Some of the revisions were made under Announcement 2011-82, 2011-52 I.R.B. 1052, which eliminated demonstrations regarding coverage and nondiscrimination requirements and limited Form 5307, Application for Determination for Adopters of Modified Volume Submitter (VS) Plans applications.

General Instructions

Purpose of Form

File Form 5300 to request a DL from the IRS for the qualification of a defined benefit (DB) or a defined contribution (DC) plan and the exempt status of any related trust.

Who May File

This form may be filed by any:

- **Employer**, including a sole proprietor, partnership, plan sponsor, or a plan administrator that has adopted an individually designed plan to request a DL on:

1. Initial qualification of a plan; or
2. Qualification of an entire plan as amended.

- **Employer, plan sponsor, or plan administrator**, requesting a DL for compliance with the applicable requirements of a foreign situs trust for the taxability of beneficiaries (section 402(c)) and deductions for employer contributions (section 404(a)(4)).

File Form 5307 instead of Form 5300, if this is a VS plan that has made limited modifications to an approved specimen plan (that does not create an individually designed plan).

Note. Adopters of Master and Prototype (M&P) plans may not use Form 5307.

In certain circumstances as noted in instructions to lines 3a(2), 3g and 6i, an application for a DL for a VS or M&P plan must be filed on Form 5300 and the plan will be reviewed on the basis of the Cumulative List (CL) that was considered in issuing the opinion or advisory letter for the plan. For all other pre-approved plan submissions on Form 5300, follow the applicable procedures for individually designed plan submissions, except as specifically noted in these instructions.

Note. If no changes have been made by an adopting employer other than to select among options in the adoption agreement or make other permitted changes as specified in section 19.03 of Rev. Proc. 2011-49, 2011-44 I.R.B. 608 available at www.irs.gov/irb/2011-44_IRB/ar08.html (and if the special requests described under lines 3(a)(2), 3g and 6i do not apply) an adopting employer can rely on a favorable opinion or advisory letter for the plan and a DL is not required for reliance.

Type of Plan

A **DC plan** is a plan that provides an individual account for each participant and for benefits based only on:

1. The amount contributed to the participant's account, and
2. Any income, expenses, gains and losses, and any forfeiture of accounts of other participants that may be allocated to the participant's account.

A **DB plan** is any plan that is not a DC plan.

Termination of Plan. If the plan is terminated, file Form 5310, Application for Determination For Terminating Plan.

If benefit accruals or contributions have ceased, the plan and trust will not be considered terminated until an official action to terminate has occurred.

Note. A DB plan cannot be amended to become a DC plan. If a sponsor of a DB plan attempts to amend the plan to become a DC plan, or if the merger of a DB plan with a DC plan results solely in a DC plan, the DB plan is considered terminated.

What To File

All applications (including applications for pre-approved plans, except as otherwise noted) must contain an original signature and be accompanied by the following:

1. A completed Form 5300.
2. A Form 8717, User Fee for Employee Plan Determination Letter Request, and, if applicable, a check for the appropriate user fee. Submit a separate check for each application. Make checks payable to the “United States Treasury.”
3. Form 8905, Certification of Intent To Adopt a Pre-Approved Plan, if applicable as determined under Part III of Rev. Proc. 2007-44.
4. A copy of the plan (all instruments that make up the plan in the case of initial qualification and a copy of the restated plan and trust, in the case of an amended plan where a DL is requested on the plan after initial qualification). A plan must be restated except for certain requests related to pre-approved plans. See lines 3a(2), 3g, and 6i.

5. A copy of the latest DL if the plan has received one. If not available, explain why and include a copy of the prior plan or adoption agreement (including the opinion letter or advisory letter, if applicable).

6. Submit copies of all signed and dated interim and other plan amendments since the last restatement. If the plan does not have a DL for the preceding remedial amendment cycle (RAC), the plan sponsor must include with this application filing, copies of interim and discretionary amendments adopted for the preceding cycle. However, do not list these amendments in the table in line 3m.

