

1993

Department of the Treasury
Internal Revenue Service

organization, you may report any first tier tax you owe on the Form 4720 filed by the foundation or organization. Managers and self-dealers who do this are responsible for the parts that relate to taxes they owe and should include their own check or money order, payable to the Internal Revenue Service, with the return.

If you owe tax under Chapter 41 or 42 and you do not have the same tax year or you do not sign the return of the foundation or organization, you must file a separate return on Form 4720 showing the tax owed and the name of the foundation or organization for which you owe tax. If you file a separate Form 4720, enter your tax year at the top of the form. Enter your name, address, and taxpayer identifying number in Part II-A. Complete all the information the form requires, to the extent possible, that applies to your liability.

When To File.—Generally, file Form 4720 by the due date for filing Form 990-PF or Form 5227. Section 501(c)(3) organizations that owe tax on political and lobbying expenditures reported on Schedules F, G, and H must file this form by the due date (not including extensions) for filing Form 990 (or Form 990-EZ) and Schedule A (Form 990). For members of an affiliated group of organizations that have different tax years, and who are filing Form 4720 to report tax under section 4911, the tax year of the affiliated group is the calendar year, unless all members of the group elect under section 56.4911-7(e)(5) of the Regulations to make a member's year the group's tax year.

If you are a manager or self-dealer owing taxes under Chapter 41 or 42 and filing a separate Form 4720, and your tax year ends on the same date as the foundation or organization, you must file by the due date for filing Form 990-PF, Form 5227, Form 990, or Form 990-EZ of the private foundation or organization for which you owe tax. If your tax year ends on a date different from that of the foundation or organization, you must file a Form 4720 by the 15th day of the 5th month after your tax year ends.

If the regular due date falls on a Saturday, Sunday, or legal holiday, file on the next business day.

Extension.—If you cannot file Form 4720 by the due date, you may request an extension of time to file by using **Form 2758**, Application for Extension of Time To File Certain Excise, Income, Information, and Other Returns.

Instructions for Form 4720

Return of Certain Excise Taxes on Charities and Other Persons Under Chapters 41 and 42 of the Internal Revenue Code

(Sections 4911, 4912, 4941, 4942, 4943, 4944, 4945, and 4955)

Section references are to the Internal Revenue Code unless otherwise noted.

Paperwork Reduction Act Notice.—We ask for the information on this form to carry out the Internal Revenue laws of the United States. You are required to give us the information. We need it to ensure that you are complying with these laws and to allow us to figure and collect the right amount of tax.

The time needed to complete and file this form will vary depending on individual circumstances. The estimated average time is:

Recordkeeping	29 hr., 53 min.
Learning about the law or the form	15 hr., 31 min.
Preparing the form	22 hr., 16 min.
Copying, assembling, and sending the form to the IRS	1 hr., 37 min.

If you have comments concerning the accuracy of these time estimates or suggestions for making this form more simple, we would be happy to hear from you. You can write to both the **Internal Revenue Service**, Attention: Reports Clearance Officer, PC:FP, Washington, DC 20224; and the **Office of Management and Budget**, Paperwork Reduction Project (1545-0052), Washington, DC 20503. **DO NOT** send the tax form to either of these offices. Instead, see **Where To File** on page 2.

General Instructions

Purpose of Form.—Use Form 4720 to figure and pay:

1. The initial taxes on private foundations, foundation managers, and self-dealers under sections 4941 through 4945 for self-dealing, failure to distribute income, excess business holdings, investments that jeopardize charitable purpose, and taxable expenditures;

2. The section 4911 tax on excess lobbying expenditures by public charities that have elected to be subject to section 501(h) regarding expenditures to influence legislation. (Private foundations and section 4947(a) trusts are not eligible to make this election.);

3. The section 4912 tax on excess lobbying expenditures that result in loss of section 501(c)(3) tax-exempt status; and

4. The section 4955 tax imposed on any amount paid or incurred by a section 501(c)(3) organization that participates or intervenes in any political campaign on behalf of, or in opposition to, any candidate for public office.

Who Must File.—

• **Private Foundations and Section 4947(a) Trusts.** Generally, Form 4720 must be filed by all organizations, including foreign organizations, that answered "No" to question 10b, 11b, or 14b, or "Yes" to question 10c, 12b, 13a, 13b, or 14a(2) in Part VII of Form 990-PF; or "No" to question 2b or 6b, or "Yes" to question 2c, 4b, 5a, or 5b in Part VI of Form 5227. A trust described in section 4947(a)(2) is considered a private foundation insofar as it is subject to Chapter 42 provisions.

• **Public Charities Making Excess Lobbying Expenditures.** Public charities that made the election under section 501(h) and owe tax on excess lobbying expenditures as figured on Schedule A (Form 990), Part VI-A, must file Form 4720 to report the liability and pay the tax (Schedule G).

Certain organizations (and possibly their managers) whose section 501(c)(3) status is revoked because of excess lobbying activities are subject to a 5% excise tax on their lobbying expenditures.

• **Organizations Making Political Expenditures.** All section 501(c)(3) organizations that make a political expenditure must file Form 4720 to report the liability and pay the tax. Organization managers may report any first tier tax they owe on Schedule F of Form 4720. (See Schedule F instructions for definition of political expenditures.)

