

# Instructions for Form 990-BL

(Revised January 1997)

## Information and Initial Excise Tax Return for Black Lung Benefit Trusts and Certain Related Persons

*Section references are to the Internal Revenue Code, unless otherwise noted.*

**Paperwork Reduction Act Notice.**— We ask for the information on these forms to carry out the Internal Revenue laws of the United States. You are required to give us the information. We need it to ensure that you are complying with these laws and to allow us to figure and collect the right amount of tax.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and tax return information are confidential, as required by section 6103.

The time needed to complete and file this form and related schedules will vary depending on individual circumstances. The estimated average times are:

Form	Recordkeeping	Learning about the law or the form	Preparing and sending the form to the IRS
990-BL	16 hrs., 44 min.	6 hrs., 22 min.	6 hrs., 55 min.
Sch. A (Form 990-BL)	6 hrs., 56 min.	18 min.	25 min.

If you have comments concerning the accuracy of these time estimates or suggestions for making this form and related schedule simpler, we would be happy to hear from you. You can write to the Tax Forms Committee, Western Area Distribution Center, Rancho Cordova, CA 95743-0001. **DO NOT** send the tax form to this address. Instead, see **Where To File** below.

## General Instructions

**Purpose of Form.**— Form 990-BL is generally used by black lung benefit trusts to meet the reporting requirements of section 6033. If initial taxes are imposed on the trust or certain related parties, trusts must also file **Schedule A (Form 990-BL)** Computation of Initial Excise Taxes on Black Lung Benefit Trusts and Certain Related Persons.

## Who Must File

The trustee must file Form 990-BL for a trust exempt from tax under section 501(a) and described in section 501(c)(21), unless the trust normally has gross receipts in each tax year of not more than \$25,000.

The initial excise taxes imposed on black lung benefit trusts, trustees, and disqualified persons under sections 4951 and 4952 are reported on Schedule A (Form 990-BL).

A black lung benefit trust required to file an annual information return and liable for tax under section 4952 should complete Form 990-BL and attach a completed Schedule A (Form 990-BL). A trust liable for section 4952 tax but not otherwise required to file Form 990-BL should complete the identification and signature area of Form 990-BL and attach a completed Schedule A (Form 990-BL).

A trustee or disqualified person liable for section 4951 or 4952 tax should complete the heading (omitting the check boxes for application pending, address change, and FMV of assets) and signature area of Form 990-BL and attach a completed Schedule A (Form 990-BL). A trustee liable for sections 4951 and 4952 taxes reports both taxes on one return.

If no tax is due under section 4951 or 4952, do not file Schedule A (Form 990-BL).

Your key District Director will tell you what procedures to follow if the trust or any related persons incur any liability for additional taxes and penalties based on sections 4951 and 4952.

Form 990-BL will not be automatically mailed to the persons required to file it but may be requested from the Forms Distribution Center for your state by calling 1-800-TAX-FORM (1-800-829-3676).

An organization claiming an exempt status under section 501(c)(21) prior to the establishment of exempt status should file this return if its application for recognition of exemption is pending (including appeal of a proposed adverse decision).

## Accounting Period

The return must be on the basis of the established annual accounting period of the organization. If the organization has no established accounting period, the return should be on the basis of the calendar year.

## Accounting Methods

Gross income, receipts, and disbursements must be figured by the method of accounting regularly used by the organization in maintaining its books and records, unless otherwise specified in the instructions.

## When and Where To File

This return, including Schedule A (Form 990-BL) if tax is due, must be filed on or before the 15th day of the 5th month following the close of the filer's tax year. File it with the **Internal Revenue Service, Ogden, Utah 84201-0027**. If the regular due date falls on a Saturday, Sunday, or legal holiday, file on the next business day.

You may request an extension of time to file Form 990-BL by filing **Form 2758**, Application for Extension of Time To File Certain Excise, Income, Information, and Other Returns.

**Rounding Off to Whole Dollars.**— You may show the money items on the return and accompanying schedules as whole-dollar

amounts. To do so, drop amounts less than 50 cents and increase any amounts from 50 to 99 cents to the next dollar.