Note. If the plan is a pre-approved (M&P or VS) plan, do not submit any interim or other amendments to the plan that were adopted by the M&P sponsor or VS practitioner on behalf of the

employer and considered by the Service in issuing an opinion or advisory letter for the plan.

7. A copy of any compliance statement(s) or closing agreement(s) regarding this plan issued during the current RAC.

8. When requesting a DL on the entire plan as amended after initial qualification, attach a statement explaining how any amendments made since the last DL affect this or any other plan of the employer.

9. In the case of a pre-approved plan not requesting a special ruling under lines 3a(2), 3g, and 6i, attach an explanation why Form 5300 is being filed. In this case, the plan will be reviewed on the basis of the CL in effect when the application is filed (the “current list”). The application must include all interim amendments to the plan for qualification changes and guidance on the current list (as well as all discretionary amendments adopted by the date of the application) that were not considered in the current opinion or advisory letter for the plan, regardless of whether those amendments were adopted by the sponsor of the pre-approved plan document on the employer’s behalf.

10. If this is a special ruling request for a DL for an adopting employer of a pre-approved plan as described under lines 3a(2), 3g, and 6i, include a copy of the opinion or advisory letter and except in the case of a VS plan that does not authorize the practitioner to amend the plan on behalf of adopting employers do not include any interim amendments. The plan will be reviewed on the basis of the CL that was considered in issuing the opinion and advisory letter for the plan and the plan need not be restated.

For an employee stock ownership plan (ESOP), attach Form 5309, Application for Determination of Employee Stock Ownership Plan.

Note. Do not use staples (except to attach the check to the Form 8717), paper clips, binders, or sticky notes. Do not punch holes in the documents.

Note. See the *Procedural Requirements Checklist* to ensure that the application package is complete before submitting it.

• **Enter 6** if this is a request for the effect a potential partial termination will have on the plan's qualification. The "effective date" means the date the partial termination occurred. Enter this date on line 3c.

Partial termination. For a partial termination submit:

1. A copy of the restated plan and trust plus all amendments made to the date the plan is adopted,

affect this or any other plan of the employer,

4. A statement indicating whether a partial termination may have occurred or may occur as a result of proposed actions and include a statement describing the applicable actions,

5. A schedule of information for the plan year in which the partial (or potential partial) termination began, using the format in the *Partial Termination Worksheet*. Also include on the schedule data for the subsequent plan year, as well as for the 2 prior plan years,

6. If the plan has more than one benefit computation formula, complete a *Partial Termination Worksheet* for each benefit formula, and

7. Include an explanation of how the plan meets the requirements of section 411(d)(3).

• **Enter 7** if this is a termination of a multiemployer or a multiple employer plan covered by Pension Benefit Guaranty Corporation insurance. Insert date of termination.

Line 3b. If the initial plan is a proposed plan document, enter "09/09/9999."

Lines 3g(1) and (2). See special instructions under *What To File*, for rules that apply to pre-approved plans asking for rulings under lines 3(a)(2), 3(g) and 6(i). In other circumstances where a pre-approved plan is asking for a determination under Form 5300, these special rules (reviewing on the basis of the underlying CL) do not apply. Attach an explanation explaining why the Form

5300 is being filed and see *What To File*.

• Mark "Yes" in the applicable box if this is a multiple employer plan. For multiple employer plans that do not involve collective bargaining, submit either:

1. An application for the plan in the name of the controlling member, or
2. An application for the plan in the name of the controlling member and an application for each employer maintaining the plan who desires an individual DL. Each Form 5300 must be signed by the respective employers.

• Mark "Yes" in the applicable box if this is a DL request required pursuant to published guidance by the Service, such as a minimum funding waiver. If this is a minimum funding waiver request, see section 15 of Rev. Proc. 2013-6.

• Mark "Yes" in the applicable box if this is an M&P plan where the adopting employer has added language to satisfy the requirements of sections 415 and 416 because of the required aggregation of plans.

• Mark "Yes" in the applicable box if the VS or M&P plan is a pension plan with a normal retirement age earlier than age 62. In this case the employer must submit a signed statement that this is a good faith determination of the typical retirement age for the industry in which the covered workforce is employed. See Regulations section 1.401(a)-1.