• **Self-Dealers, Foundation Managers, and Organization Managers.** If you are a self-dealer, foundation manager, or organization manager (see definitions in section 4955(f)(2)), and you have the same tax year as the foundation or

Where To File.—

If the principal office of the organization is located in	Use the following Internal Revenue Service Center address
Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee	Atlanta, GA 39901
Arizona, Colorado, Kansas, New Mexico, Oklahoma, Texas, Utah, Wyoming	Austin, TX 73301
Indiana, Kentucky, Michigan, Ohio, West Virginia	Cincinnati, OH 45999
Alaska, California, Hawaii, Idaho, Nevada, Oregon, Washington	Fresno, CA 93888
Connecticut, Maine, Massachusetts, New Hampshire, New York, Rhode Island, Vermont	Holtsville, NY 00501
Illinois, Iowa, Minnesota, Missouri, Montana, Nebraska, North Dakota, South Dakota, Wisconsin	Kansas City, MO 64999
Delaware, District of Columbia, Maryland, New Jersey, Pennsylvania, Virginia, any U.S. possession, or foreign country	Philadelphia, PA 19255

Name, Address, etc.—The name, address, and employer identification number of the private foundation or public charity should be the same as shown on Form 990-PF, Form 5227, Form 990, Form 990-EZ, and Schedule A (Form 990). If you are a self-dealer, foundation manager, or organization manager filing a separate Form 4720, enter your name, address, and taxpayer identifying number in Part II-A.

Include the suite, room, or other unit number after the street address.

If the Post Office does not deliver mail to the street address, show the P.O. box number instead of the street address.

Signature and Verification.—If you are an organization manager, foundation manager, or self-dealer, you should sign only in the spaces that apply, whether you use the return of the foundation or organization as your return, or file separately. If you are signing on behalf of the foundation or organization and also because of personal tax liability, you must sign twice: (a) on behalf of the foundation or organization, and (b) individually for your own personal tax liability.

Except for returns of individual managers and self-dealers, the form must be signed by at least one of the following: the president, vice president, treasurer, assistant treasurer, chief accounting officer, or other corporate officer (such as tax officer), or by a partner or partners authorized to sign for a manager or self-dealer that is a partnership. A person with a valid power

of attorney may also sign for the organization, foundation, manager, or self-dealer. Include a copy of the power of attorney with the return. A receiver, trustee, or assignee required to file any return on behalf of a corporation must sign the return. If the return is filed on behalf of a trust, the authorized trustee(s) must sign it. Any person, firm, or corporation that prepared the return for a fee must also sign it. If a firm or corporation prepares the return, it should be signed in the name of the firm or corporation.

Attachments.—Use the schedules that are on the form. If you need more space, attach additional sheets. Attachments must show the organization's name and identifying number, as well as the required information, and must follow the format of the schedule.

Organizations Organized or Created in a Foreign Country or U.S.

Possession.—Report all amounts in U.S. currency (state conversion rate used) and give information in English. Report items in total, including amounts and transactions from both inside and outside the United States.

Sections 4941 through 4945 and section 4955 do not apply to foreign private foundations that receive substantially all of their support (other than gross investment income) from sources outside the United States. These organizations must complete this form and file it in the same manner as other private foundations. However, they and foundation managers and self-dealers do not have to pay any tax that would otherwise be due on this return.

Tax Payments.—Managers and self-dealers paying tax on the organization's Form 4720 must pay with the return the tax that applies to them as shown in Part II, page 1. Managers and self-dealers who file separate Forms 4720 must pay the applicable tax with their separate returns. When managers do not sign the organization's Form 4720 to report their own tax liability, the amount of tax they owe should not be entered in Part II-B, line 1.

If the private foundation pays any taxes that foundation managers or self-dealers owe, it is an act of self-dealing that may result in additional taxes and penalties under the taxable expenditure provisions. Managers and self-dealers should pay taxes imposed on them with their own check or money order.

Rounding Off.—You may round off cents to the nearest whole dollar on the return. To do so, drop amounts less than 50 cents and increase amounts over 49 cents to the next higher dollar.

Penalties and Interest.—There are penalties for failure to file or to pay tax. There are also penalties for willful failure

to file, supply information or pay tax, and for filing fraudulent returns and statements, that apply to public charities, private foundations, managers, and self-dealers who are required to file this return. See sections 6651, 7203, 7206, and 7207. Also see section 6684 for penalties that relate to tax liability under Chapter 42.

Interest at the underpayment rate established under section 6621 is charged for any unpaid tax. The interest on underpayments is in addition to any penalties.

Abatement.—See section 4962 for rules on abatement, refund, or relief from payment of first tier taxes under sections 4942 through 4945 and 4955. To request abatement, refund, or relief under section 4962, write "Request for Abatement Under Section 4962" in the top margin of Form 4720, page 1.

Initial Tax Liability.—If you pay an initial tax on self-dealing or on investments that jeopardize charitable purpose (figured on Schedules A and D of Form 4720, respectively) for tax year 1993, it may not satisfy the entire tax liability for an act of self-dealing or a jeopardy investment. (For definitions of: self-dealing, see the instructions for Schedule A of this form; jeopardy investment, see the instructions for Schedule D of this form.) Paying the tax and filing a Form 4720 are required for each year or part of a year in the taxable period that applies to the act or investment. Generally, the taxable period begins with the date of the act or investment and ends with the date corrective action is completed, a notice of deficiency is mailed, or the tax is assessed, whichever comes first.

Similar rules apply for the initial tax liability resulting from failing to distribute income (Schedule B) and from acquiring excess business holdings (Schedule C). Thus, the initial tax liability for those taxes continues to accrue until the date a notice of deficiency is mailed, the violation is corrected, or the tax is assessed, whichever comes first.

Completing the Schedules.—Before completing any of the schedules in this return, read the applicable instructions. If any completed schedule shows taxes owed, enter them on page 1 of this return.