**Attachments.**— If you need more space, attach separate sheets showing the same information in the same order as on the printed forms. Show the totals on the printed forms.

Enter the trust's employer identification number (EIN) (or the disqualified person's social security number (SSN)) on each sheet. Also, use sheets that are the same size as the forms and indicate clearly the line of the printed form to which the information relates.

## Penalties

If an organization fails to file timely, correctly, or completely, it will have to pay \$20 for each day (\$100 a day if it is a large organization) during which such failure continues, unless it can be shown that the failure was due to reasonable cause. The maximum penalty with respect to any one return is the smaller of \$10,000 (\$50,000 for a large organization) or 5% of the gross receipts of the organization for the year.

The IRS may make written demand that the delinquent return be filed or the information furnished within a reasonable time after mailing of notice of the demand. The person failing to comply with the demand on or before the date specified in the demand will have to pay \$10 for each day the failure continues, unless there is reasonable cause. The maximum penalty imposed on all persons for failures with respect to any one return shall not exceed \$5,000. If more than one person is liable for any failures, all such persons are jointly and severally liable with respect to such failures. See section 6652(c).

To avoid having to explain an incomplete return, if a part or line item does not apply, enter "N/A" (not applicable) or "-0-" if an amount is zero.

There are penalties for willful failure to file and for filing fraudulent returns and statements. (See sections 7203, 7206, and 7207.)

**Large organization.**— A large organization is one that has gross receipts greater than \$1 million for the tax year.

## Public Inspection of Completed 990-BL Returns and Approved Exemption Applications

**Through the IRS.**— Generally, the information reported on or with Form 990-BL, including most attachments, is available for public inspection (section 6104(b)). This applies both to information required by the form and to information furnished voluntarily. Approved applications for exemption from Federal income tax are also available for public inspection.

**Exception:** Part IV of Form 990-BL, Statement With Respect to Contributors, etc., and Schedule A (Form 990-BL) are **not** open to public inspection.

The public inspection rules do not apply to Form 990-BL and the attached Schedule A (Form 990-BL) filed by a trustee or disqualified person to report initial taxes on self-dealing or taxable expenditures.

A request for inspection through the IRS must be in writing. It must include the name and address (city and state) of the organization that filed the return or application and should indicate the type (number) of the return and the year(s) involved. The request should be sent to the District Director (Attention: Disclosure Officer) of the district in which the requester desires to inspect the return or application. If inspection at the IRS National Office is desired, the request should be sent to the Commissioner of Internal Revenue, Attention: Freedom of Information Reading Room, 1111 Constitution Avenue, NW, Washington, DC 20224.

Use **Form 4506-A**, Request for Public Inspection or Copy of Exempt Organization Tax Form, to request a copy or to inspect an exempt organization return through IRS. There is a fee for photocopying.

**Through the organization—Annual return.**— An organization must, during the 3-year period beginning with the due date (including extensions) of the Form 990-BL, make its return available for public inspection upon request. All parts of the return and all required schedules and attachments must be made available except Part IV of Form 990-BL and Schedule A (Form 990-BL) as discussed above. Inspection must be permitted during regular business hours at the organization's principal office and at each of its regional or district offices having three or more employees. This provision applies to any organization that files Form 990-BL, regardless of the size of the organization and whether or not it has any paid employees.

**Exemption application.**— Any section 501(c)(21) organization that submitted an application for recognition of exemption to the IRS after July 15, 1987, must make available for public inspection a copy of its application (together with a copy of any papers submitted in support of its application) and any letter or other document issued by the IRS in response to the application. An organization that submitted its exemption application on or before July 15, 1987, must also comply with this requirement if it had a copy of its application on July 15, 1987. As in the case of annual returns, the copy of the application and related documents must be made available for inspection during regular business hours at the organization's principal office and at each of its regional or district offices having at least three employees.

**Penalties for Failure to Comply with Public Inspection Requirements.**— If a person does not comply with the requirement to permit public inspection of annual returns, there is a penalty of \$20 for each day during which such failure continues, unless there is reasonable cause. The maximum penalty imposed on all persons for failures that apply to any one return is \$10,000.

