capitalized under section 263A. For corporations that have elected a simplified resale method, additional section 263A costs are generally those costs incurred with respect to the following categories: off-site storage or warehousing; purchasing; handling, processing, assembly, and repackaging; and general and administrative costs (mixed service costs). Enter on line 4 the balance of section 263A costs paid or incurred during the tax year not included on lines 2 and 3. See Temporary Regulations section 1.263A-1T for more information.

Line 5—Other Costs

Enter on line 5 any other inventoriable costs paid or incurred during the tax year not entered on lines 2 through 4.

Line 7—Inventory At End of Year

See Temporary Regulations section 1.263A-1T for details on figuring the amount of additional section 263A costs to be capitalized and added to ending inventory.

Lines 9a through 9e—Inventory Valuation Methods

Inventories can be valued at (a) cost, (b) cost or market value (whichever is lower), or (c) any other method approved by the IRS that conforms to the provisions of the applicable regulations cited below.

Taxpayers using erroneous valuation methods must change to a method permitted for Federal income tax purposes. To make this change, file Form 3115. For more information, see Regulations section 1.446-1(e)(3) and Rev. Proc. 84-74, 1984-2 C.B. 736; Notice 88-78, 1988-2 C.B. 394; and Notice 89-67.

On line 9a, check the method(s) used for valuing inventories. Under "lower of cost or market," *market* generally applies to normal market conditions when there is a current bid price prevailing at the date the inventory is valued. When no regular open market exists or when quotations are nominal because of inactive market conditions, use fair market prices from the most reliable sales or purchase transactions that occurred near the date the inventory is valued. For additional requirements, see Regulations section 1.471-4 and Notice 88-86, 1988-2 C.B. 401 (section IV(N)).

Inventory may be valued below cost when the merchandise is unsalable at normal prices or unusable in the normal

way because the goods are "subnormal" (i.e., because of damage, imperfections, shop wear, etc.) within the meaning of Regulations section 1.471-2(c). Such goods may be valued at a current bona fide selling price less direct cost of disposition (but not less than scrap value) when the taxpayer can establish such a price. See Regulations section 1.471-2(c) for additional requirements.

If this is the first year the "last-in-first-out" (LIFO) inventory method was either adopted or extended to inventory goods not previously valued under the LIFO method, as provided in section 472, attach **Form 970**, Application To Use LIFO Inventory Method, or a statement showing the information required by Form 970, with Form 1120S and check the LIFO box in line 9b. On line 9c, enter the amount or percent (estimates may be used) of total closing inventories covered under section 472.

If you have changed or extended your inventory method to LIFO and have had to "write up" your opening inventory to cost in the year of election, report the effect of this writeup as income (line 5, page 1) proportionately over a 3-year period that begins in the tax year you made this election. (See section 472(d).)

Schedule B—Other Information

Be sure to answer the questions and provide other information in items 1 through 10.

Line 5—Foreign Financial Accounts

Check the "Yes" box if either 1 or 2 below applies to the corporation. Otherwise, check the "No" box.

1. At any time during the year, the corporation had an interest in or signature or other authority over a financial account in a foreign country (such as a bank account, securities account, or other financial account); AND

• The combined value of the accounts was more than \$10,000 during the year; AND

• The account was NOT with a U.S. military banking facility operated by a U.S. financial institution.

2. The corporation owns more than 50% of the stock in any corporation that would answer "Yes" to item 1 above.

Get form **TD F 90-22.1**, Report of Foreign Bank and Financial Accounts, to see if the corporation is considered to have an interest in or signature or other authority over a financial account in a foreign country (such as a bank account, securities account, or other financial account).

If "Yes" is checked for this question, file form TD F 90-22.1 by June 30, 1992, with the Department of the Treasury at the address shown on the form. Form TD F 90-22.1 is not a tax return, so do not file it with Form 1120S. Form TD F 90-22.1 may

be ordered by calling our toll-free number, 1-800-829-3676.

Also, if "Yes" is checked for this question, enter the name of the foreign country or countries. Attach a separate sheet if you need more space.

Line 9

Complete line 9 if the corporation: (a) filed its election to be an S corporation after 1986; (b) was a C corporation before it elected to be an S corporation or the corporation acquired an asset with a basis determined by reference to its basis (or the basis of any other property) in the hands of a C corporation; and (c) has net unrealized built-in gain (defined below) in excess of the net recognized built-in gain from prior years.

The corporation is liable for section 1374 tax if (a), (b), and (c) above apply and it has a net recognized built-in gain (section 1374(d)(2)) for its tax year.

Section 633(d)(8) of the Tax Reform Act of 1986 provides transitional relief from the built-in gains for certain corporations that elected to be S corporations in 1987 or 1988. However, the relief rule does not apply to ordinary gains or losses (determined without regard to section 1239), gains or losses from the disposition of capital assets held 6 months or less, and gains from the disposition of any asset acquired by the corporation with a substituted basis if a principal purpose for acquiring the asset was to secure transitional relief from the built-in gains tax. See the instructions for Part IV of Schedule D (Form 1120S) for more information.

The corporation's "net unrealized built-in gain" is the amount, if any, by which the fair market value of the assets of the corporation at the beginning of its first S corporation year (or as of the date the assets were acquired, for any asset with a basis determined by reference to its basis (or the basis of any other property) in the hands of a C corporation) exceeds the aggregate adjusted basis of such assets at that time.

Enter on line 9 the corporation's net unrealized built-in gain reduced by the net recognized built-in gain for prior years. See sections 1374(c)(2) and (d)(1).

Line 10

Check the box on line 10 if the corporation was a C corporation in a prior year and has subchapter C earnings and profits (E&P) at the close of its 1991 tax year. For this purpose, "subchapter C E&P" means E&P of any corporation for any tax year when it was not an S corporation. See sections 1362(d)(3)(B) and 312 for other details. If the corporation has subchapter C E&P, it may be liable for tax imposed on excess net passive income. See the instructions for line 22a, page 1, of Form 1120S for details on this tax.

Designation of Tax Matters Person (TMP)

If the S corporation is subject to sections 6241 through 6245 (consolidated audit

procedures), it may designate a shareholder as the TMP for the tax year for which the return is filed by completing the **Designation of Tax Matters Person** section at the bottom of page 2 of Form 1120S. Temporary Regulations section 301.6241-1T provides an exception to the consolidated provisions for small S corporations with 5 or fewer shareholders each of whom is a natural person or an estate. See the instructions for **Item G, Consolidated Audit Procedures**, on page 8, sections 6241 through 6245, and Temporary Regulations section 301.6241-1T for other details.

General Instructions For Schedules K and K-1—Shareholders' Shares of Income, Credits, Deductions, Etc.

Purpose of Schedules

The corporation is liable for taxes on lines 22a, b, and c, page 1, Form 1120S. Shareholders are liable for income tax on their shares of the corporation's income (reduced by any taxes paid by the corporation on income) and must include their share of the income on their tax return whether or not it is distributed to them. Unlike most partnership income, S corporation income is **not** self-employment income and is not subject to self-employment tax.

Schedule K is a summary schedule of all the shareholders' shares of the corporation's income, deductions, credits, etc. Schedule K-1 shows each shareholder's separate share. A copy of each shareholder's Schedule K-1 must be attached to the Form 1120S filed with the IRS. A copy is kept as a part of the corporation's records, and the corporation must give each shareholder a separate copy.

The total pro rata share items (column (b)) of all Schedules K-1 should equal the amount reported on the same line of Schedule K. Lines 1 through 17 of Schedule K correspond to lines 1 through 17 of Schedule K-1. Other lines do not correspond, but instructions will explain the differences.

Be sure to give each shareholder a copy of the Shareholder's Instructions for Schedule K-1 (Form 1120S). These instructions are available, separately from Schedule K-1, at most IRS offices.