The instructions for Schedules A through F describe acts or transactions subject to tax under Chapter 42. Also refer to **Pub. 578**, Tax Information for Private Foundations and Foundation Managers, for a list of exceptions that eliminate any tax liability that would otherwise be shown on Schedules A and E. Do not complete Schedules A and E if exceptions apply to all the acts or transactions. Question A on page 1 and Schedules A, B, C, D, and E do not apply to public charities.

Before completing Schedule C, determine whether the foundation has excess holdings in any business enterprise. If the foundation has holdings subject to the tax on excess business holdings, complete Schedule C for each enterprise.

Before completing Schedule D, determine whether the investment was program related. If not, complete Schedule D for each investment for which you answered "Yes" to Form 990-PF, Part VII, question 13a or b, or Form 5227, Part VI, question 5a or b.

Specific Instructions for Page 1

Question B.—To avoid owing additional taxes and penalties under sections 4941 through 4945 and section 4955, and in some cases further initial taxes on the foundation, organization, and related persons, a foundation, organization, or manager must correct the taxable event within the correction period. The taxable event is the act, failure to act, or transaction that resulted in the liability for initial taxes under these provisions.

Generally, the correction period begins on the date the event occurs and ends 90 days after the mailing date of a notice of deficiency, under section 6212, in connection with the second tier tax imposed on that taxable event. That time is extended by:

1. Any period in which a deficiency cannot be assessed under section 6213(a) because a petition to the Tax Court for redetermination of the deficiency is pending, not extended by any supplemental proceeding by the Tax Court under section 4961(b), regarding whether correction was made, and

2. Any other period the IRS determines is reasonable and necessary to correct the taxable event.

The taxable event will be treated as occurring:

1. For the tax on failure to distribute income, on the first day of the tax year for which there was a failure to distribute income,

2. For the tax on excess business holdings, on the first day on which there were excess business holdings, or

3. In any other case, on the date the event occurred.

Generally, the term "correction" has the following meanings:

Section 4941 (Schedule A).—Undoing the transaction to the extent possible, but in any case placing the private foundation in a financial position not worse than that in which it would be if the disqualified person were dealing under the highest fiduciary standards.

Section 4942 (Schedule B).—Making sufficient qualifying distributions to

compensate for deficient qualifying distributions for a prior tax year.

Section 4943 (Schedule C).—Action that results in the foundation no longer having excess business holdings in a business enterprise.

Section 4944 (Schedule D).—An investment is considered to be removed from jeopardy when the investment is sold or otherwise disposed of, and the proceeds of such sale or other disposition are not investments that jeopardize the carrying out of the foundation's exempt purposes.

Section 4945 (Schedule E).—(a) Recovering part or all of the expenditure to the extent recovery is possible, and where full recovery is not possible, such additional corrective action as is prescribed by regulations, or (b) In the case of a failure to comply with section 4945(h)(2) or (3) (expenditure responsibility), obtaining or making the report in question.

Section 4955 (Schedule F).—Recovering part or all of the expenditure to the extent recovery is possible, establishment of safeguards to prevent future political expenditures, and where full recovery is not possible, such additional corrective action as is prescribed by the regulations.

If, when the return is filed, the foundation, organization, managers, or self-dealers have corrected any acts or transactions resulting in liability for tax under Chapter 42, answer "Yes" to question B and give the following information separately for each correction:

1. Schedule and item number of the act or transaction that has been corrected,

2. A description of the act or transaction that resulted in the tax,

3. A detailed description of the correction made,

4. The amount of any political expenditure recovered,

5. Description of safeguards to prevent future political expenditures, and

6. The date of correction.

For any acts the foundation, organization, managers, or self-dealers have not corrected, give the following information separately for each act:

1. Schedule and item number of the act or transaction that has not been corrected,

2. A description of the act or transaction, and

3. A detailed explanation of why correction has not been made and what steps are being taken to make the correction.

If you are correcting deficient distributions under section 4942 where an election under section 4942(h)(2) was filed with the IRS, provide a copy of the

election. See the instructions for Form 990-PF, Part XIII, line 4b and 4c for more information.

Part II-A

Columns (a) and (b).—List the names, addresses, and taxpayer identifying numbers of all persons who owe tax in connection with the foundation or organization, whether as managers or self-dealers, as shown in Schedules A, D, E, F, and H.

Column (c).—For each person listed in column (a), enter the sum of:

1. Taxes that person owes as a self-dealer, from Schedule A, Part II, column (d), and

2. Tax for acts of self-dealing in which the individual participated as a foundation manager, from Schedule A, Part III, column (d).

Column (d).—Enter for each person listed in column (a) the tax on jeopardy investments from Schedule D, Part II, column (d), that the individual took part in as a foundation manager.

Column (e).—Enter for each person listed in column (a) the tax on taxable expenditures from Schedule E, Part II, column (d), that the individual took part in as a foundation manager.

Column (f).—Enter for each person listed in column (a) the tax on political expenditures from Schedule F, Part II, column (d), that the individual took part in as an organization or foundation manager.

Column (g).—Enter for each person listed in column (a) the tax on disqualifying lobbying expenditures from Schedule H, Part II, column (d), that the individual took part in as an organization manager.

A person's liability for tax as a self-dealer or manager under sections 4912, 4941, 4944, 4945, and 4955 is joint and several. Therefore, if more than one person owes tax on an act as a manager or self-dealer, they may apportion the tax among themselves. However, when all managers or self-dealers who are liable for tax on a particular transaction under sections 4912, 4941, 4944, 4945, or 4955 pay less than the total tax due on that transaction, then the IRS may charge the amount owed to one or more of them regardless of the tax apportionment shown on this return.