Line 3h. An individually designed plan is eligible for the 6-year RAC if the employer that sponsors the plan and the

sponsor of a pre-approved M&P or VS plan document jointly executed Form 8905 before the end of the plan's 5-year RAC which ends within the current 6-year RAC. An individually designed plan is also eligible for the 6-year cycle under certain other circumstances set forth in section 17 of Rev. Proc. 2007-44.

Line 3i. A VS plan may, but is not required to, contain a provision that authorizes the VS practitioner to amend the plan on behalf of employers who have previously adopted the plan. For purposes of reliance on the advisory letter, the practitioner will no longer have the authority to amend the plan on behalf of the employer as of the date of the adoption of an employer amendment to the plan to incorporate a type of plan not allowable in the VS program or as of the date the Service notifies the practitioner that the plan is an individually designed plan. See section 15.03 of Rev. Proc. 2011-49.

Line 3j. The plan sponsor is an "identical adopter" of a pre-approved M&P or VS plan and has made no changes to the pre-approved plan document other than to select among options provided under the plan or certain changes described in section 19.03 of Rev. Proc. 2011-49.

Line 3m. Use the table to list all the amendments to the plan that have been adopted during the RAC of the plan in which the application is submitted (the "current cycle"), other than amendments described in the following paragraph.

Do not list:

1. Any amendment that was adopted during the current cycle as a condition of a DL for the preceding cycle (but include a copy of the amendment with the application);

2. Any amendment to a pre-approved plan that was adopted by the sponsor on behalf of the employer and considered by the Service in issuing an opinion or advisory letter for the plan;

3. If 4-7 is entered in line 3a(2) or if 1-4 is entered in line 3g, any amendment to a pre-approved plan that is effective after the year of the CL that was considered by the Service in issuing an opinion or advisory letter for the plan, regardless of whether the amendment was adopted by the sponsor of the pre-approved document or the employer;

4. Any interim amendment not included on the CL for which this determination is being requested.

Note. If the plan does not have a DL for the preceding RAC and the plan sponsor is not entitled to rely on an opinion or advisory letter for that cycle, the plan sponsor must include with the application copies of interim amendments adopted for the preceding cycle. See *What To File*. However, do not list these amendments in the table in line 3m.

Column (i). Note each amendment using an identifying number or name (such as Amendment 1, or PPA Amendment). An amendment may consist of modifications made to several plan provisions that are adopted on the same date. Two or more amendments with the same adoption date may be grouped and listed on a single line of the table. In this case, enter in column (ii) the effective date of the amendment with the earliest effective date of any of the grouped amendments.

Column (ii). Enter the date the amendment is actually effective under the plan. For example, if an amendment is effective on the first day of the first plan year beginning on or after January 1, 2013, and the plan year of the plan ends on June 30, the date to be entered in column (ii) is 07/01/2013.

Column (iii). If the amendment is in proposed form enter 09/09/9999.

Column (vi). For each individual amendment listed, did the pre-approved plan sponsor have the power to amend the plan on behalf of the adopting employer? If "Yes," enter "X" in this column.

Column (vii). Note the due date of the employer's tax return, including extensions, if applicable, for the year in which the amendments were adopted. If the relevant amendment is discretionary only, this field should be blank.

Line 3n. Enter number of amendments listed in the table in line 3m.

Line 3o. Designate the specific tax return that the employer uses to file its return. For example, Form 1120, 1040 or Form 990 series (in the case of a tax-exempt employer). For a tax-exempt employer, the section 990 series is a substitute for an income tax return. If no tax return is filed by the entity (such as a governmental employer) write "N/A" in the box. See section 5.06(2) of Rev. Proc. 2007-44 for details.

Line 4a. This field is limited to 70 characters, including spaces. Fill in the plan name as it should appear on the DL. Keep in mind that "Employees" and

"Trust" are not necessary in the plan name and will be left off if space does not permit.

