Statistics of Income Program Documentation

Data Items by Forms and Schedules

2014

Preface

This document contains the Federal tax forms, schedules, and information documents that the Statistics of Income (SOI) Division of the IRS has selected for its Tax Year (TY) 2014 program. It is organized in three parts:

- Individual Statistics Branch studies include data related to the Form 1040 Individual income tax return series, as well as data on sales of capital assets and an extensive program that connects income tax returns with information documents filed by third parties.
- Corporation Statistics Branch studies focus on data collected from the Form 1120 series and SOI's Partnership program.
- Special Studies Branch programs include data collected for Estate and Gift Taxes, Tax-exempt Organizations, and Tax-Exempt Bonds, as well as information collected for international filers.

Each tax form included in the SOI program is represented in this volume. Due to resource constraints, data from certain forms and schedules are collected periodically, rather than annually. For this reason, the contents of this document will vary somewhat from year to year. The information collected for each SOI project is developed in close collaboration with data users both inside and outside of the government. Most SOI programs are based on stratified samples of returns for which data are collected prior to IRS audits; therefore the data represent information as originally reported by taxpayers.

Returns for TY 2014 are filed primarily during Calendar Year 2015, although returns for fiscal-year filers or filers for whom filing extensions have been granted may not be received by the IRS until Calendar Year 2016. Consequently, data collected by SOI for TY 2014 will generally be made available to the public, in the form of tables and summary analyses, during Calendar Years 2016 and 2017.

The specific data items captured for each SOI project are indicated with a red block (■) on facsimiles of the forms and schedules. Forms and schedules that can be filed by different types of taxpayers are repeated in several sections of this document. Specific changes to the data collected for each form and schedule since the TY 2013 studies are summarized at the beginning of each section. Draft copies of tax forms, or copies of tax forms from earlier tax years, were inserted in this document if TY 2014 revisions of forms and schedules were not available at the time this document was produced.

General Instructions

Future Developments

For the latest information about developments related to Form 4137 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/form4137.

What's New

For 2014, the maximum wages and tips subject to social security tax increased to \$117,000. The social security tax rate an employee must pay on tips remains at 6.2% (.062).

Reminder

A 0.9% Additional Medicare Tax applies to Medicare wages, Railroad Retirement Tax Act compensation, and self-employment income over a threshold amount based on your filing status. Use Form 8959, Additional Medicare Tax, to figure this tax. For more information on Additional Medicare Tax, go to www.irs.gov and enter "Additional Medicare Tax" in the search box.

Purpose of form. Use Form 4137 **only** to figure the social security and Medicare tax owed on tips you did not report to your employer, including any allocated tips shown on your Form(s) W-2 that you must report as income. You must also report the income on Form 1040, line 7; Form 1040NR, line 8; or

Form 1040NR-EZ, line 3. By filing this form, your social security and Medicare tips will be credited to your social security record (used to figure your benefits).

CAUTION If you believe you are an employee and you received Form 1099-MISC, Miscellaneous Income, instead of Form W-2, Wage and Tax Statement, because your employer did not consider you an employee, do not use this form to report the social security and Medicare tax on that income. Instead, use Form 8919, Uncollected Social Security and Medicare Tax on Wages.

Future Developments

For the latest information about developments related to Form 5884 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/form5884.

What's New

- The work opportunity credit has been extended to cover employees who began work in 2014. Do not report wages paid or incurred to employees who begin work after 2014 on Form 5884 unless the credit is extended.
- Empowerment zone designations have been extended to cover 2014. See *Qualified Wages* for details.

Purpose of Form

Use Form 5884 to claim the work opportunity credit for qualified first- and/or second-year wages you paid to or incurred for targeted group employees during the tax year. Your business does not have to be located in an empowerment zone or rural renewal county to qualify for this credit.

You can claim or elect not to claim the work opportunity credit any time within 3 years from the due date of your return on either your original return or an amended return.

Partnerships, S corporations, cooperatives, estates, and trusts must file this form to claim the credit. All other taxpayers are not required to complete or file this form if their only source for this credit is a partnership, S corporation, cooperative, estate, or trust. Instead, they can report this credit directly on Form 3800, General Business Credit.

How To Claim the Credit

Future Developments

For the latest information about developments related to Form 8936 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/form8936.

What's New

The credit for qualified two- or three-wheeled plug-in electric vehicles expired for vehicles acquired after 2013. However, if you acquired the vehicle before 2014, but placed it in service during 2014, you may still be able to claim the credit for 2014. Do not report qualified two- or three-wheeled plug-in electric vehicles acquired after 2013 on Form 8936 unless the credit is extended.