Schedule A—Initial Taxes on Self-Dealing

General Instructions

Requirement.—All organizations that answered "No" to question 10b or "Yes" to question 10c in Part VII of Form 990-PF, or "No" to question 2b or "Yes"

to question 2c in Part VI of Form 5227, must complete Schedule A. Complete Parts I, II, and III of Schedule A only in connection with acts that are subject to the tax on self-dealing.

Paying the tax and filing a Form 4720 is required for each year or part of a year in the taxable period that applies to the act of self-dealing. Generally, the taxable period begins with the date on which the self-dealing occurs and ends on the earliest of:

1. The date a notice of deficiency is mailed, under section 6212, in connection with the initial tax imposed on the self-dealer,

2. The date the initial tax on the self-dealer is assessed, OR

3. The date correction of the act of self-dealing is completed.

Self-Dealing.—Means any direct or indirect:

1. Sale, exchange, or leasing of property between a private foundation and a disqualified person (see definitions in Form 990-PF instructions),

2. Lending of money or other extension of credit between a private foundation and a disqualified person,

3. Furnishing of goods, services, or facilities between a private foundation and a disqualified person,

4. Payment of compensation (or payment or reimbursement of expenses) by a private foundation to a disqualified person,

5. Transfer to, or use by or for the benefit of, a disqualified person of the income or assets of a private foundation, and

6. Agreement by a private foundation to make any payment of money or other property to a government official (see Pub. 578, Chapter V), other than an agreement to employ or make a grant to that individual for any period after the end of government service if that individual will be ending government service within a 90-day period.

Exceptions to Self-Dealing.—See Pub. 578 for a description of acts that are not considered self-dealing.

Initial Taxes on Self-Dealer.—An initial tax of 5% of the amount involved is charged for each act of self-dealing between a disqualified person and a private foundation for each year or part of a year in the taxable period. Any disqualified person (other than a foundation manager acting only as such) who takes part in the act of self-dealing must pay the tax.

Initial Taxes on Foundation

Managers.—When a tax is imposed on a foundation manager for an act of self-dealing, the tax will be 2½% of the amount involved in the act of self-dealing for each year or part of a year in the taxable period. However, the total tax imposed for all years in the

taxable period is limited to \$10,000 for each act of self-dealing. The tax is imposed on any foundation manager who took part in the act knowing that it was self-dealing except those foundation managers whose participation was not willful and was due to reasonable cause. Any foundation manager who took part in the act of self-dealing must pay the tax.

Specific Instructions

Part I.—List each act of self-dealing in Part I. Enter in column (d) the number designation from Form 990-PF, Part VII, question 10a, or Form 5227, Part VI, question 2a, that applies to the act. For example, “10a(1)” or “2a(4).”

Part II.—Enter in column (a) the names of all disqualified persons who took part in the acts of self-dealing listed in Part I. If more than one disqualified person took part in an act of self-dealing, each is individually liable for the entire tax in connection with the act. But the disqualified persons who are liable for the tax may prorate the payment among themselves. Enter in column (c) the tax to be paid by each disqualified person.

Carry the total amount in column (d) for each self-dealer to page 1, Part II-A, column (c).

Part III.—Enter in column (a) the names of all foundation managers who took part in the acts of self-dealing listed in Part I, and who knew that they were acts of self-dealing (except for foundation managers whose participation was not willful and was due to reasonable cause).

If more than one foundation manager took part in the act of self-dealing, knowing that it was such an act, and participation was willful and not due to reasonable cause, each is individually liable for the entire tax in connection with the act. But the foundation managers liable for the tax may prorate the payment among themselves. Enter in column (c) the tax to be paid by each foundation manager.

Carry the total amount in column (d) for each foundation manager to page 1, Part II-A, column (c).

Schedule B—Initial Tax on Undistributed Income

Complete Schedule B if you answered “No” to Form 990-PF, Part VII, question 11b.

An initial excise tax of 15% is imposed on a private foundation's undistributed income on the first day of the second or any succeeding tax year after the tax year in connection with which income remains undistributed.

Use the 1993 Form 4720 to report the initial tax on undistributed income for tax

years beginning in 1992 or earlier that remains undistributed at the end of the foundation's current tax year beginning in 1993. The initial tax will not apply to a private foundation's undistributed income:

1. For any tax year it is an operating foundation (as defined in section 4942(j)(3) and related regulations or in section 4942(j)(5)), or

2. To the extent it did not distribute an amount solely because of an incorrect valuation of assets, provided the foundation satisfies the requirements of section 4942(a)(2), or

3. For any year for which the initial tax was previously assessed or a notice of deficiency was issued.

Do not complete Schedule B for any year for which any of the above provisions apply to the undistributed income.

Schedule C—Initial Tax on Excess Business Holdings

General Instructions

Private foundations are generally not permitted to hold more than a 20% interest in an unrelated business enterprise. They may be subject to an excise tax on the amount of any excess holdings.

Requirement.—If you answered “Yes” to Form 990-PF, Part VII, question 12b, or Form 5227, Part VI, question 4b, complete a Schedule C for each business enterprise in which the foundation had excess business holdings for its tax year beginning in 1993.

Taxes.—A private foundation that has excess holdings in a business enterprise may become liable for an excise tax based on the amount of holdings. The initial tax is 5% of the value of the excess holdings and is imposed on the last day of each tax year that ends during the taxable period. The excess holdings are determined on the day during the tax year when they were the largest.

If the foundation keeps the excess business holdings after the initial tax has been imposed, it becomes liable for an additional tax of 200% of the remaining excess business holdings unless it disposes of them within the taxable period. However, if the foundation disposes of its excess business holdings during the correction period, the additional tax will not be assessed or, if assessed, will be abated and if collected, will be credited or refunded. See Pub. 578 for information on the correction period.