Line 4b. Enter the three-digit plan number, beginning with "001" and continuing in numerical order for each plan you adopt (001-499). The numbering will differentiate your plans. The number assigned to a plan must not be changed or used for any other plan. This should be the same number that is used when the Form 5500 series annual returns/report is filed.

Line 4c. Plan month means the month in which the plan year ends. Enter the two-digit month (MM).

Line 4e. Enter the total number of participants. A participant is:

1. Any employee participating in the plan, including employees under a section 401(k) qualified cash or deferred arrangement who are eligible but do not make elective deferrals,
2. Retirees and other former employees who have a nonforfeitable right to benefits under the plan, and
3. The beneficiaries of a deceased employee who is receiving or will in the future receive benefits under the plan. Include one beneficiary for each deceased employee regardless of the number of individuals receiving benefits.

Example. Payment of a deceased employee's benefit to three children is considered a payment to one beneficiary.

Lines 4f and 4g. See Notice 2002-1, 2002-2 I.R.B. 283 (as amplified by Notice 2003-49, 2003-32 I.R.B. 294, and Notice 2011-86, 2011-45 I.R.B. 698) for further details, including how to determine compensation.

Line 5a. A Pension Equity Plan (PEP) is a DB plan which, rather than or in addition to expressing the accrued benefit as a life annuity commencing at normal retirement age, defines benefits for each employee as an amount equal to an accumulated percentage of final pay. Benefits are generally described as a percentage of final average pay, with the percentage determined as the accumulation of percentage points or lump sum credits received for each year of service. Generally, the accumulated percentage points or lump sum credits are multiplied by final average or career average compensation to determine the lump sum amount.

A "cash balance" plan is a DB plan which, rather than or in addition to expressing the accrued benefit as a life

annuity commencing at normal retirement age, defines benefits for each employee in terms more common to a DC plan, that is, as a single sum amount equal to the employee's hypothetical account balance. Benefits consist of an accumulation of hypothetical allocation credits to an account plus hypothetical accumulated interest credits on that account.

Line 5b(2). If the plan's normal retirement age is below 62, the employer (or trustees in the case of multiemployer plan) must submit a signed statement that this is a good faith determination of the typical retirement age for the industry in which the covered workforce is employed. See Regulations section 1.401(a)-(1). If this is a governmental plan leave blank.

Line 6a(1). If the employer is a member of a controlled group of corporations, trades or businesses under common control, or an ASG, all employees of the group will be treated as employed by a single employer for purposes of certain qualification requirements. Attach a statement that provides the following in detail:

1. All members of the group,
2. The relationship of each member to the plan sponsor,
3. The type(s) of plan(s) maintained by each employer, and
4. Plans common to all members.

Line 6a(2). Mark "Yes" if the plan sponsor is a foreign entity or the plan sponsor is a member of an ASG, controlled group of corporations, or a group of trades or businesses under common control that includes a foreign entity; a nonresident alien individual; foreign corporation; foreign partnership; foreign trust; foreign estate or any other person that is not a United States person. See section 1473(5) and 7701(a)(30).

Line 6b. If "Yes," complete only applicable sections of this form. Governmental plans under section 414(d) are exempt from certain qualification requirements and are deemed to satisfy certain other qualification requirements under certain conditions. For example, the nondiscrimination, minimum participation rules, top heavy rules, and minimum funding standards do not apply to governmental plans. In addition, such plans meet the vesting rules if they meet the pre-ERISA vesting requirements.

Line 6c. If a church plan has not made such an election, complete only the portions of this form that apply.

A church plan (for which no special election under section 410(d) has been made) is ordinarily not subject to various qualification requirements. Section provisions that do not apply to a nonelecting church plan include section 410 (relating to minimum participation standards), section 411 (relating to minimum vesting standards), section 412 (relating to minimum funding standards for pension plans), and section 4975 (relating to prohibited transactions). In addition, provisions relating to joint and survivor annuities, mergers and consolidations, assignment or alienation of benefits, time of benefit commencement, certain social security increases, withdrawals of employee contributions, and distributions after plan termination, respectively, also do not apply.

Line 6g or 6h.