If a person does not comply with the public inspection of applications requirement, there is a penalty of \$20 a day for each day during which such failure continues, unless there is reasonable cause. There is no maximum penalty limitation (see section 6652(c)).

Any person who willfully does not comply with the public inspection requirements for the annual return or application is subject to an

additional penalty of \$1,000 for each return or application (see section 6685). This penalty will increase to \$5,000 60 days after the Treasury issues certain regulations about public inspections.

If more than one person is liable for any penalty, all such persons shall be jointly and severally liable for each failure.

### Part III—Questionnaire

#### General Instructions

The Black Lung Benefits Revenue Act of 1977 imposes excise taxes and penalties on acts of self-dealing between trusts and disqualified persons, and on taxable expenditures made by the trusts. These taxes and penalties apply to the trust (section 4952), trustees (sections 4951 and 4952), and self-dealers (section 4951). The purpose of the questions is to determine whether there is any initial tax due under either of these two sections.

#### Definitions

##### Self-dealing (Section 4951)

**Self-dealing.**— For purposes of section 4951, the term "self-dealing" means any direct or indirect:

1. Sale, exchange, or leasing of real or personal property between a trust described in section 501(c)(21) and a disqualified person;

2. Lending of money or other extension of credit between such a trust and a disqualified person;
3. Furnishing of goods, services, or facilities between such a trust and a disqualified person;
4. Payment of compensation (or payment or reimbursement of expenses) by such a trust to a disqualified person; and
5. Transfers to, or use by or for the benefit of, a disqualified person of the income or assets of such a trust.

**Special Rules.**— For purposes of section 4951:

1. The transfer of personal property by a disqualified person to such a trust is treated as a sale or exchange if the property is subject to a mortgage or similar lien;
2. If a bank or an insured credit union is a trustee of the trust or otherwise is a “disqualified person” with respect to the trust, any amount invested in checking accounts, savings accounts, certificates of deposit, or other time or demand deposits in that bank or credit union constitutes a lending of money;
3. The furnishing of goods, services, or facilities by a disqualified person to such a trust is not an act of self-dealing if the furnishing is without charge and if the goods, services, or facilities so furnished are used exclusively for the purposes specified in section 501(c)(21)(A); and
4. The payment of compensation (and the payment or reimbursement of expenses) by such a trust to a disqualified person for personal services that are reasonable and necessary to carry out the exempt purpose of the trust is not an act of self-dealing if the compensation (or payment or reimbursement) is not excessive. See Regulations section 53.4951-1 for additional information.

**Taxable Period.**— The term “taxable period” means, with respect to any act of self-dealing, the period beginning with the date on which the act of self-dealing occurs and ending on the earliest of:

1. The date of mailing of a notice of deficiency under section 6212, with respect to the tax imposed by section 4951(a)(1), or
2. The date on which the tax imposed by section 4951(a)(1) is assessed, or
3. The date on which correction of the act of self-dealing is completed.

**Amount Involved.**— The term “amount involved” means, for any act of self-dealing, the greater of the amount of money and the fair market value (FMV) of the other property given or the amount of money and the FMV of the other property received. However, in the case of services described in section 4951(d)(2)(C), the amount involved is only the excess compensation. For purposes of the preceding sentence, the FMV:

1. For the initial taxes imposed by section 4951(a), is determined as of the date on which the act of self-dealing occurs; and
2. For additional taxes imposed by section 4951(b), is the highest FMV during the taxable period.

**Correction.**— The terms “correction” and “correct” mean, for any act of self-dealing, undoing the transaction to the extent possible, but in any case placing the trust in a financial position not worse than that in which it would be if the disqualified person were dealing under the highest fiduciary standards.

**Disqualified Person.**— The term “disqualified person” means, for a trust described in section 501(c)(21), a person who is:

1. A contributor to the trust,
2. A trustee of the trust,
3. An owner of more than 10 percent of:

- a. The total combined voting power of a corporation,
- b. The profits interest of a partnership, or
- c. The beneficial interest of a trust or unincorporated enterprise, which is a contributor to the trust,
4. An officer, director, or employee of a person who is a contributor to the trust,
5. The spouse, ancestor, lineal descendant, or spouse of a lineal descendant of an individual described in 1, 2, 3, or 4,
6. A corporation of which persons described in 1, 2, 3, 4, or 5 own more than 35 percent of the total combined voting power,
7. A partnership in which persons described in 1, 2, 3, 4, or 5 own more than 35 percent of the profits interest, or
8. A trust or estate in which persons described in 1, 2, 3, 4, or 5 hold more than 35 percent of the beneficial interest.