Business Enterprise.—In general, this means the active conduct of a trade or business, including any activity regularly conducted to produce income from selling goods or performing services, that is an unrelated trade or business described in section 513.

The term “business enterprise” does not include a functionally related business as defined in section 4942(j)(4). In addition, business holdings do not include program-related investments (such as investments in small businesses in economically depressed areas or in corporations to assist in neighborhood renovations) as defined in section 4944(c) and related regulations. Also, business enterprise does not include a trade or business at least 95% of the gross income of which comes from passive sources. See Pub. 578.

Excess Business Holdings.—Excess business holdings is the amount of stock or other interest in a business enterprise that the foundation would have to dispose of to a person other than a disqualified person in order for the foundation’s remaining holdings in the enterprise to be permitted holdings (section 4943(c)(1)). See Pub. 578.

Sole Proprietorships.—In general, a private foundation may not have any permitted holdings in a business enterprise that is a sole proprietorship. For exceptions, see Pub. 578, Chapter X. For a definition of sole proprietorship, see Regulations section 53.4943-10(e).

Corporate Voting Stock.—This stock entitles a person to vote for the election of directors. Treasury stock and stock that is authorized but unissued is not voting stock for these purposes. See Regulations sections 53.4943-3(b)(1)(ii) and 53.4943-3(b)(2)(ii).

For a partnership (including a limited partnership) or joint venture, the term “profits interest” should be substituted for “voting stock.” For any unincorporated business enterprise that is not a partnership, joint venture, or sole proprietorship, the term “beneficial interest” should be substituted for “voting stock.” See Regulations section 53.4943-3(c).

Nonvoting Stock.—Corporate equity interests that do not have voting power should be classified as nonvoting stock. Evidences of indebtedness (including convertible indebtedness), warrants, and other options or rights to acquire stock should not be considered equity interests. See Regulations section 53.4943-3(b)(2).

For a partnership (including a limited partnership) or joint venture, the term “capital interest” should be substituted for “nonvoting stock.” For any unincorporated business that is not a partnership, joint venture, or sole proprietorship, references to nonvoting stock do not apply for computation of

permitted holdings. See Regulations section 53.4943-3(c)(4).

Attribution of Business Holdings.—In determining the holdings in a business enterprise of either a private foundation or a disqualified person, any stock or other interest owned directly or indirectly by or for a corporation, partnership, estate, or trust is considered owned proportionately by or for its shareholders, partners, or beneficiaries. In general, this rule does not apply to certain income interests or remainder interests of a private foundation in a split-interest trust described in section 4947(a)(2). See Regulations section 53.4943-8.

Taxable Period.—The taxable period begins on the first day the foundation has excess business holdings and ends on the earliest of:

1. The mailing date of a notice of deficiency, under section 6212, in connection with the initial tax on excess business holdings related to those holdings,
2. The date the excess is eliminated, or
3. The date the initial tax on excess business holdings related to those holdings is assessed.

When a notice of deficiency is not mailed because the restrictions on assessment and collection are waived or because the deficiency is paid, the date of filing the waiver or the date of paying the tax, respectively, will be treated as the end of the taxable period. See Regulations section 53.4943-9.

Exceptions to Tax on Excess Business Holdings

1. 2% De Minimis Rule. A private foundation will not be treated as having excess business holdings in any enterprise in which it, together with related foundations as described in the instructions for Form 990-PF (under the definition for “disqualified person” in the **General Instructions**) owns not more than 2% of the voting stock and not more than 2% in value of all outstanding shares of all classes of stock.

2. Disposition of Excess Business Holdings Within 90 Days. Generally, when a private foundation acquires excess business holdings other than as a result of purchase by the foundation (such as an acquisition by a disqualified person), the foundation will not be taxed on those excess holdings if it disposes of enough of them so that it no longer has an excess. To avoid the tax, the disposition must take place within 90 days from the date the foundation knew, or had reason to know, of the event that caused it to have excess business holdings. That 90-day period will be extended to include the period during which Federal or state securities laws prevent the foundation from disposing of

those excess business holdings. See Regulations section 53.4943-2(a).

3. General Rules on the Permitted Holdings of a Private Foundation in a Business Enterprise. No excess business holdings tax is imposed (a) if a private foundation and all disqualified persons together hold no more than 20% of the voting stock of a business enterprise or (b) on nonvoting stock, if all disqualified persons together do not own more than 20% of the voting stock of the business enterprise.

If the private foundation and all disqualified persons together do not own more than 35% of the enterprise’s voting stock, and effective control is in one or more persons who are not disqualified persons in connection with the foundation, then 35% may be substituted for 20% wherever it appears in the preceding paragraph. See sections 4943(c)(2) and 4943(c)(3).

If a private foundation and all disqualified persons together had holdings in a business enterprise of more than 20% of the voting stock on May 26, 1969, substitute that percentage for 20% and for 35% (if the holding is greater than 35%), using the principles of section 4943(c)(4) that apply. However, the percentage substituted may not be more than 50%.

The percentage substituted under the preceding paragraph (a) is subject to reductions and limitations (see sections 4943(c)(4)(A)(ii) and 4943(c)(4)(D)) and (b) applies both in connection with the voting stock and, separately, in connection with the value of all outstanding shares of all classes of stock (see section 4943(c)(4)(A)(iii)).

4. Interests Held by a Private Foundation on May 26, 1969. For private foundations that had business holdings on May 26, 1969 (or holdings acquired by trust or will as described in exception 5 on page 6), that were more than the current limits permit, there are transitional rules that permit the foundation to dispose of the excess over time without being subject to the tax on excess business holdings.