Note: *Instructions that apply only to line items reported on Schedule K-1 may be prepared and given to each shareholder in lieu of the instructions printed by the IRS.*

Substitute Forms

You **do not** need IRS approval to use a substitute Schedule K-1 if it is an exact facsimile of the IRS schedule, or if it contains only those lines the taxpayer is required to use, and the lines have the same numbers and titles and are in the

same order as on the comparable IRS Schedule K-1. In either case, your substitute schedule must include the OMB number, and either (a) the Shareholder's Instructions for Schedule K-1 (Form 1120S), or (b) instructions that apply to the items reported on Schedule K-1 (Form 1120S).

Other substitute Schedules K-1 require approval. You may apply for approval of a substitute form by writing to: Internal Revenue Service, Attention: Substitute Forms Program Coordinator, R:R:R, 1111 Constitution Avenue, NW, Washington, DC 20224.

You may be subject to a penalty if you file a substitute Schedule K-1 that does not conform to the specifications of Rev. Proc. 91-16, 1991-1 C.B. 487.

Shareholder's Pro Rata Share Items

Items of income, loss, deductions, etc., are allocated to a shareholder on a daily basis, according to the number of shares of stock held by the shareholder on each day during the tax year of the corporation. See **Item A** below.

A transferee shareholder (rather than the transferor) is considered to be the owner of stock on the day it is transferred.

Special rule.—If a shareholder terminates his or her interest in a corporation during the tax year, the corporation, with the consent of all shareholders (including the one whose interest is terminated), may elect to allocate income and expenses, etc., as if the corporation's tax year consisted of 2 tax years, the first of which ends on the date of the shareholder's termination. To make the election, the corporation must file a statement of election with the return for the tax year of election and attach a statement of consent signed by all shareholders. If the election is made, write "Section 1377(a)(2) Election Made" at the top of each Schedule K-1. See section 1377(a)(2) and Temporary Regulations section 18.1377-1 for details.

Specific Instructions (Schedule K Only)

Enter the total pro rata share amount for each applicable line item on Schedule K.

Specific Instructions (Schedule K-1 Only)

General Information

On each Schedule K-1, complete the date spaces at the top; enter the names, addresses, and identifying numbers of the shareholder and corporation; complete items A through D; and enter the shareholder's pro rata share of each item. **Schedule K-1 must be prepared and given to each shareholder on or before the day on which Form 1120S is filed.**

Note: *Space has been provided on line 20 (Supplemental Information) of Schedule*

K-1 for the corporation to provide additional information to shareholders. This space, if sufficient, should be used in place of any attached schedules required for any lines on Schedule K-1, or other amounts not shown on lines 1 through 19 of Schedule K-1. Please be sure to identify the applicable line number next to the information entered below line 20.

Specific Items

Item A

If there was no change in shareholders or in the relative interest in stock the shareholders owned during the tax year, enter the percentage of total stock owned by each shareholder during the tax year. For example, if shareholders X and Y each owned 50% for the entire tax year, enter 50% in item A for each shareholder. Each shareholder's pro rata share items (lines 1 through 17 of Schedule K-1) are figured by multiplying the Schedule K amount on the corresponding line of Schedule K by the percentage in item A.

If there was a change in shareholders or in the relative interest in stock the shareholders owned during the tax year, each shareholder's percentage of ownership is weighted for the number of days in the tax year that stock was owned. For example, A and B each held 50% for half the tax year and A, B, and C held 40%, 40%, and 20%, respectively, for the remaining half of the tax year. The percentage of ownership for the year for A, B, and C is figured as follows and is then entered in item A.

	a		b		c (a × b)	
	% of total stock owned	% of tax year held	% of ownership for the year			
A	50 40	50 50	25 -20			45
B	50 40	50 50	25 -20			45
C	20	50	10			10
Total					100%	

If there was a change in shareholders or in the relative interest in stock the shareholders owned during the tax year, each shareholder's pro rata share items can also be figured on a daily basis, based on the percentage of stock held by the shareholder on each day. See sections 1377(a)(1) and (2) for details.

Item B

Enter the Internal Revenue service center address where the Form 1120S, to which a copy of this K-1 was attached, was or will be filed.

Item C

If the corporation is a registration-required tax shelter, it must enter its tax shelter registration number in item C(1) and identify the type of shelter in C(2). If the corporation invested in a registration-required shelter, the corporation must also attach a copy of its Form 8271 to Schedule K-1. See Form

8271 for a list of the types of tax shelters and for more information.

Special Reporting Requirements for Corporations With Multiple Activities

If items of income, loss, deduction, or credit from more than one activity (determined for purposes of the passive activity loss and credit limitations) are reported on lines 1, 2, or 3 of Schedule K-1, the corporation must provide information for each activity to its shareholders. See **Passive Activity Reporting Requirements** on page 7 for details on the reporting requirements.

Special Reporting Requirements for At-Risk Activities

If the corporation is involved in one or more at-risk activities for which a loss is reported on Schedule K-1, the corporation must report information separately for each at-risk activity. See section 465(c) for a definition of at-risk activities.

For each at-risk activity, the following information must be provided on an attachment to Schedule K-1:

1. A statement that the information is a breakdown of at-risk activity loss amounts.
2. The identity of the at-risk activity; the loss amount for the activity; other income, deductions; and other information that relates to the activity.

Specific Instructions (Schedules K and K-1, Except as Noted)

Income (Loss)

Reminder: Before entering income items on Schedule K or K-1, be sure to reduce the items of income for the following:

1. **Built-in gains tax (Schedule D, Part IV, line 23).**—Each recognized built-in gain item (within the meaning of section 1374(d)(3)) is reduced by its proportionate share of the built-in gains tax.
2. **Capital gains tax (Schedule D, Part III, line 15).**—The net long-term capital gain on line 6 of Schedule D or the section 1231 gain included on line 5 or 6 of Schedule K is reduced by this tax.
3. **Excess net passive income tax (line 22a, page 1, Form 1120S).**—Each item of passive investment income (within the meaning of section 1362(d)(3)(D)) is reduced by its proportionate share of the net passive income tax.

Line 1—Ordinary Income (Loss) From Trade or Business Activities

Enter the amount from line 21, page 1. Enter the income or loss without reference to (a) shareholders' basis in the stock of the corporation and in any indebtedness of the corporation to the shareholders (section 1366(d)), (b) shareholders' at-risk limitations, and (c) shareholders' passive activity limitations. These limitations, if

applicable, are determined at the shareholder level.

If the corporation is involved in more than one trade or business activity, see **Passive Activity Reporting Requirements** on page 7 for details on the information to be reported for each activity. If an at-risk activity loss is reported on line 1, see **Special Reporting Requirements for At-Risk Activities** on this page.

Line 2—Net Income (Loss) From Rental Real Estate Activities

Enter the net income or loss from rental real estate activities of the corporation from **Form 8825**, Rental Real Estate Income and Expenses of a Partnership or an S Corporation. Each Form 8825 has space for reporting the income and expenses of up to 8 properties.

If the corporation has income or loss from more than one rental real estate activity reported on line 2, see **Passive Activity Reporting Requirements** on page 7 for details on the information to be reported for each activity. If an at-risk activity loss is reported on line 2, see **Special Reporting Requirements for At-Risk Activities** on this page.

If a loss from a qualified low-income housing project is reported on line 2, identify this loss on a statement attached to the Schedule K-1 of each shareholder who is a qualified investor in the project. Any loss sustained by a qualified investor in a qualified low-income housing project for any tax year in the relief period is not subject to the passive activity loss limitations under section 502 of the Tax Reform Act of 1986. See Act section 502 for definitions and other information on qualified low-income housing projects.

Line 3—Income and Expenses of Other Rental Activities

Enter on lines 3a and 3b of Schedule K (line 3 of Schedule K-1) the income and expenses of rental activities other than the income and expenses reported on Form 8825. If the corporation has more than one rental activity reported on line 3, see **Passive Activity Reporting Requirements** on page 7 for details on the information to be reported for each activity. If an at-risk activity loss is reported on line 3, see **Special Reporting Requirements for At-Risk Activities** on this page. Also see **Rental activities** on page 6 for a definition and other details on other rental activities.