For purposes of 3a and 6, indirect stockholdings are taken into account if they would be taken into account under section 267(c), except that, for purposes of this paragraph, section 267(c)(4) is treated as providing that the members of the family of an individual are only those individuals described in 5. For purposes of 3b, c, 7, and 8, the ownership of profits or beneficial interests is determined by the rules for constructive ownership of stock provided in section 267(c) (other than paragraph (3)), except that section 267(c)(4) is treated as providing that the members of the family of an individual are only those individuals described in 5.

**Payment of Benefits.**— For purposes of section 4951, a payment out of assets or income of a trust described in section 501(c)(21) for the purposes described in sections 501(c)(21)(A)(i)(I) and 501(c)(21)(A)(i)(IV) is not considered an act of self-dealing.

### Taxable Expenditures (Section 4952)

**Taxable expenditure.**— For purposes of section 4952, the term “taxable expenditure” means any amount paid or incurred by a trust described in section 501(c)(21) other than for a purpose specified in that section.

**Correction.**— The terms “correction” and “correct” mean, with respect to any taxable expenditure, placing the trust in a financial position not worse than that in which it would have been if the taxable expenditure had not been made: 1 by recovering all or part of the expenditure to the extent recovery is possible; and 2 when full recovery is not possible, by contributions by the person or persons whose liabilities for black lung benefit claims (as defined in section 192(e)) are to be paid out of the trust.

**Taxable Period.**— The term “taxable period” means, with respect to any taxable expenditure, the period beginning with the date on which the taxable expenditure occurs and ending on the earlier of:

1. The date of mailing a notice of deficiency under section 6212 with respect to the tax imposed by section 4952(a)(1), or
2. The date on which the tax imposed by section 4952(a)(1) is assessed.

### Specific Instructions

**Line 22.**— A “conformed” copy is one that agrees with the original document, and all amendments to it. If the copies are not signed, they must be accompanied by a written declaration signed by an officer authorized to sign for the organization certifying that they are complete and accurate copies of the original documents.

Chemically or photographically reproduced copies of articles of incorporation showing the certification of an appropriate State official need not be accompanied by such a declaration. See Rev. Proc. 68-14, 1968-1 C.B. 768, for additional information.

**Line 23.**— If you answered “Yes” to 23a(1), (2), (3), (4), or (5) and “No” to 23b, notify each self-dealer and trustee who may be liable for initial taxes under section 4951 of the requirement to file a return for each year (or part of a year) and pay the applicable tax. The trust must also furnish the information required by Schedule A (Form 990-BL), Part I, Section A (other than columns (g) and (h)) on its own return.

For exceptions to the self-dealing rules, see **Special Rules** and **Payment of Benefits** on this page.

**Line 24.**— If you answered “Yes,” complete Part I, Section B (other than column (h)) and Part II of Schedule A (Form 990-BL). The trust must also notify any trustees who may be liable for initial taxes under section 4952 of the requirement to file Form 990-BL, Schedule A (Form 990-BL), and to pay the tax.

**Line 25.**— If you answered “No,” or if there were multiple acts or transactions giving rise to Chapter 42 taxes and all of them were not corrected, attach an explanation of each uncorrected act including the names of all parties to the act, the date of the act, the amount involved, why the act has not been corrected, and the date you expect correction to be made.

**Line 26.**— List each of the organization’s officers, directors, trustees, and other persons having responsibilities or powers similar to those of officers, directors, or trustees. List all of these persons even if they did not receive any compensation from the organization. Show all forms of compensation received by each listed officer, etc. Enter “-0-” in columns (c), (d) and (e) if none was paid.

**Column (c).**— Include all forms of deferred compensation (whether or not funded and whether or not the deferred compensation plan is a qualified plan under section 401(a)) and payments to welfare benefit plans on behalf of the officers, etc.