During the first phase, no excess business holdings tax was imposed on a private foundation for interests held since May 26, 1969, if the foundation had excess holdings on that date. The first phase is:

a. A 20-year period beginning on May 26, 1969, if on that date the foundation and all disqualified persons held more than a 95% voting interest in the enterprise (the 20-year first phase expired on May 25, 1989);

b. A 15-year period beginning on May 26, 1969, if on that date the foundation and all disqualified persons together had more than a 75% voting stock interest (or more than a 75% profits or beneficial interest of any unincorporated business),

or more than a 75% interest in the value of all outstanding shares of all classes of stock (or more than a 75% capital interest of a partnership or joint venture) in the enterprise (the 15-year first phase expired on May 25, 1984); and

c. A 10-year period beginning on May 26, 1969, in all other cases in which the foundation had excess business holdings on May 26, 1969. The 10-year first phase expired on May 25, 1979.

During the second phase (the 15-year period after the first phase), if the foundation's disqualified persons hold more than 2% of the enterprise's voting stock, the foundation will be liable for tax if the foundation holds more than 25% of the voting stock or if the foundation and its disqualified persons together hold more than 50% of the voting stock.

However, during the second phase, if a foundation's disqualified persons purchase voting stock in a business enterprise after July 18, 1984, causing the combined holdings of the disqualified persons to exceed 2% of the enterprise's voting stock, the foundation has 5 years to reduce its holdings in the enterprise to below its second phase limit before the increase will be treated as held by the foundation. See sections 4943(c)(4)(D) and 4943(c)(6).

The first-phase periods may be suspended pending the outcome of any judicial proceeding the private foundation brings regarding reform or other procedure to excuse it from compliance with its governing instrument or similar instrument in effect on May 26, 1969. See section 4943(c)(4)(C) and Regulations section 53.4943-4.

5. Holdings Acquired by Trust or Will. Holdings acquired under the terms of a trust that was irrevocable on May 26, 1969, or under the terms of a will executed by that date, are treated as held by the foundation on May 26, 1969, except that the 15- and 10-year periods of the first phase for the holdings start on the date of distribution under the trust or will instead of on May 26, 1969. See section 4943(c)(5) and Regulations section 53.4943-5. See section 4943(d)(1) and Regulations section 53.4943-8 for rules relating to constructive holdings held in a corporation, partnership, estate, or trust for the benefit of the foundation.

6. Gifts or Bequests of Business Holdings. Except as provided in exception 5, there is a special rule for private foundations that have excess business holdings as a result of a change in holdings after May 26, 1969. This rule applies if the change is other than by purchase by the foundation or by disqualified persons (such as through gift or bequest) and the additional holdings result in the foundation having

excess business holdings. In that case, the foundation has 5 years to reduce these holdings or those of its disqualified persons to permissible levels to avoid the tax. See section 4943(c)(6) and Regulations section 53.4943-6.

A private foundation that received an unusually large gift or bequest of business holdings after 1969, and that has made a diligent effort to dispose of excess business holdings, may apply for an additional 5-year period to reduce its holdings to permissible levels if certain conditions are met. See section 4943(c)(7).

7. Readjustments, Distributions, or Changes in Relative Value of Different Classes of Stock. See Regulations section 53.4943-4(d)(10) for special rules whereby increases in the percentage of value of holdings in a corporation that result solely from changes in the relative values of different classes of stock will not result in excess business holdings.

See Regulations section 53.4943-6(d) for rules on treatment of increases in holdings due to readjustments, distributions, or redemptions.

See Regulations section 53.4943-7 for special rules for readjustments involving grandfathered holdings.

Exceptions From Self-Dealing Taxes on Certain Dispositions of Excess Business Holdings.—Section 101(l)(2)(B) of the Tax Reform Act of 1969 provides for a limited exception from self-dealing taxes for private foundations that dispose of certain excess business holdings to disqualified persons, as long as the sales price equals or is more than fair market value.

The excess business holdings involved are interests that are subject to the section 4941 transitional rules for May 26, 1969, holdings. These interests would also be subject to the excess business holdings tax if they were not reduced by the required amount.

Specific Instructions

Complete columns (a) and (b) if sections 4943(c)(4), 4943(c)(3) (using the principles of 4943(c)(4)), or 4943(c)(5) apply.

Complete column (a) and column (c) (if applicable) if sections 4943(c)(2) or 4943(c)(3) (using the principles of 4943(c)(2)) apply.

Complete Schedule C for that day during the tax year when the foundation's excess holdings in the enterprise were largest.

Line 1. Enter in column (a) the percentage of voting stock the foundation holds in the business enterprise.

If the foundation is using the rules or principles for determining present holdings under section 4943(c)(4)(A) or (D), enter in column (b) the percentage

of value the foundation holds in all outstanding shares of all classes of stock.

Do not include in either column (a) or (b) stock treated as held by disqualified persons:

1. Under section 4943(c)(6) or Regulations sections 53.4943-6 and 53.4943-10(d), or

2. During the first phase if the first phase is still in effect (see Regulations sections 53.4943-4(a), (b), and (c)).

Line 2. If the foundation is using the rules or principles for determining present holdings under section 4943(c)(4), refer to that section and Regulations section 53.4943-4(d) to determine which entries to record in columns (a) and (b). Enter in column (a) the excess of the substituted combined voting level over the disqualified person voting level. Enter in column (b) the excess of the substituted combined value level over the disqualified person value level.

If the foundation is using the rules or principles for determining permitted holdings under section 4943(c)(2), refer to that section to determine which entries to record in column (a). Enter in column (a) the percentage, using the general rule (section 4943(c)(2)(A)) or the 35% rule (see section 4943(c)(2)(B)), if applicable, of permitted holdings the foundation may have in the enterprise's voting stock. If the foundation determines the permitted holdings under section 4943(c)(2)(B), attach a statement showing effective control by a third party.