Lines 4a Through 4f—Portfolio Income (Loss)

Enter portfolio income (loss) on lines 4a through 4f. See **Portfolio income** on page 6 for a definition of portfolio income. Do not reduce portfolio income by expenses allocated to it. Such expenses (other than interest expense) are reported on line 9 of Schedules K and K-1. Interest expense allocable to portfolio income is generally investment interest expense and is reported on line 11a of Schedules K and K-1.

Lines 4a and 4b.—Enter only taxable interest and dividends that are portfolio income. Interest income derived in the ordinary course of the corporation's trade or business, such as interest charged on receivable balances, is reported on line 5, page 1, Form 1120S. See Temporary Regulations section 1.469-2T(c)(3).

Lines 4d and 4e.—Enter on line 4d the net short-term capital gain or loss (reduced by any applicable taxes) from line 3 of Schedule D (Form 1120S) that is portfolio income. Enter on line 4e the net long-term capital gain or loss (reduced by any applicable taxes) from line 6 of Schedule D (Form 1120S) that is portfolio income. If any gain or loss from lines 3 and 6 of Schedule D is not portfolio income (e.g., gain or loss from the disposition of nondepreciable personal property used in a trade or business), do not report this income or loss on lines 4d and 4e. Instead, report it on line 6 of Schedules K and K-1. If the income or loss is attributable to more than one activity, report the income or loss amount separately for each activity on an attachment to Schedule K-1 and identify the activity to which the income or loss relates.

Line 4f.—Enter any other portfolio income not reported on lines 4a through 4e.

If the corporation holds a residual interest in a REMIC, report on an attachment for line 4f each shareholder's share of taxable income (net loss) from the REMIC (line 1b of Schedule Q (Form 1066)); excess inclusion (line 2c of Schedule Q (Form 1066)); and section 212 expenses (line 3b of Schedule Q (Form 1066)). Because Schedule Q (Form 1066) is a quarterly statement, the corporation must follow the Schedule Q (Form 1066) Instructions for Residual Holder to figure the amounts to report to shareholders for the corporation's tax year.

Line 5—Net Gain (Loss) Under Section 1231 (Other Than Due to Casualty or Theft)

Enter the gain (loss) under section 1231 shown on line 7 of Form 4797. Do not include net gains or losses from involuntary conversions due to casualties or thefts on this line. Instead, report them on line 6.

Line 6—Other Income (Loss)

Enter any other item of income or loss not included on lines 1 through 5, such as:

1. Recoveries of tax benefit items (section 111).
2. Gambling gains and losses (section 165(d)).
3. Net gain (loss) from involuntary conversions due to casualty or theft. The amount for this item is shown on **Form 4684**, Casualties and Thefts, Section B, line 20a or 20b.
4. Any net gain or loss from section 1256 contracts from **Form 6781**, Gains and Losses From Section 1256 Contracts and Straddles.

Deductions

Line 7—Charitable Contributions

Enter the amount of charitable contributions paid by the corporation during its tax year. Attach an itemized list that separately shows the corporation's charitable contributions subject to the 50%, 30%, and 20% limitations.

If the corporation contributes property other than cash and the deduction claimed for such property exceeds \$500, **Form 8283**, Noncash Charitable Contributions, must be completed and attached to Form 1120S. The corporation must give a copy of its Form 8283 to every shareholder if the deduction for any item or group of similar items of contributed property exceeds \$5,000, even if the amount allocated to any shareholder is \$5,000 or less. If this requirement is not met, the corporation does not have to furnish the shareholders with a copy of its Form 8283. However, the corporation must report each shareholder's pro rata share of the amount of noncash contributions to enable individual shareholders to complete their own Forms 8283. See the Instructions for Form 8283 for more information.

If the corporation made a qualified conservation contribution under section 170(h), also include the fair market value of the underlying property before and after the donation, as well as the type of legal interest contributed, and describe the conservation purpose furthered by the donation. Give a copy of this information to each shareholder.

Line 8—Section 179 Expense Deduction

An S corporation may elect to expense part of the cost of certain tangible property that the corporation purchased during the tax year for use in its trade or business or certain rental activities. See the instructions for Form 4562 for more information.

Complete Part I of Form 4562 to figure the corporation's section 179 expense deduction. The corporation does not deduct the expense itself but passes the expense through to its shareholders. Attach Form 4562 to Form 1120S and show the total section 179 expense deduction on Schedule K, line 8. Report each individual shareholder's pro rata share on Schedule K-1, line 8. Do not complete line 8 of Schedule K-1 for any shareholder that is an estate or trust.

See the instructions for line 20 of Schedule K-1, item 6, for any recapture of a section 179 amount.

Line 9—Deductions Related to Portfolio Income (Loss)

Enter on line 9 the deductions clearly and directly allocable to portfolio income (other than interest expense). Interest expense related to portfolio income is investment interest expense and is reported on line 11a of Schedules K and K-1. Generally, the line 9 expenses are section 212

expenses and are subject to section 212 limitations at the shareholder level.

Note: *No deduction is allowed under section 212 for expenses allocable to a convention, seminar, or similar meeting. Because these expenses are not deductible by shareholders, the corporation does not report these expenses on line 9 or line 10. The expenses are nondeductible and are reported as such on line 18 of Schedule K and line 20 of Schedule K-1.*

Line 10—Other Deductions

Enter any other deductions not included on lines 7, 8, 9, and 15e, such as:

- Amounts (other than investment interest required to be reported on line 11a of Schedules K and K-1) paid by the corporation that would be allowed as itemized deductions on a shareholder's income tax return if they were paid directly by a shareholder for the same purpose. These amounts include, but are not limited to, expenses under section 212 for the production of income other than from the corporation's trade or business.
- Any penalty on early withdrawal of savings not reported on line 9 because the corporation withdrew funds from its time savings deposit before its maturity.
- Soil and water conservation expenditures (section 175).
- Expenditures paid or incurred for the removal of architectural and transportation barriers to the elderly and disabled that the corporation has elected to treat as a current expense. See section 190.
- Interest expense allocated to debt-financed distributions. See Notice 89-35 for more information.
- If there was a gain (loss) from a casualty or theft to property not used in a trade or business or for income producing purposes, provide each shareholder with the needed information to complete Form 4684.

Investment Interest

Lines 11a and 11b must be completed for all shareholders.

Line 11a—Investment Interest Expense

Include on this line the interest properly allocable to debt on property held for investment purposes. Property held for investment includes property that produces investment income (interest, dividends, annuities, royalties, etc.).

Investment interest expense **does not** include interest expense allocable to a passive activity.

Report investment interest expense only on line 11a of Schedules K and K-1.

The amount on line 11a will be deducted by individual shareholders on Form 1040 after applying the investment interest expense limitations of section 163(d). The section 163(d) limitations are figured on **Form 4952**, Investment Interest Expense Deduction.

Lines 11b(1) and 11b(2)—Investment Income and Expenses

Enter on line 11b(1) only the investment income included on line 4 of Schedule K-1. Enter on line 11b(2) only the investment expense included on line 9 of Schedule K-1.

If there are items of investment income or expense included in the amounts that are required to be passed through separately to the shareholders on Schedule K-1 (items other than the amounts included on lines 4 and 9 of Schedule K-1), give each shareholder a schedule identifying these amounts.

Investment income includes gross income from property held for investment, gain attributable to the disposition of property held for investment, and other amounts that are gross portfolio income. Generally, investment income and investment expenses do not include any income or expenses from a passive activity. See Temporary Regulations section 1.469-2T(f)(10) for exceptions.

Property subject to a net lease is not treated as investment property because it is subject to the passive loss rules. Do not reduce investment income by losses from passive activities.

