Receipt of Multiple Notices With Respect to Incorrect Taxpayer Identification Numbers

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Final Regulations

SUMMARY: This document contains final regulations relating to backup withholding. These regulations clarify the method of determining whether the payor has received two notices that a payee's taxpayer identification number (TIN) is incorrect. If a payor receives two or more such notices with respect to the same account during a three-year period, the payor must begin backup withholding unless the payee provides verification of its correct TIN pursuant to the regulations. This document also contains regulations which clarify when an information return filer must solicit a payee's TIN following the receipt of a penalty notice.

DATES: These regulations are effective January 1, 2004.

SUPPLEMENTARY INFORMATION:

**Background**

This document contains amendments to the Employment Tax Regulations (26 CFR Part 31) under section 3406 of the Internal Revenue Code (Code), and to the Procedure and Administration Regulations (26 CFR Part 301) under section 6724 of the Code. These regulations finalize proposed amendments to existing §§31.3406(d)-5(d)(2)(ii) and (g)(4), and 301.6724-1(f)(2), (f)(3), (f)(5) and (k). These regulations also revise existing §301.6724(f)(1) and (g)(1) to remove obsolete cross-references. A notice of proposed rulemaking (REG-116644-01) was published in the **Federal Register** (67 FR 44579) on July 3, 2002. The IRS received written comments responding to the notice of proposed rulemaking, but no commentators requested the opportunity to present oral comments at a public hearing. A notice cancelling the public hearing scheduled for October 22, 2002, was published on October 17, 2002 (67 FR 64067).

**Explanation of Provisions and Summary of Comments**Section 3406

Section 3406 imposes a requirement to backup withhold on any reportable payment if the Secretary notifies the payor that the TIN furnished by the payee is incorrect. After receiving a notice of incorrect TIN, the payor must backup

withhold on reportable payments until the payee furnishes another TIN. However, if the payor receives two notices with respect to the same account within a three year period, the payor must backup withhold on reportable payments until the payor receives a verification of the payee's TIN from the Social Security Administration or the IRS.

The regulations under section 3406 set forth detailed procedures for payors to follow after receipt of a notice of incorrect TIN from the IRS. When the first such notice is received by the payor, the payor must send a notice (commonly referred to as a "B" notice) to the payee stating that the payee will be subject to backup withholding if the payee does not furnish a certified TIN. If a second notice of incorrect TIN is received by a payor with respect to the payee's account within a three-year period, the payor must send a second "B" notice to the payee stating that the payee will be subject to backup withholding unless the payor receives verification of the payee's TIN from the Social Security Administration or IRS.

If the payor receives two or more notices of incorrect TIN with respect to a payee's account within the same calendar year, the regulations provide that the multiple notices may be treated as one notice for purposes of sending out a first "B"

notice, and must be treated as one notice for purposes of sending out a second B notice. However, in some cases, a payor may receive multiple notices of incorrect TIN in different calendar years which relate to the same payee's account for the same year. This may occur where a payor files different types of information returns with respect to the same payee, such as a Form 1099-B (gross proceeds reported by brokers) and a Form 1099-DIV (payment of dividends). Typically these information returns all contain the same TIN, following information contained in the payor's records. Variations in the processing of such returns by the IRS may result in the issuance of incorrect TIN notices at different times.

The amendments to the regulations provide that two or more notices of incorrect TIN relating to the same payee and the same year, but which are received in different calendar years, count as one notice. Accordingly, a payor who sends a first "B" notice to the payee after receipt of the first notice of incorrect TIN would not be required to send a second "B" notice after receipt of the second notice of incorrect TIN if the second notice relates to an information return filed for the same year as the first notice.

Section 6724

Section 6724 provides for a waiver of information reporting penalties under sections 6721 through 6723 where the failure giving rise to such penalties was due to reasonable cause and not willful neglect. Under §301.6724-1(a) of the regulations, in order to prove reasonable cause for a failure, the filer must establish either that there are significant mitigating factors with respect to the failure or that the failure arose from events beyond the filer's control. In addition, the filer must have acted in a responsible manner both before and after the failure.

Section 301.6724-1(c)(1)(v) of the regulations provides that certain actions of the payee or another person providing necessary information with respect to the return may be an event beyond the filer's control. Thus, a payee's furnishing of an incorrect TIN to a payor may be an event beyond the payor's control.

As provided in §301.6724-1(a), the payor must also act in a responsible manner with respect to the failure. That section sets forth special rules for acting in a responsible manner with respect to incorrect TINs. The filer is required to make an initial solicitation for the payee's correct TIN at the time the account is opened, and up to two annual solicitations following receipt of penalty notices.

If a filer receives a penalty notice with respect to an incorrect payee TIN and a notice of incorrect TIN under section 3406(a)(1)(B) during the same calendar year for the same payee, the filer will satisfy the section 6724 annual solicitation requirements by sending the required "B" notice. The filer does not have to make another solicitation pursuant to section 6724.

The amendments to the regulations address the situation where a filer receives a section 3406(a)(1)(B) notice with respect to a payee in one year, and the following year receives a penalty notice with respect to the same payee and the same year as the section 3406(a)(1)(B) notice. The amendments provide that the filer is not required to make an annual solicitation for the payee's TIN pursuant to section 6724 in this situation, provided the filer has sent the required B notice.

The written comments received expressed the view that the proposed regulations clarified the backup withholding rules and reduced the regulatory burden associated with backup withholding. No revisions to the proposed amendments were suggested by commentators.

### **Special Analyses**

It has been determined that this Treasury decision is not a significant regulatory action as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It has also been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations, and, because the regulation does not impose a collection of information of small entities, the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply.