Line 3. Enter the value of any stock, interest, etc., in the business enterprise that the foundation is required to dispose of so the foundation's holdings in the enterprise are permitted. See section 4943 and related regulations.

A private foundation using the section 4943(c)(4) rules has excess holdings if line 1 is more than line 2 in either column (a) or column (b). Do not include in column (b) the value of any voting stock included in column (a).

A private foundation using the section 4943(c)(2) rules has excess holdings if line 1 is more than line 2 in column (a) or if the private foundation holds nonvoting stock and all disqualified persons together own more than 20% (or 35%, if applicable) of the enterprise's voting stock, interest, etc. In the latter case, enter in column (c) the value of all nonvoting stock the foundation holds.

Line 4. Enter the value of excess holdings disposed of under the 90-day rule in Regulations section 53.4943-2(a)(1)(ii). If other conditions preclude imposition of tax on excess business holdings, include the value of the nontaxable amount on this line and attach an explanation.

Schedule D—Initial Taxes on Investments That Jeopardize Charitable Purpose

General Instructions

Requirement.—Complete Schedule D if you answered “Yes” to Form 990-PF, Part VII, question 13a or 13b, or Form 5227, Part VI, question 5a or 5b. Report each investment separately. Paying tax and filing a Form 4720 are required for each year or part of a year in the taxable period that applies to the investments that jeopardize the foundation’s charitable purpose. Generally, the taxable period begins with the date of the investment and ends with the date corrective action is completed, a notice of deficiency is mailed, or the initial tax is assessed, whichever comes first. Therefore, in addition to investments made in 1993, include all investments subject to tax that were made before 1993 if those investments were not removed from jeopardy before 1993 and the initial tax was not assessed before 1993.

Taxable Investments.—An investment to be taxed on this schedule is an investment by a private foundation that jeopardizes the carrying out of its exempt purposes (i.e., if it is determined that the foundation managers, in making the investment, did not exercise ordinary business care and prudence, under prevailing facts and circumstances, in providing for the long- and short-term financial needs of the foundation to carry out its exempt purposes). See Regulations section 53.4944-1(a)(2). An investment is not taxed on this schedule if it is a program-related investment; that is, one whose primary purpose is one or more of those described in section 170(c)(2)(B) (religious, charitable, educational, etc.). A significant purpose of such an investment cannot be the production of income or the appreciation of property. See section 4944(c) and Regulations section 53.4944-3.

Initial Taxes on Foundation.—The initial tax is 5% of the amount invested for each year or part of a year in the taxable period.

Initial Taxes on Foundation Managers

—When a tax is imposed on a jeopardy investment of the foundation, the tax will be 5% of the investment for each year or part of a year in the taxable period, up to \$5,000 for any one investment. It is imposed on all foundation managers who took part in the act, knowing that it was such an act, except for foundation managers whose participation was not willful and was due to reasonable cause. Any foundation

manager who took part in making the investment must pay the tax.

Specific Instructions

Part I.—Complete this part for all taxable investments.

Part II.—Enter in column (a) the names of all foundation managers who took part in making the investments listed in Part I. See **Initial Taxes on Foundation Managers** above.

If more than one foundation manager is listed in column (a), each is individually liable for the entire amount of tax in connection with the investment. However, the foundation managers who are liable for the tax may prorate payment among themselves. Enter in column (c) the tax each foundation manager will pay.

Carry the total amount in column (d) for each foundation manager to page 1, Part II-A, column (d).

Schedule E—Initial Taxes on Taxable Expenditures

General Instructions

Requirement.—Complete Schedule E if you answered “No” to Form 990-PF, Part VII, question 14b, or Form 5227, Part VI, question 6b. Complete Parts I and II of Schedule E only for expenditures that are subject to tax.

Note: Also see **Schedule F, Initial Taxes on Political Expenditures**.

Taxable Expenditures.—With certain exceptions, this means any amount a private foundation pays or incurs:

1. To carry on propaganda or otherwise influence any legislation through—
 - a. An attempt to influence general public opinion or any segment of it, and
 - b. Communication with any member or employee of a legislative body, or with any other government official or employee who may take part in formulating legislation;
2. To influence the outcome of any specific public election, or to conduct, directly or indirectly, any voter registration drive;
3. As a grant to an individual for travel, study, or other purposes;
4. As a grant to an organization not described in section 509(a)(1), (2) or (3), or that is not an exempt operating foundation (as defined in section 4940(d)(2)); or
5. For any purpose other than religious, charitable, scientific, literary, educational, or public purposes, or the prevention of cruelty to children or animals.

Exceptions.—Section 4945(d)(4)(B) provides an exception to taxable expenditures that applies to certain grants to organizations when the granting foundation exercises expenditure responsibility described in section 4945(h). Pub. 578 has additional information on special rules and exceptions to the definition of taxable expenditures given above.

Initial Tax on Foundation.—An initial tax of 10% of each taxable expenditure is imposed on the foundation.

Initial Tax on Foundation Managers.—When a tax is imposed on a taxable expenditure of the foundation, a tax of 2½% of the expenditure will be imposed on any foundation manager who agreed to the expenditure and who knew that it was a taxable expenditure. Foundation managers whose participation was not willful and was due to reasonable cause are not liable for the tax. Any foundation manager who took part in the expenditure and is liable for the tax must pay the tax. The maximum total amount of tax on all foundation managers for any one taxable expenditure is \$5,000. If more than one foundation manager is liable for tax on a taxable expenditure, all those foundation managers are jointly and severally liable for the tax.