Investment expenses are deductible expenses (other than interest) directly connected with the production of investment income. See the Instructions for Form 4952 for more information on investment income and expenses.

Credits

Note: *If the corporation has credits from more than one trade or business activity on line 12a or 13, or from more than one rental activity on line 12b, 12c, 12d, or 12e, it must report separately on an attachment to Schedule K-1, the amount of each credit and provide any other applicable activity information listed in **Passive Activity Reporting Requirements** on page 7.*

Line 12a—Credit for Alcohol Used as Fuel

Enter on line 12a of Schedule K the credit for alcohol used as fuel computed by the corporation that is attributable to a trade or business activity. Enter on line 12d or 12e, the credit for alcohol used as fuel attributable to rental activities. The credit for alcohol used as fuel is figured on **Form 6478**, Credit for Alcohol Used as Fuel, and the form is attached to Form 1120S. The credit must be included as income on page 1, line 5, of Form 1120S. See section 40(f) for an election the corporation can make to have the credit not apply.

Enter each shareholder's share of the credit for alcohol used as fuel on line 12a, 12d, or 12e of Schedule K-1.

Line 12b—Low-Income Housing Credit

Section 42 provides for a low-income housing credit that may be claimed by owners of low-income residential rental

buildings. If shareholders are eligible to claim the low-income housing credit, complete the applicable parts of **Form 8586**, Low-Income Housing Credit, and attach it to Form 1120S. Enter the credit figured by the corporation on Form 8586, and any low-income housing credit received from other entities in which the corporation is allowed to invest on the applicable line as explained below. The corporation must also complete and attach **Form 8609**, Low-Income Housing Credit Allocation Certification, and **Schedule A (Form 8609)**, Annual Statement, to Form 1120S. See the Instructions for Form 8586 and Form 8609 for information on completing these forms.

Note: No credit may be claimed for any building in a qualified low-income housing project for which any person was allowed to claim a loss from the project by reason of not being subject to the passive activity limitations (see section 502 of the Tax Reform Act of 1986 for details).

Line 12b(1).—If the corporation invested in a partnership to which the provisions of section 42(j)(5) apply, report on line 12b(1) the credit the partnership reported to the corporation on line 13b(1) of Schedule K-1 (Form 1065). If the corporation invested **before 1990** in a section 42(j)(5) partnership, also include on this line any credit the partnership reported to the corporation on line 13b(3) of Schedule K-1 (Form 1065).

Line 12b(2).—Report on line 12b(2) any low-income housing credit for property placed in service before 1990 and not reported on line 12b(1). This includes any credit from a building placed in service before 1990 in a project owned by the corporation and any credit from a partnership reported to the corporation on line 13b(2) of Schedule K-1 (Form 1065). Also include on this line any credit from a partnership reported to the corporation on line 13b(4) of Schedule K-1 (Form 1065), if the corporation invested in that partnership **before 1990**.

Line 12b(3).—If the corporation invested **after 1989** in a partnership to which the provisions of section 42(j)(5) apply, report on line 12b(3) the credit the partnership reported to the corporation on line 13b(3) of Schedule K-1 (Form 1065).

Line 12b(4).—Report on line 12b(4) any low-income housing credit for property placed in service after 1989 and not reported on any other line. This includes any credit from a building placed in service after 1989 in a project owned by the corporation and any credit from a partnership reported to the corporation on line 13b(4) of Schedule K-1 (Form 1065), if the corporation invested in that partnership **after 1989**.

Line 12c—Qualified Rehabilitation Expenditures Related to Rental Real Estate Activities

Enter total qualified rehabilitation expenditures related to rental real estate activities of the corporation, and for line 12c of Schedule K, complete the applicable lines of **Form 3468**, Investment

Credit, that apply to qualified rehabilitation expenditures for property related to rental real estate activities of the corporation for which income or loss is reported on line 2 of Schedule K. See Form 3468 for details on qualified rehabilitation expenditures. Attach Form 3468 to Form 1120S.

For line 12c of Schedule K-1, enter each shareholder's pro rata share of the expenditures. On the dotted line to the left of the entry space for line 12c, enter the line number of Form 3468 on which the shareholder should report the expenditures. If there is more than one type of expenditure, or the expenditures are from more than one line 2 activity, report this information separately for each expenditure or activity on an attachment to Schedules K and K-1.

Note: Qualified rehabilitation expenditures not related to rental real estate activities must be listed separately on line 20 of Schedule K-1.

Line 12d—Credits (Other Than Credits Shown on Lines 12b and 12c) Related to Rental Real Estate Activities

Enter on line 12d any other credit (other than credits on lines 12b and 12c) related to rental real estate activities. On the dotted line to the left of the entry space for line 12d, identify the type of credit. If there is more than one type of credit or the credit is from more than one line 2 activity, report this information separately for each credit or activity on an attachment to Schedules K and K-1. These credits may include any type of credit listed in the instructions for line 13.

Line 12e—Credits Related to Other Rental Activities

Enter on line 12e any credit related to other rental activities for which income or loss is reported on line 3 of Schedules K and K-1. On the dotted line to the left of the entry space for line 12e, identify the type of credit. If there is more than one type of credit or the credit is from more than one line 3 activity, report this information separately for each credit or activity on an attachment to Schedules K and K-1. These credits may include any type of credit listed in the instructions for line 13.

Line 13—Other Credits

Enter on line 13 any other credit (other than credits or expenditures shown or listed for lines 12a through 12e of Schedules K and K-1). On the dotted line to the left of the entry space for line 13, identify the type of credit. If there is more than one type of credit or the credit is from more than one activity, report this information separately for each credit or activity on an attachment to Schedules K and K-1.

The credits to be reported on line 13 and other required attachments follow:

- Nonconventional source fuel credit. This credit is figured by the corporation on a separate schedule prepared by the

corporation. This computation schedule must also be attached to Form 1120S. See section 29 for computation provisions and other special rules for figuring this credit.

- Unused investment credit from cooperatives. If the corporation is a member of a cooperative that passes an unused investment credit through to its members, the credit is in turn passed through to the corporation's shareholders.
 - Credit for backup withholding on dividends, interest, or patronage dividends.
 - Credit for increasing research activities and orphan drug credit. Complete and attach **Form 6765**, Credit for Increasing Research Activities (or for claiming the orphan drug credit), to Form 1120S.
 - Jobs credit. Complete and attach **Form 5884**, Jobs Credit, to Form 1120S.
 - Disabled access credit. Complete and attach **Form 8826**, Disabled Access Credit, to Form 1120S.
 - Enhanced oil recovery credit. Complete and attach **Form 8830**, Enhanced Oil Recovery Credit, to Form 1120S. This credit applies to costs paid or incurred in connection with qualified enhanced oil recovery projects located in the United States for which the first injection of liquids, gases, or other matter began after 1990.
- See the instructions for line 18 (Schedule K) and line 20 (Schedule K-1) to report expenditures qualifying for the (a) rehabilitation credit not related to rental real estate activities, (b) energy credit, or (c) reforestation credit.

Adjustments and Tax Preference Items

Lines 14a through 14f must be completed for all shareholders.

Enter items of income and deductions that are adjustments or tax preference items. See **Form 6251**, Alternative Minimum Tax—Individuals, and **Pub. 909**, Alternative Minimum Tax for Individuals, to determine the amounts to enter and for other information.

Do not include as a tax preference item any qualified expenditures to which an election under section 59(e) may apply. Because these expenditures are subject to an election by each shareholder, the corporation cannot compute the amount of any tax preference related to them. Instead, the corporation must pass through to each shareholder on lines 16a and 16b of Schedule K-1 the information needed to compute the deduction. Each shareholder computes both the deduction he or she will claim and the resulting tax preference item, if any.

Line 14c—Depreciation Adjustment on Property Placed in Service After 1986

Figure the adjustment for line 14c based only on tangible property placed in service after 1986 (and tangible property placed in service after July 31, 1986 and before

1987 for which the corporation elected to use the General Depreciation System).

