Hurricane Harvey Employee Retention Credit (Form 5884-A, Line 1a)

An eligible employer who continued to pay or incur wages after the employer's business became inoperable because of damage from Hurricane Harvey may be able to claim a credit equal to 40% of up to \$6,000 of qualified wages paid to or incurred for each eligible employee.

Eligible employer. For this purpose, an eligible employer is an employer who conducted an active trade or business in the Hurricane Harvey disaster zone on August 23, 2017, and whose trade or business was inoperable on any day after August 23, 2017, and before January 1, 2018, because of damage sustained from Hurricane Harvey.

Eligible employee. For this purpose, an eligible employee is an employee of an eligible employer whose principal place of employment on August 23, 2017, with the employer, was in the Hurricane Harvey disaster zone.

An employee isn't an eligible employee for any period during which the eligible employer is allowed a work opportunity credit for wages paid to or incurred for the employee.

Qualified wages. For this purpose, qualified wages are wages you paid to or incurred for eligible employees on any day after August 23, 2017, and before January 1, 2018, during the period beginning on the date your trade or business first became inoperable at the employee's principal place of employment immediately before August 23, 2017, and ending on the date your trade or business resumed significant operations at that place. The amount of qualified wages that may be taken into account is limited to \$6,000 per employee. This includes wages paid or incurred whether the employee performs no services, performs services at a place of employment other than the principal place of employment, or performs services at the principal place of employment before significant operations have resumed.

Wages qualifying for the credit generally have the same meaning as wages subject to the Federal Unemployment Tax Act (FUTA). Qualified wages also include amounts you paid or incurred for medical or hospitalization expenses in connection with sickness or accident disability. Qualified wages don't include wages paid to or incurred for your dependent or wages paid to or incurred for an employee related to you.

For agricultural employees, if the work performed by any employee during more than half of any pay period qualifies under FUTA as agricultural labor, the first \$6,000 of that employee's wages subject to social security and Medicare taxes are qualified wages.

For purposes of this credit, qualified wages paid by a third-party payer (including an employee leasing company, a professional employer organization, or a Certified Professional Employer Organization) to eligible employees of an eligible employer are considered qualified wages incurred by the eligible employer. Only the eligible employer, and not the third-party payer, can take into account such qualified wages in claiming the credit.

Qualified wages for any employee must be reduced by the amount of any work supplementation payment you received under the Social Security Act for the employee.

California. Los Angeles, San Diego, Santa Barbara, and Ventura.

Member of Controlled Group or Business Under Common Control

For purposes of figuring the credit, all members of a controlled group of corporations (as defined in section 52(a)) and all members of a group of businesses under common control (as defined in section 52(b)), are treated as a single taxpayer. As a member, figure your credit based on your proportionate share of qualified wages giving rise to the group's employee retention credit. Enter your share of the credit on line 2. Attach a statement showing how your share of the credit was figured, and enter "See attached" next to the entry space for line 2.

Specific Instructions

Section A. Employee Retention Credit

Lines 1a, 1b, 1c, 1d, and 1e

Enter the total qualified wages (defined earlier) paid or incurred. Don't enter more than \$6,000 for each qualified employee.

Line 2

In general, you must reduce your deduction for salaries and wages by the amount on line 2. You must make this reduction even if you can't take the full credit this year because of the tax liability limit on Form 3800. If you capitalized any costs on which you figured the credit, reduce the amount capitalized by the amount of the credit attributable to these costs.

Line 3

Enter total employee retention credits from:

- Schedule K-1 (Form 1065), Partner's Share of Income, Deductions, Credits, etc., box 15 (code P);
- Schedule K-1 (Form 1120S), Shareholder's Share of Income, Deductions, Credits, etc., box 13 (code P);
- Schedule K-1 (Form 1041), Beneficiary's Share of Income, Deductions, Credits, etc., box 13 (code Z); or
- Form 1099-PATR, Taxable Distributions Received From Cooperatives, box 10, or other notice of credit allocation.

Partnerships, S corporations, cooperatives, estates, and trusts report the above credits on line 3. All other filers figuring a separate credit on earlier lines also report the above credits on line 3. All others not using earlier lines to figure a separate credit can report the above credits directly on Form 3800, Part III, line 1aa.

Line 5

Cooperatives. A cooperative described in section 1381(a) must allocate to its patrons the credit in excess of its tax liability limit. Therefore, to figure the unused amount of the credit allocated to patrons, the cooperative must

first figure its tax liability. While any excess is allocated to patrons, any credit recapture applies as if the cooperative had claimed the entire credit.

If the cooperative is subject to the passive activity rules, include on line 3 any Form 5884-A credit from passive activities disallowed for prior years and carried forward to this year. Complete Form 8810, Corporate Passive Activity Loss and Credit Limitations, to determine the allowed credit that must be allocated to patrons. For details, see the Instructions for Form 8810.

beneficiaries in the same proportion as income was allocated and enter the beneficiaries' share on line 5.

If the estate or trust is subject to the passive activity rules, include on line 3 any Form 5884-A credit from passive activities disallowed for prior years and carried forward to this year. Complete Form 8582-CR, Passive Activity Credit Limitations, to determine the allowed credit that must be allocated between the estate or trust and the beneficiaries. For details, see the Instructions for Form 8582-CR.