Specific Instructions

Part I.—Complete this part for all taxable expenditures. Enter in column (f) the number designation from Form 990-PF, Part VII, question 14a, or Form 5227, Part VI, question 6a, that applies to the act; for example, “14a(1)” or “6a(3).”

Part II.—Enter in column (a) the names of all foundation managers who agreed to make the taxable expenditure. See **Initial Tax on Foundation Managers** above. If more than one foundation manager is listed in column (a), each is individually liable for the entire tax in connection with the expenditure. However, the foundation managers who are liable for the tax may prorate the payment among themselves. Enter in column (c) the tax each foundation manager will pay.

Carry the total amount in column (d) for each foundation manager to page 1, Part II-A, column (e).

Schedule F—Initial Taxes on Political Expenditures

General Instructions

Requirement.—Complete Schedule F if you answered “Yes” to question 14a(2) and “No” to question 14b of Form 990-PF, Part VII. Complete Schedule F if you entered an amount of political expenditure in question 81a, Part VI of

Form 990, or in question 37a, Part V, of Form 990-EZ.

Political Expenditures.—These include any amount paid or incurred by a section 501(c)(3) organization that participates or intervenes in (including the publication or distribution of statements) any political campaign on behalf of, or in opposition to, any candidate for public office. The tax is imposed even if the political expenditure gives rise to a revocation of the organization's section 501(c)(3) status.

These taxes apply in the case of both public charities and private foundations. When tax is imposed under this provision in the case of a private foundation, however, the expenditure in question will not be treated as a taxable expenditure under section 4945.

For an organization formed primarily to promote the candidacy or prospective candidacy of an individual for public office (or that is effectively controlled by a candidate or prospective candidate and is used primarily for such purposes), amounts paid or incurred for any of the following purposes are deemed political expenditures:

1. Remuneration to the candidate or prospective candidate for speeches or other services;
2. Travel expenses of the individual;
3. Expenses of conducting polls, surveys, or other studies, or preparing papers or other material for use by the individual;
4. Expenses of advertising, publicity, and fundraising for such individual; and
5. Any other expense which has the primary effect of promoting public recognition or otherwise primarily accruing to the benefit of the individual.

Initial Tax on Organization or Foundation.—The initial tax on the organization or foundation is 10% of the amount involved.

Initial Tax on Organization Managers or Foundation Managers.—An initial tax of 2½% of the amount involved (up to \$5,000 of tax on any one expenditure) is imposed on any manager who agrees to an expenditure, knowing that it is a political expenditure, unless the agreement is not willful and is due to reasonable cause.

Any manager who agreed to the expenditure must pay the tax.

Specific Instructions

Part I.—Complete this part for all political expenditures.

Part II.—Enter in column (a) the names of all managers who took part in making the political expenditures listed in Part I. See **Initial Tax on Organization Managers or Foundation Managers** above.

If more than one manager is listed in column (a), each is individually liable for the entire amount of tax on the expenditure. However, the managers who are liable for the tax may prorate payment among themselves. Enter in column (c) the tax each manager will pay.

Carry the total amount in column (d) for each manager to page 1, Part II-A, column (f).

Schedule G—Tax on Excess Lobbying Expenditures

Requirement.—Schedule G must be completed by eligible section 501(c)(3) organizations that elected to be subject to the limitations on lobbying expenditures under section 501(h) and that made excess lobbying expenditures as defined in section 4911(b).

Except as noted below, please follow the line instructions on Schedule G.

Affiliated Groups.—If you are a nonelecting member of an affiliated group, you are not required to file Form 4720.

If you are an electing member of an affiliated group and are filing a separate return, enter on line 1 the amount from Schedule A (Form 990), Part VI-A, column (b), line 43. Enter on line 2 the amount from Schedule A (Form 990), Part VI-A, column (b), line 44.

If you are an electing member of an affiliated group and are included in a group return, enter on line 1 your share of the excess grassroots lobbying expenditures of the affiliated group, and on line 2 your share of the excess lobbying expenditures of the affiliated group. Take these amounts from the schedule of excess lobbying expenditures that must be attached to Schedule A (Form 990). See the instructions for Schedule A (Form 990), Part VI-A, for a discussion of the lobbying provisions, including how to figure the taxable amount.

Schedule H—Taxes on Disqualifying Lobbying Expenditures

General Instructions

Requirement.—Schedule H must be completed by certain organizations whose section 501(c)(3) status is revoked because of excess lobbying activities.

Exceptions.—These taxes are not imposed on a private foundation (whose lobbying expenditures may be subject to the tax on taxable expenditures). These taxes also are not imposed on any organization for which a section 501(h) election was in effect at the time of the lobbying expenditures or that was not eligible to make a section 501(h) election.

Tax on Organization.—A tax of 5% of the lobbying expenditures is imposed on the organization whose section 501(c)(3) status is revoked because of excess lobbying activities.

Tax on Organization Managers.—A tax of 5% of the lobbying expenditures is also imposed on any manager who willfully and without reasonable cause consented to the lobbying expenditures, knowing that they would likely result in the organization no longer qualifying under section 501(c)(3).

There is no limit on the amount of this tax that may be imposed against either the organization or its managers. Any organization manager who agreed to the expenditure must pay the tax.

Specific Instructions

Part I.—Complete this part for all disqualifying lobbying expenditures.

Part II.—Enter in column (a) the names of all organization managers who took part in making disqualifying lobbying expenditures listed in Part I. See **Tax on Organization Managers** above.

If more than one organization manager is listed in column (a), each is individually liable for the entire amount of tax in connection with the expenditure. However, the managers who are liable for the tax may prorate payment among themselves. Enter in column (c) the tax each manager will pay.

Carry the total amount in column (d) for each organization manager to page 1, Part II-A, column (g).