Refigure depreciation as follows: For property other than real property and property on which the straight line method was used, use the 150% declining balance method, switching to straight line method for the first tax year when that method gives a better result. (For property on which the straight line method was used, use the straight line method.) Use the class life (instead of the recovery period) and the same conventions as the corporation used on Form 4562. For personal property having no class life, use 12 years. For residential rental and nonresidential real property, use the straight line method over 40 years. Determine the depreciation adjustment by subtracting the recomputed depreciation from the depreciation claimed on Form 4562. If the recomputed depreciation exceeds the depreciation claimed on Form 4562, enter the difference as a negative amount. See the instructions for Form 6251 and Form 4562 for more information.

Line 14d—Depletion (Other Than Oil and Gas)

Do not include any depletion on oil and gas wells. The shareholders must compute their depletion deductions separately under section 613A.

In the case of mines, wells, and other natural deposits, other than oil and gas wells, enter the amount by which the deduction for depletion under section 611 (including percentage depletion for geothermal deposits) is more than the adjusted basis of such property at the end of the tax year. Figure the adjusted basis without regard to the depletion deduction and figure the excess separately for each property.

Lines 14e(1) and 14e(2)

Generally, the amounts to be entered on these lines are only the income and deductions for oil, gas, and geothermal properties that are used to figure the amount on line 21, page 1, Form 1120S.

If there are any items of income or deductions for oil, gas, and geothermal properties included in the amounts that are required to be passed through separately to the shareholders on Schedule K-1, give each shareholder a schedule for the line on which the income or deduction is included and which shows the amount of income or deductions included in the total amount for that line. Do not include any of these direct passthrough amounts on line 14e(1) or 14e(2). The shareholder is told in the Shareholder's Instructions for Schedule K-1 (Form 1120S) to adjust the amounts on lines 14e(1) and 14e(2) for any other income or deductions from oil, gas, or geothermal properties included on lines 2 through 10 and 20 of Schedule K-1 in order to determine the total income and deductions from oil, gas, and geothermal properties for the corporation.

Figure the amounts for lines 14e(1) and 14e(2) separately for oil and gas properties which are not geothermal deposits and for

all properties which are geothermal deposits.

Give the shareholders a schedule that shows the separate amounts that are included in the computation of the amounts on lines 14e(1) and 14e(2).

Line 14e(1). Gross income from oil, gas, and geothermal properties.— Enter the aggregate amount of gross income (within the meaning of section 613(a)) from all oil, gas, and geothermal properties received or accrued during the tax year and included on page 1, Form 1120S.

Line 14e(2). Deductions allocable to oil, gas, and geothermal properties.— Enter the amount of any deductions allocable to oil, gas, and geothermal properties reduced by the excess intangible drilling costs that were included on page 1, Form 1120S, on properties for which the corporation made an election to expense intangible drilling costs in tax years beginning before 1983. Do not include nonproductive well costs included on page 1.

Figure excess intangible drilling costs as follows: From the allowable intangible drilling and development costs (except for costs in drilling a nonproductive well), subtract the amount that would have been allowable if the corporation had capitalized these costs and either amortized them over the 120 months that started when production began, or treated them according to any election the corporation made under section 57(b)(2).

See section 57(a)(2) for more information.

Line 14f—Other Adjustments and Tax Preference Items

Attach a schedule that shows each shareholder's share of other items not shown on lines 14a through 14e(2) that are adjustments or tax preference items or that the shareholder needs to complete Form 6251 or Form 8656. See these forms and their instructions to determine the amount to enter. Other adjustments or tax preference items include the following:

- Amortization of certified pollution control facilities.—The deduction allowable under section 169 for any facility placed in service after 1986 must be refigured using the alternative depreciation system under section 168(g).
- Long-term contracts entered into after February 28, 1986.—Except for certain home construction contracts, the taxable income from these contracts must be figured using the percentage of completion method of accounting for alternative minimum tax purposes.
- Installment sales of inventory or stock in trade after March 1, 1986.—Generally, the installment method may not be used for these sales in computing alternative minimum taxable income.
- Charitable contributions of appreciated property.—Generally, the deduction for charitable contributions claimed on line 7 of Schedules K and K-1 is reduced by the difference between the fair market value and the adjusted basis of the capital gain

and section 1231 property donated to a charitable organization. For tax years beginning in 1991, no reduction is made for any contribution of tangible personal property.

- Losses from tax shelter farm activities.— No loss from any tax shelter farm activity is allowed for alternative minimum tax purposes.

Foreign Taxes

Lines 15a through 15g must be completed whether or not a shareholder is eligible for the foreign tax credit, if the corporation has foreign income, deductions, or losses, or has paid or accrued foreign taxes.

In addition to the instructions below, see **Form 1116**, Foreign Tax Credit (Individual, Fiduciary, or Nonresident Alien Individual), and the related instructions.

Line 15a—Type of Income

Enter the type of income from outside the United States as follows:

- Passive income.
- High withholding tax interest.
- Financial services income.
- Shipping income.
- Dividends from a DISC or former DISC.
- Certain distributions from a foreign sales corporation (FSC) or former FSC.
- Dividends from each noncontrolled section 902 corporation.
- Taxable income attributable to foreign trade income (within the meaning of section 923(b)).
- General limitation income (all other income from sources outside the United States, including income from sources within U.S. possessions).

If, for the country or U.S. possession shown on line 15b, the corporation had more than one type of income, enter "See attached" and attach a schedule for each type of income for lines 15b through 15g.

Line 15b—Foreign Country or U.S. Possession

Enter the name of the foreign country or U.S. possession. If, for the type of income shown on line 15a, the corporation had income from, or paid taxes to, more than one foreign country or U.S. possession, enter "See attached" and attach a schedule for each country for lines 15a and 15c through 15g.

Line 15c—Total Gross Income From Sources Outside the U.S.

Enter in U.S. dollars the total gross income from sources outside the United States. Attach a schedule that shows each type of income listed in the instructions for line 15a.

Line 15d—Total Applicable Deductions and Losses

Enter in U.S. dollars the total applicable deductions and losses attributable to income on line 15c. Attach a schedule that

shows each type of deduction or loss as follows:

- Expenses directly allocable to each type of income listed above.
- Pro rata share of all other deductions not directly allocable to specific items of income.
- Pro rata share of losses from other separate limitation categories.

Line 15e—Total Foreign Taxes

Enter in U.S. dollars the total foreign taxes (described in section 901) that were paid or accrued by the corporation to foreign countries or U.S. possessions. Attach a schedule that shows the dates the taxes were paid or accrued, and the amount in both foreign currency and in U.S. dollars, as follows:

- Taxes withheld at source on dividends.
- Taxes withheld at source on rents and royalties.
- Other foreign taxes paid or accrued.

Line 15f—Reduction in Taxes Available for Credit

Enter in U.S. dollars the total reduction in taxes available for credit. Attach a schedule that shows separately the:

- Reduction for foreign mineral income.
- Reduction for failure to furnish returns required under section 6038.
- Reduction for taxes attributable to boycott operations (section 908).
- Reduction for foreign oil and gas extraction income (section 907(a)).
- Reduction for any other items (specify).

Line 15g—Other Foreign Tax Information

Enter in U.S. dollars any items not covered on lines 15c through 15f.

Other

Lines 16a and 16b

Generally, section 59(e) allows each shareholder to make an election to deduct the shareholder's pro rata share of the corporation's otherwise deductible qualified expenditures ratably over 10 years (3 years for circulation expenditures), beginning with the tax year in which the expenditures were made (or for intangible drilling and development costs, over the 60-month period beginning with the month in which such costs were paid or incurred). The term "qualified expenditures" includes only the following types of expenditures paid or incurred during the tax year: circulation expenditures, research and experimental expenditures, intangible drilling and development costs, and mining exploration and development costs. If a shareholder makes this election, these items are not treated as tax preference items.

