

Economic Impact Payments and Coronavirus Tax Relief:

A Toolkit for Partners

April 24, 2020

The IRS is working hard to deliver Economic Impact Payments (EIP) as quickly as possible, and we need your help to share important details and outreach materials with your families, friends, partners and clients, posted to your websites, included in your internal newsletters and employee emails and shared on social media.

For additional information, visit [IRS.gov](https://www.irs.gov).

Economic Impact Payments: Key Items for Partners, Taxpayers

IRS material designed to help taxpayers; Special materials available to share

The IRS is working to deliver Economic Impact Payments as quickly as possible to all eligible Americans. More than 150 million payments will be sent out, and millions of people who normally don't file a tax return are eligible to receive these payments.

To reach these people outside of the tax system, the IRS is asking for your help to spread the word so more people sign up for these payments worth \$1,200 or more. The IRS has created special information and graphics that you can use, share and adapt in your constituent communications, including material suitable for emails, newsletters, web sites and other channels.

To help navigate this, the IRS has created this special **Partner Toolkit**. Here's an overview of key resources to help you and your family, friends, partners and clients. The IRS asks for your help sharing this important information:

Overview of Economic Impact Payments (EIP): IRS.gov has a [special page](#) that allows individuals, businesses and others get the information they need about EIP and CARES Act provisions.

Common Questions: The IRS is seeing a variety of questions about Economic Impact Payments, ranging from eligibility to timing. These [FAQs](#) provide an overview and are updated frequently. Common questions for which guidance is available are also included in this Toolkit with direct links to the answers online.

"Get My Payment" Tool Tracks Payments, Helps with Bank Account Information: The IRS designed a new tool called "[Get My Payment](#)" to help people track the status of their payments, similar to the "Where's My Refund?" tool used during tax season. Some taxpayers who don't have a scheduled payment date can provide direct deposit payment on this app to speed their payment.

"Get My Payment" questions and "Status Not Available": To help taxpayers understand the "Get My Payment" tool and the results, we have an extensive set of FAQs [online](#) at IRS.gov. We encourage people to review these. For the "Status Not Available" screen that taxpayers get on the "Get My Payment" tool, there are [several reasons](#) they may receive this. The FAQs will continue to be updated online as necessary, and common questions for which guidance is already available are included in this Toolkit with direct links to the answers online.

Help for people who don't normally file – Use the "[Non-Filers: Enter Payment Info](#)" tool: Millions of Americans aren't required to file a tax return, but they're still eligible for an Economic Impact Payment. This includes people with little or no income, retirees, homeless and many others. To help these groups quickly register for a payment, the IRS created the special "[Non-Filers: Enter Payment Info](#)" tool, available only on IRS.gov.

- People using the "[Non-Filers: Enter Payment Info](#)" tool only need to provide basic information, including their Social Security number, name, address, and dependent information. The IRS will

use this information to confirm eligibility and calculate and send their Economic Impact Payment – helping millions of people who don't normally file a tax return.

- Not sure if “None-Filers: Enter Payment Info” is right for your situation? The IRS has provided [examples](#) to help determine when they need to use this tool.

Payments Automatic for People Who Filed Tax Returns in 2018 or 2019: For eligible taxpayers who filed tax returns for 2019 or 2018, they will also receive the payments automatically. About 80 million payments started hitting bank accounts in mid-April. More are coming each week.

Payments Automatic for Many Federal Beneficiaries – SSA, SSI, RRB and VA: Following extensive work by the IRS and other government agencies, \$1,200 automatic payments will be starting soon for those receiving Social Security retirement, survivor or disability benefits (SSDI), Railroad Retirement benefits, Supplemental Security Income (SSI) and Veterans Affairs beneficiaries who didn't file a tax return in the last two years. No action is needed by these groups; they will automatically receive their \$1,200 payment.

Urgent: Special Action Needed by Federal Beneficiaries with Dependents: For those benefit recipients who aren't required to file a tax return **and** who have children, an extra step is needed to add \$500 per child onto their automatic payment of \$1,200. A quick trip to a [special non-filer tool](#) on IRS.gov is need. SSI and VA recipients in this category who act by May 5 can put all of their eligible Economic Income Payment into one payment. The April 22 deadline has passed for SSA and Railroad retirees. Those who miss these deadlines can still receive \$500 when they file a 2020 tax return next year.

Help Us Share Information; Special Materials Available on IRS.gov: To help share information with your family, friends, partners and clients, we have a variety of ready-to-use materials available in English and Spanish. These are available at [Economic Impact Payments: Partner and Promotional Materials](#). You can use and adjust these materials as you need, including:

- IRS e-posters and Twitter images that can be used on websites, social media, newsletters and other platforms.
- Print materials include Tax Tips, short, plain English summaries of EIP, and “Ready to Use” articles that can be shared with family, friends, partners and clients in emails, newsletters and web sites.

Share information in Social Media; share IRS accounts: The IRS will be regularly sharing Economic Impact Payment information on social media. Share or like these to help spread the information to taxpayers:

- Twitter: [Taxpayers](#), [businesses](#) and [tax professionals](#) can follow the IRS handles for up to the minute announcements, tips and [alerts](#) in English and [Spanish](#).
- [Facebook](#): News and information for everybody. Also available in [Spanish](#).
- [Instagram](#): The IRS Instagram account shares taxpayer-friendly information.
- YouTube: The IRS offers video tax tips in [English](#), [Spanish](#) and [American Sign Language](#).

IRS: Working Across the Nation with Partner Groups. The IRS is conducting a sweeping outreach campaign across the nation to reach everyone who may be eligible for an Economic Impact Payment. Helps us with this effort. Share this information with family, friends, partners and clients. Contact us if you have additional groups you'd like us to share information with.

Economic Impact Payments

We started distributing Economic Impact Payments in April. Most people will get their payments automatically and will not need to take any action. Social Security, Railroad Retirement, SSI and VA beneficiaries who are not typically required to file tax returns will not need to file to receive a payment. Instead, payments will be automatically deposited into their bank accounts. **The IRS is currently unable to answer questions about payment status over the phone, but individuals can check the status of a payment online.**