Purpose of Form

For tax years beginning after 2008, use Form 8936 to figure your credit for qualified plug-in electric drive motor vehicles you placed in service during your tax year. Also use Form 8936 to figure your credit for certain qualified two- or three-wheeled plug-in electric vehicles acquired after 2011. The credit attributable to depreciable property (vehicles used for business or investment purposes) is treated as a general business credit. Any credit not attributable to depreciable property is treated as a personal credit.

Partnerships and S corporations must file this form to claim the credit. All other taxpayers are not required to complete or file this form if their only source for this credit is a partnership or S corporation. Instead, they can report this credit directly on line 1y in Part III of Form 3800, General Business Credit.

Qualified Plug-in Electric Drive Motor Vehicle

This is a new vehicle with at least four wheels that:

- Is propelled to a significant extent by an electric motor that draws electricity from a battery that has a capacity of not less than 4 kilowatt hours and is capable of being recharged from an external source of electricity, and
- Has a gross vehicle weight of less than 14,000 pounds.

Qualified Two- or Three-Wheeled Plug-in Electric Vehicle

This is a new vehicle with two or three wheels that:

- Is capable of achieving a speed of 45 miles per hour or greater,
- Is propelled to a significant extent by an electric motor that draws electricity from a battery that has a capacity of not less than 2.5 kilowatt hours and is capable of being recharged from an external source of electricity, and
- Has a gross vehicle weight of less than 14,000 pounds.

Terminable Interest (QTIP) Marital Deduction. (see instructions for Schedule A, Part 4, line 4)

If a trust (or other property) meets the requirements of qualified terminable interest property under section 2523(f), and:

- a. The trust (or other property) is listed on Schedule A, and
- b. The value of the trust (or other property) is entered in whole or in part as a deduction on Schedule A, Part 4, line 4, then the donor shall be deemed to have made an election to have such trust (or other property) treated as qualified terminable interest property under section 2523(f).

If less than the entire value of the trust (or other property) that the donor has included in Parts 1 and 3 of Schedule A is entered as a deduction on line 4, the donor shall be considered to have made an election only as to a fraction of the trust (or other property). The numerator of this fraction is equal to the amount of the trust (or other property) deducted on Schedule A, Part 4, line 6. The denominator is equal to the total value of the trust (or other property) listed in Parts 1 and 3 of Schedule A.

If you make the QTIP election, the terminable interest property involved will be included in your spouse's gross estate upon his or her death (section 2044). See instructions for line 4 of Schedule A. If your spouse disposes (by gift or otherwise) of all or part of the qualifying life income interest, he or she will be considered to have made a transfer of the entire property that is subject to the gift tax. See *Transfer of Certain Life Estates Received From Spouse* in the instructions.

Who Must File

If the corporation claims a credit for any income taxes paid, accrued, or deemed paid during the tax year on combined foreign oil and gas income, the amount of such taxes eligible for credit may be reduced. See section 907(a) and Regulations section 1.907(a)-1 for details.

Method of Reporting

Report all amounts in U.S. dollars. If it is necessary to convert from foreign currency, attach a statement explaining how the rate was determined.

Specific Instructions

Part I

See section 907(c) and underlying regulations for rules on the income to include in Part I.

Note. Do not include any dividend or interest income that is passive income. See the Instructions for Form 1118 for the definition of passive income.

Column 1. Enter the two-letter codes (from the list at www.irs.gov/countrycodes) of all foreign countries and U.S. possessions within which income is sourced and/or to which taxes were paid, accrued, or deemed paid. For section 863(b) income, enter "863(b)" instead of a two-letter code.

Column 2. Enter gross income from sources outside the United States and its possessions from the following:

- The extraction (by the corporation or any other person) of minerals from oil or gas wells located outside the United States and its possessions.
- The sale or exchange of assets used in the trade or business of extracting minerals from oil or gas wells located outside the United States and its possessions.

See section 907(c)(1).

Column 3. Enter gross income from sources outside the United States and its possessions from the following:

- The processing of minerals extracted (by the corporation or any other person) from oil or gas wells into their primary products.
- The transportation of such minerals or primary products.
- The distribution or sale of such minerals or primary products.
- The disposition of assets used in the trade or business described in the three previous bulleted items.
- The performance of any other related service.

See section 907(c)(2).

Column 4. Enter dividends (including section 78 gross-up) from a foreign corporation on which taxes are deemed paid under section 902 only if the dividends are paid out of foreign oil and gas extraction income or foreign oil related income of the distributing corporation and are not passive income. Dividends from foreign corporations for which the corporation is not entitled to compute a deemed paid credit are passive income and are not included in Part I.

Column 5. Enter amounts taxable under section 951(a) (including section 78 gross-up) that are attributable to the controlled foreign corporation's combined foreign oil and gas income.

Column 6. Include the corporation's distributive share of partnership combined foreign oil and gas income. Also include in column 6 interest income paid by a foreign corporation on which taxes are deemed paid under section 902, to the extent it is paid out of foreign oil related income. However, do not include interest income paid by a foreign subsidiary out of foreign oil and gas extraction income of the payor, even if it is not passive income.