Because the shareholders are generally allowed to make this election, the corporation cannot deduct these amounts or include them as adjustments or tax

preference items on Schedule K-1. Instead, on lines 16a and 16b of Schedule K-1, the corporation passes through the information the shareholders need to compute their separate deductions.

Enter on line 16a the qualified expenditures paid or incurred during the tax year to which an election under section 59(e) may apply. Enter this amount for all shareholders whether or not any shareholder makes an election under section 59(e). On line 16b, enter the type of expenditure claimed on line 16a. If the expenditure is for intangible drilling and development costs, enter the month in which the expenditure was paid or incurred (after the type of expenditure on line 16b). If there is more than one type of expenditure included in the total shown on line 16a (or intangible drilling and development costs were paid or incurred for more than one month), report this information separately for each type of expenditure (or month) on an attachment to Schedules K and K-1.

Line 17

Enter total distributions made to each shareholder other than dividends reported on line 19 of Schedule K. Noncash distributions of appreciated property are valued at fair market value. See Schedule M-2 instructions for ordering rules on distributions.

Line 18 (Schedule K Only)

Attach a statement to Schedule K to report the corporation's total income, expenditures, or other information for items 1 through 16 of the line 20 (Schedule K-1 Only) instruction below.

Line 19 (Schedule K Only)

Enter total dividends paid to shareholders from accumulated earnings and profits. Report these dividends to shareholders on Form 1099-DIV. Do not report them on Schedule K-1.

Lines 19a and 19b (Schedule K-1 Only)—Recapture of Low-Income Housing Credit

If recapture of part or all of the low-income housing credit is required because: (1) prior year qualified basis of a building decreased, or (2) the corporation disposed of a building or part of its interest in a building, see **Form 8611**, Recapture of Low-Income Housing Credit. The instructions for Form 8611 indicate when Form 8611 is completed by the corporation and what information is provided to shareholders when recapture is required.

Note: *If a shareholder's ownership interest in a building decreased because of a transaction at the shareholder level, the corporation must provide the necessary information to the shareholder to enable the shareholder to compute the recapture.*

If the corporation posted a bond as provided in section 42(j)(6) to avoid recapture of the low-income housing credit, no entry should be made on line 19 of Schedule K-1.

See Form 8586, Form 8611, and section 42 for more information.

Supplemental Information

Line 20 (Schedule K-1 Only)

Enter in the line 20 Supplemental Information space of Schedule K-1, or on an attached schedule if more space is needed, each shareholder's share of any information asked for on lines 1 through 19 that is required to be reported in detail, and items 1 through 16 below. Please identify the applicable line number next to the information entered in the Supplemental Information space. Show income or gains as a positive number. Show losses in parentheses.

1. Tax-exempt interest income. Include exempt-interest dividends the corporation received as a shareholder in a mutual fund or other regulated investment company.

2. Nondeductible expenses incurred by the corporation.

3. Taxes paid on undistributed capital gains by a regulated investment company. As a shareholder of a regulated investment company, the corporation will receive notice on **Form 2439**, Notice to Shareholder of Undistributed Long-Term Capital Gains, that the company paid tax on undistributed capital gains.

4. Gross income and other information relating to oil and gas well properties that are reported to shareholders to allow them to figure the depletion deduction for oil and gas well properties. See section 613A(c)(11) for details.

The corporation cannot deduct depletion on oil and gas wells. Each shareholder must determine the allowable amount to report on his or her return. See Pub. 535 for more information.

5. Qualified exploratory costs. In order for each shareholder to compute the alternative minimum tax adjustment based on energy preferences, the corporation must identify the portion, if any, of intangible drilling and development costs shown on line 16a that is attributable to qualified exploratory costs. Identify this amount on line 20 as "Qualified exploratory costs included on line 16a." Qualified exploratory costs are intangible drilling and development costs paid or incurred in connection with the drilling of an exploratory well located in the United States. See section 56(h)(6) for more details.

6. Recapture of section 179 expense deduction. For property placed in service after 1986, the section 179 deduction is recaptured at any time the business use of property drops to 50% or less. Enter the amount that was originally passed through and the corporation's tax year in which it was passed through. Inform the shareholder if the recapture amount was caused by the disposition of the section 179 property. See section 179(d)(10) for more information. Do not include this amount on line 4 or 5, page 1, Form 1120S.

7. Recapture of certain mining exploration expenditures (section 617).

8. Any information or statements the corporation is required to furnish to shareholders to allow them to comply with requirements under section 6111 (registration of tax shelters) or section 6662(d)(2)(B)(ii) (regarding adequate disclosure of items that may cause an understatement of income tax).

9. If the corporation is involved in farming or fishing activities, report the gross income from these activities to shareholders.

10. Any information needed by a shareholder to compute the interest due under section 453A(c). If an obligation arising from the disposition of property to which section 453A applies is outstanding at the close of the year, each shareholder's tax liability must be increased by the tax due under section 453(c) on the shareholder's pro rata share of the tax deferred under the installment method.

11. Any information needed by a shareholder to compute the interest due under section 453(l)(3). If the corporation elected to report the dispositions of certain timeshares and residential lots on the installment method, each shareholder's tax liability must be increased by the shareholder's pro rata share of the interest on tax attributable to the installment payments received during the tax year.

12. Any information needed by a shareholder to properly capitalize interest as required by section 263A(f). See **Section 263A uniform capitalization rules** on page 9 for additional information. See Notice 88-99 for more information.

13. If the corporation is a closely held S corporation (defined in section 460(b)) and it entered into any long-term contracts after February 28, 1986, that are accounted for under either the percentage of completion-capitalized cost method or the percentage of completion method, it must attach a schedule to Form 1120S showing the information required in items (a) and (b) of the instructions for lines 1 and 3 of Part II for **Form 8697, Interest Computation Under the Look-Back Method for Completed Long-Term Contracts**. It must also report the amounts for Part II, lines 1 and 3, to its shareholders. See the instructions for Form 8697 for more information.

14. Expenditures qualifying for the (a) rehabilitation credit not related to rental real estate activities, (b) energy credit, or (c) reforestation credit. Complete and attach Form 3468 to Form 1120S. See Form 3468 and related instructions for information on eligible property and the lines on Form 3468 to complete. Do not include that part of the cost of the property the corporation has elected to expense under section 179. Attach to each Schedule K-1 a separate schedule in a format similar to that shown on Form 3468 detailing each shareholder's pro rata share of qualified expenditures. Also indicate the lines of Form 3468 on which the shareholders should report these amounts.

15. Recapture of investment credit. Complete and attach **Form 4255, Recapture of Investment Credit**, when investment credit property is disposed of or it no longer qualifies for the credit. State the kind of property at the top of Form 4255, and complete lines 2, 3, 4, and 8, whether or not any shareholder is subject to recapture of the credit. Attach to each Schedule K-1 a separate schedule providing the information the corporation is required to show on Form 4255, but list only the shareholder's pro rata share of the cost of the property subject to recapture. Also indicate the lines of Form 4255 on which the shareholders should report these amounts.

The corporation itself is liable for investment credit recapture in certain cases. See the instructions for line 22c, page 1, Form 1120S, for details.

16. Any other information the shareholders need to prepare their tax returns.

disallowance); the cost of skyboxes in excess of the face value of nonluxury box seat tickets; the part of the cost of luxury water travel not allowed under section 274(m); expenses for travel as a form of education; and other travel and entertainment expenses not allowed as a deduction.

Schedule M-2—Analysis of Accumulated Adjustments Account, Other Adjustments Account, and Shareholders' Undistributed Taxable Income Previously Taxed

Column (a)—Accumulated Adjustments Account

The accumulated adjustments account (AAA) is to be maintained by all S corporations.