**Column (d).**— Enter expense allowances or reimbursements that the recipients must report as income on their separate income tax returns. Examples include amounts for which the recipient did not account to the organization or allowances that were more than the payee spent on serving the organization. Include payments made under indemnification arrangements, the value of the personal use of housing, automobiles, or other assets owned or leased by the organization (or provided for the organization’s use without charge), as well as any other taxable and nontaxable fringe benefits. Get **Pub. 525**, Taxable and Nontaxable Income, for details.

**Column (e).**— Enter salary, fees, bonuses, and severance payments received by each person listed.

Black lung benefit trusts that pay salaries, wages, or other compensation to officers or other employees are generally liable for filing Forms 941 and 940 to report social security, withholding, and Federal unemployment taxes.

## Part IV—Statement With Respect to Contributors, etc.

**Note:** This part is *not* open for public inspection.

**1. Contributors.**— In subpart 1, list the names of all persons whose contributions during the tax year totaled \$5,000 or more.

In determining whether a person has contributed \$5,000 or more, include only contributions of \$1,000 or more from such person. Separate and independent contributions need not be included if less than \$1,000. If a contribution is in the form of property and the fair market value is readily ascertainable, the description and fair market value must be submitted. If the fair market value of the property is not readily ascertainable, you may submit an estimated value.

The term "person" includes individuals, fiduciaries, partnerships, corporations, associations, trusts, and exempt organizations.

2. If the trust receives contributions that are more than what the contributor can deduct under section 192, the person making the excess contributions may be required to file **Form 6069**, Return of Excise Tax on Excess Contributions to Black Lung Benefit Trust Under Section 4953 and Computation of Section 192 Deduction, and pay the tax imposed by section 4953(a).

### Part I—Initial Taxes on Self-dealing and Taxable Expenditures

Disqualified persons and trustees who participate in acts of self-dealing with a section 501(c)(21) trust and who have tax years different from the trust should use their own tax years to figure the initial tax and file the return.

**Initial Section 4951 Taxes on Self-dealer.**— An initial tax of 10% of the amount involved is imposed for each act of self-dealing between a disqualified person and a section 501(c)(21) trust, for each year (or part of a year) in the taxable period. The tax is paid by any disqualified person (other than a trustee acting only as such) who participated in the act of self-dealing.

**Initial Section 4951 Taxes on Trustee.**— When a tax is imposed on an act of self-dealing, any trustee who knowingly participated in such an act must pay a tax of 2½% of the amount involved in the act of self-dealing for each year or part of a year in the taxable period unless participation in the

act was not willful and was due to reasonable cause.

**Initial Section 4952 Taxes on Trust.**— An initial tax of 10% of the amount of the expenditure is imposed on each taxable expenditure from the assets of a section 501(c)(21) trust. The tax is paid by the trustee out of the assets of the trust.

**Initial Section 4952 Taxes on Trustee.**— When a tax is imposed on the trust for a taxable expenditure, any trustee who knowingly agreed to the expenditure must pay a tax of 2½% of the amount of the taxable expenditure unless such agreement was not willful and was due to reasonable cause.

**Liability for Tax.**— A person's liability for tax as a self-dealer or trustee under sections 4951 and 4952 is joint and several. Therefore, if more than one person is liable for tax on an act of self-dealing as a self-dealer or trustee, they may prorate the tax among themselves. The IRS may assess a deficiency against one or more self-dealers or trustees liable for the tax under section 4951 or 4952, regardless of the apportionment of tax shown on the return, if the amount paid by all those who are liable for a particular transaction, is less than the total tax due for that transaction.

### Part II—Summary of Taxes

Generally, no more than three lines in Part II will be completed on any return. However, when a trustee is liable for section 4951, initial taxes both as a trustee and as a self-dealer and is also liable for section 4952 initial taxes because of taxable expenditure involvement, enter the section 4951 taxes on lines 1 and 2 and enter the section 4952 tax on line 4, with a total of the tax due on line 5. Pay in full with the return. Make the check or money order payable to the Internal Revenue Service. In all other instances, follow "Specific Instructions" given above.