At the end of the tax year, if the corporation **does not have accumulated earnings and profits (E&P)**, the AAA is determined by taking into account all items of income, loss, and deductions for the tax year (including nontaxable income and nondeductible losses and expenses). See section 1368 for other details. After the year-end income and expense adjustments are made, the account is reduced by distributions made during the tax year. See **Distributions** below for distribution rules.

At the end of the tax year, if the corporation **has accumulated E&P**, the AAA is determined by taking into account the taxable income, deductible losses and expenses, and nondeductible losses and expenses for the tax year. Adjustments for nontaxable income are made to the other adjustments account as explained in the column (b) instruction below. See section 1368. After the year-end income and expense adjustments are made, the AAA is reduced by distributions made during the tax year. See **Distributions** below for distribution rules.

Note: *The AAA may have a negative balance at year end. See section 1368(e).*

Column (b)—Other Adjustments Account

The other adjustments account is maintained only by corporations that **have** accumulated E&P at year end. The account is adjusted for tax-exempt income (and related expenses) of the corporation. See section 1368. After adjusting for tax-exempt income, the account is reduced for any distributions made during the year. See **Distributions** below.

Column (c)—Shareholders' Undistributed Taxable Income Previously Taxed

The shareholders' undistributed taxable income previously taxed account, also called previously taxed income (PTI), is maintained only if the corporation had a balance in this account at the start of its 1991 tax year. If there is a beginning

Specific Instructions

Schedule L—Balance Sheets

The balance sheets should agree with the corporation's books and records. Include certificates of deposit as cash on line 1 of Schedule L.

Line 5—Tax-Exempt Securities

Include on this line:

1. State and local government obligations, the interest on which is excludible from gross income under section 103(a), and
2. Stock in a mutual fund or other regulated investment company that distributed exempt-interest dividends during the tax year of the corporation.

Line 24—Retained Earnings

If the corporation maintains separate accounts for appropriated and unappropriated retained earnings, it may want to continue such accounting for purposes of preparing its financial balance sheet. Also, if the corporation converts to C corporation status in a subsequent year, it will be required to report its appropriated and unappropriated retained earnings on separate lines of Schedule L of Form 1120.

Schedule M-1—Reconciliation of Income per Books With Income per Return

Line 3b—Travel and Entertainment

Include on this line: 20% of meals and entertainment not allowed under section 274(n); expenses for the use of an entertainment facility; the part of business gifts in excess of \$25; expenses of an individual allocable to conventions on cruise ships in excess of \$2,000; employee achievement awards in excess of \$400; the cost of entertainment tickets in excess of face value (also subject to 20%

balance for the 1991 tax year, no adjustments are made to the account except to reduce the account for distributions made under section 1375(d) (as in effect before the enactment of the Subchapter S Revision Act of 1982). See **Distributions** below for the order of distributions from the account.

Each shareholder's right to nontaxable distributions from PTI is personal and cannot be transferred to another person. The corporation is required to keep records of each shareholder's net share of PTI.

Distributions

Generally, property distributions (including cash) are applied in the following order to reduce accounts of the S corporation that are used to compute the tax effect of distributions made by the corporation to its shareholders:

1. Reduce AAA (but not below zero). If distributions during the tax year exceed the AAA at the close of the tax year, the AAA is allocated pro rata to each distribution made during the tax year. See section 1368(c).
2. Reduce shareholders' PTI account for any section 1375(d) (as in effect before 1983) distributions. A distribution from the PTI account is tax free to the extent of a shareholder's basis in his or her stock in the corporation.
3. Reduce accumulated E&P. Generally, the S corporation has accumulated E&P only if it has not distributed E&P accumulated in prior years when the S corporation was a C corporation (section 1361(a)(2)) or a small business corporation prior to 1983 (section 1371 of prior law).

See section 312 for information on E&P. The only adjustments that can be made to the accumulated E&P of an S corporation are: **(a)** reductions for dividend distributions; **(b)** adjustments for redemptions, liquidations, reorganizations, etc.; and **(c)** reductions for investment credit recapture tax for which the corporation is liable. See sections 1371(c) and (d)(3).

4. Reduce the other adjustments account.
5. Reduce any remaining shareholders' equity accounts.

If the corporation has accumulated E&P and wants to distribute this E&P before making distributions from the AAA, it may elect to do so with the consent of all its affected shareholders (section 1368(e)(3)). If the corporation has PTI and wants to make distributions from retained earnings before making distributions from PTI, it may elect to do so with the consent of all its shareholders. The statement of election must be attached to a timely filed Form 1120S for the tax year during which the distributions are made. The election must be made separately for each tax year.

In the case of either election, after all accumulated E&P in the retained earnings are distributed, the above general order of distributions applies except that item 3 is eliminated.

Example

The following example for a corporation that has accumulated E&P shows how the Schedule M-2 accounts are adjusted for items of income (loss), deductions, and distributions reported on Form 1120S.

Items per return are:

1. Page 1, line 21 income—\$219,000
2. Schedule K, line 2 loss—(\$3,000)
3. Schedule K, line 4a income—\$4,000
4. Schedule K, line 4b income—\$16,000
5. Schedule K, line 7 deduction—\$24,000
6. Schedule K, line 11a deduction—\$3,000
7. Schedule K, line 13 jobs credit—\$6,000
8. Schedule K, line 17 distributions—\$65,000, and
9. Schedule K, line 18 scheduled items:
 - a. Tax-exempt income—\$5,000, and
 - b. Nondeductible expense—\$6,000 (reduction in salaries and wages for jobs credit).

Based on return items 1 through 9 and starting balances of zero, the columns for the AAA and the other adjustments account are completed as shown in the Schedule M-2 Worksheet below.

Note: For the AAA account, the worksheet line 3—\$20,000 amount is the total of the Schedule K, lines 4a and 4b incomes of \$4,000 and \$16,000. The worksheet line 5—\$36,000 amount is the total of the Schedule K, line 2 loss of (\$3,000), line 7 deduction of \$24,000, line 11a deduction of \$3,000, and the line 18 nondeductible expense item of \$6,000. For the other adjustments account, the worksheet line 3 amount is the Schedule K, line 18, tax-exempt income of \$5,000. Other worksheet amounts are self-explanatory.

Schedule M-2 Worksheet

	(a) Accumulated adjustments account	(b) Other adjustments account	(c) Shareholders' undistributed taxable income previously taxed
1 Balance at beginning of tax year	-0-	-0-	
2 Ordinary income from page 1, line 21	219,000		
3 Other additions	20,000	5,000	
4 Loss from page 1, line 21	()		
5 Other reductions	(36,000)	()	
6 Combine lines 1 through 5	203,000	5,000	
7 Distributions other than dividend distributions	65,000	-0-	
8 Balance at end of tax year. Subtract line 7 from line 6	138,000	5,000	

Codes for Principal Business Activity

These codes for the Principal Business Activity are designed to classify enterprises by the type of activity in which they are engaged to facilitate the administration of the Internal Revenue Code. Though similar in format and structure to the Standard Industrial Classification (SIC) codes, they should not be used as SIC codes.

Using the list below, enter on page 1, under B, the code number for the specific industry group from which the largest percentage of

"total receipts" is derived. "Total receipts" means the total of: gross receipts on line 1a, page 1; all other income on lines 4 and 5, page 1; all income on lines 2, 19, and 20a of Form 8825; and income (receipts only) on lines 3a and 4a through 4f of Schedule K.

On page 2, Schedule B, line 2, state the principal business activity and principal product or service that account for the largest percentage of total receipts. For example, if the

principal business activity is "Grain mill products," the principal product or service may be "Cereal preparations."

If, as its principal business activity, the corporation: (1) purchases raw materials, (2) subcontracts out for labor to make a finished product from the raw materials, and (3) retains title to the goods, the corporation is considered to be a manufacturer and must enter one of the codes (2010-3998) under "Manufacturing."

Agriculture, Forestry, and Fishing	<i>Code</i>	Transportation and Public Utilities	Finance, Insurance, and Real Estate
Code 0400 Agricultural production. 0600 Agricultural services (except veterinarians), forestry, fishing, hunting, and trapping.	Chemicals and allied products: 2815 Industrial chemicals, plastics materials and synthetics. 2830 Drugs. 2840 Soap, cleaners, and toilet goods. 2850 Paints and allied products. 2898 Agricultural and other chemical products.	Code Transportation: 4000 Railroad transportation. 4100 Local and interurban passenger transit. 4200 Trucking and warehousing. 4400 Water transportation. 4500 Transportation by air. 4600 Pipe lines, except natural gas. 4700 Miscellaneous transportation services.	Code Banking: 6030 Mutual savings banks. 6060 Bank holding companies. 6090 Banks, except mutual savings banks and bank holding companies.
Mining Metal mining: 1010 Iron ores. 1070 Copper, lead and zinc, gold and silver ores. 1098 Other metal mining. 1150 Coal mining. Oil and gas extraction: 1330 Crude petroleum, natural gas, and natural gas liquids. 1380 Oil and gas field services. Nonmetallic minerals, except fuels: 1430 Dimension, crushed and broken stone; sand and gravel. 1498 Other nonmetallic minerals, except fuels.	Petroleum refining and related industries (including those integrated with extraction): 2910 Petroleum refining (including integrated). 2998 Other petroleum and coal products.	Communication: 4825 Telephone, telegraph, and other communication services. 4830 Radio and television broadcasting.	Credit agencies other than banks: 6120 Savings and loan associations. 6140 Personal credit institutions. 6150 Business credit institutions. 6199 Other credit agencies.
Construction General building contractors and operative builders: 1510 General building contractors. 1531 Operative builders. 1600 Heavy construction contractors. Special trade contractors: 1711 Plumbing, heating, and air conditioning. 1731 Electrical work. 1798 Other special trade contractors.	Rubber and misc. plastics products: 3050 Rubber products: plastics footwear, hose, and belting. 3070 Misc. plastics products. Leather and leather products: 3140 Footwear, except rubber. 3198 Other leather and leather products.	Electric, gas, and sanitary services: 4910 Electric services. 4920 Gas production and distribution. 4930 Combination utility services. 4990 Water supply and other sanitary services.	Security, commodity brokers and services: 6210 Security brokers, dealers, and flotation companies. 6299 Commodity contracts brokers and dealers; security and commodity exchanges; and allied services.
Manufacturing Food and kindred products: 2010 Meat products. 2020 Dairy products. 2030 Preserved fruits and vegetables. 2040 Grain mill products. 2050 Bakery products. 2060 Sugar and confectionery products. 2081 Malt liquors and malt. 2088 Alcoholic beverages, except malt liquors and malt. 2089 Bottled soft drinks, and flavorings. 2096 Other food and kindred products. 2100 Tobacco manufacturers. Textile mill products: 2228 Weaving mills and textile finishing. 2250 Knitting mills. 2298 Other textile mill products. Apparel and other textile products: 2315 Men's and boys' clothing. 2345 Women's and children's clothing. 2388 Other apparel and accessories. 2390 Miscellaneous fabricated textile products.	Stone, clay, and glass products: 3225 Glass products. 3240 Cement, hydraulic. 3270 Concrete, gypsum, and plaster products. 3298 Other nonmetallic mineral products.	Wholesale Trade Durable: 5008 Machinery, equipment, and supplies. 5010 Motor vehicles and automotive equipment. 5020 Furniture and home furnishings. 5030 Lumber and construction materials. 5040 Sporting, recreational, photographic, and hobby goods, toys and supplies. 5050 Metals and minerals, except petroleum and scrap. 5060 Electrical goods. 5070 Hardware, plumbing and heating equipment and supplies. 5098 Other durable goods.	Insurance: 6355 Life insurance. 6356 Mutual insurance, except life or marine and certain fire or flood insurance companies. 6359 Other insurance companies. 6411 Insurance agents, brokers, and service.
Lumber and wood products: 2415 Logging, sawmills, and planing mills. 2430 Millwork, plywood, and related products. 2498 Other wood products, including wood buildings and mobile homes. 2500 Furniture and fixtures. Paper and allied products: 2625 Pulp, paper, and board mills. 2699 Other paper products. Printing and publishing: 2710 Newspapers. 2720 Periodicals. 2735 Books, greeting cards, and miscellaneous publishing. 2799 Commercial and other printing, and printing trade services.	Primary metal industries: 3370 Ferrous metal industries; misc. primary metal products. 3380 Nonferrous metal industries. Fabricated metal products: 3410 Metal cans and shipping containers. 3428 Cutlery, hand tools, and hardware; screw machine products, bolts, and similar products. 3430 Plumbing and heating, except electric and warm air. 3440 Fabricated structural metal products. 3460 Metal forgings and stampings. 3470 Coating, engraving, and allied services. 3480 Ordnance and accessories, except vehicles and guided missiles. 3490 Misc. fabricated metal products.	5098 Other durable goods. Nondurable: 5110 Paper and paper products. 5129 Drugs, drug proprietaries, and druggists' sundries. 5130 Apparel, piece goods, and notions. 5140 Groceries and related products. 5150 Farm-product raw materials. 5160 Chemicals and allied products. 5170 Petroleum and petroleum products. 5180 Alcoholic beverages. 5190 Misc. nondurable goods.	Real estate: 6511 Real estate operators and lessors of buildings. 6516 Lessors of mining, oil, and similar property. 6518 Lessors of railroad property and other real property. 6530 Condominium management and cooperative housing associations. 6550 Subdividers and developers. 6599 Other real estate.
	Machinery, except electrical: 3520 Farm machinery. 3530 Construction and related machinery. 3540 Metalworking machinery. 3550 Special industry machinery. 3560 General industrial machinery. 3570 Office, computing, and accounting machines. 3598 Other machinery except electrical.	Retail Trade Building materials, garden supplies, and mobile home dealers: 5220 Building materials dealers. 5251 Hardware stores. 5265 Garden supplies and mobile home dealers. 5300 General merchandise stores. Food stores: 5410 Grocery stores. 5490 Other food stores. Automotive dealers and service stations: 5515 Motor vehicle dealers. 5541 Gasoline service stations. 5598 Other automotive dealers.	6744 Small business investment companies. 6749 Other holding and investment companies, except bank holding companies.
	Electrical and electronic equipment: 3630 Household appliances. 3665 Radio, television, and communications equipment. 3670 Electronic components and accessories. 3698 Other electrical equipment.	5598 Other automotive dealers. 5600 Apparel and accessory stores. 5700 Furniture and home furnishings stores. 5800 Eating and drinking places. Misc. retail stores: 5912 Drug stores and proprietary stores. 5921 Liquor stores. 5995 Other retail stores.	7000 Hotels and other lodging places. 7200 Personal services. Business services: 7310 Advertising. 7389 Business services, except advertising. Auto repair; miscellaneous repair services: 7500 Auto repair and services. 7600 Misc. repair services.
	3710 Motor vehicles and equipment. Transportation equipment, except motor vehicles: 3725 Aircraft, guided missiles and parts. 3730 Ship and boat building and repairing. 3798 Other transportation equipment, except motor vehicles.	5995 Other retail stores. 5800 Eating and drinking places. Misc. retail stores: 5912 Drug stores and proprietary stores. 5921 Liquor stores. 5995 Other retail stores.	7600 Misc. repair services. Amusement and recreation services: 7812 Motion picture production, distribution, and services. 7830 Motion picture theaters. 7900 Amusement and recreation services, except motion pictures.
	Instruments and related products: 3815 Scientific instruments and measuring devices; watches and clocks. 3845 Optical, medical, and ophthalmic goods. 3860 Photographic equipment and supplies.	5995 Other retail stores. 5800 Eating and drinking places. Misc. retail stores: 5912 Drug stores and proprietary stores. 5921 Liquor stores. 5995 Other retail stores.	7900 Amusement and recreation services, except motion pictures.