See section 907(c)(3).

Column 11. For each country, subtract column 10 from column 7 and enter the result in column 11. When totaling the column 11 amounts, note that a taxable loss from a foreign country offsets taxable income from other countries.

Columns 12 and 13. Attach a schedule to show how the foreign taxes paid, accrued, or deemed paid with respect to combined foreign oil and gas income were figured.

Part II

Line 1. Enter the total from Part I, column 11, minus any recapture described in section 907(c)(4).

Line 2. At the time this schedule went to print, the highest rate of tax specified under section 11(b) was 35%.

Part III

Line 2. Enter the sum of any carryover of foreign oil and gas tax to the current year. Attach a schedule showing the computation in detail. Corporations are encouraged to attach a schedule that is similar to Schedule K (Form 1118), which is used to report a running balance of the corporation's section 904(c) carryovers. If this approach is taken, the amount to be entered on line 2 is the amount that corresponds to Schedule K (Form 1118), line 3, column (xiv). Please note that special rules apply to the carryback and carryover of foreign taxes paid or accrued on combined foreign oil and gas income and related taxes. For example, in applying foreign tax carryovers from prior tax years, in the case of any tax year that is an unused credit year (as defined in section 907(f)) under each of sections 907(f) and 904(c), the provisions of section 907(f) are to be applied before section 904(c). See section 907(f) and Regulations section 1.907(f)-1 for additional information.

Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Schedule C (Form 5713) is used to compute the loss of tax benefits attributable to participation in or cooperation with an international boycott.

Who Must File

Complete Schedule C (Form 5713) if you completed either Schedule A or Schedule B of Form 5713.

Partnerships. Each partner must complete a separate Schedule C (Form 5713). Partnerships do not complete Schedule C (Form 5713).

Controlled groups. Unless a controlled group (described in section 993(a)(3)) files a consolidated return, each member may independently choose to either **(a)** apply the international boycott factor under section 999(c)(1) or **(b)** identify specifically attributable taxes and income under section 999(c)(2). Each member must consistently use a single method to figure the loss of tax benefits.

Example. A member that chooses to use the international boycott factor must apply it to determine its loss of the section 902 indirect foreign tax credit on a dividend that another member of the controlled group paid to it, even if the other member determines its own loss of tax benefits

by identifying specifically attributable taxes and income.

Other Requirements

- A person who applies the international boycott factor to one operation must apply the factor to all that tax year's operations under section 908(a), 952(a)(3), 995(b)(1)(F)(ii), or 927(e)(2).
- A person who identifies specifically attributable taxes and income under section 999(c)(2) must use that method for all that tax year's operations under section 908(a), 952(a)(3), 995(b)(1)(F)(ii), or 927(e)(2).
- An IC-DISC whose tax year differs from the common tax year of the controlled group of which it is a member does not need to amend its return to show on Schedule J (Form 1120-IC-DISC) the amount of IC-DISC benefits lost because of boycott participation. Because the IC-DISC benefits are lost at the shareholder level, the shareholder must include in income the prorated share of income attributable to boycott operations shown on line 4a(3).
- A person excluding extraterritorial income must reduce qualifying foreign trade income using the international boycott factor computed on Schedule A.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of form. Shareholders of Interest Charge Domestic International Sales Corporations (IC-DISCs) use Form 8404 to figure and report their interest owed on DISC-related deferred tax liability.

Who must file. You must file Form 8404 if (a) you are a shareholder of an IC-DISC, (b) the IC-DISC reports deferred DISC income to you on line 10, Part III of Schedule K (Form 1120-IC-DISC), and (c) the addition of this income would result in increased taxable income if it were included on your tax return for the tax year.

When to file. File Form 8404 by the due date of your federal income tax return (excluding extensions) for your tax year that ends with or includes the IC-DISC's tax year end.

For example, you are a fiscal year corporation with a July 1, 2014, to June 30, 2015, tax year and you are a shareholder in an IC-DISC with a July 1, 2014, to June 30, 2015, tax year that reports deferred DISC income to you for its tax year ending June 30, 2015. Because your tax year ends with the IC-DISC's tax year, you are required to file Form 8404 on or before September 15, 2015 (2½ months after your tax year ends).

Where to file. File Form 8404 at the following address.

Department of the Treasury
Internal Revenue Service
Cincinnati, OH 45999

Paying the interest charge. You must pay the interest charge shown on line 9 by the date your federal income tax for the tax year is required to be paid. For individuals, the interest is due on the 15th day of the 4th month following the close of the tax year. For corporations, the interest is due on the 15th day of the 3rd month following the close of the tax year.

Attach a check or money order made payable to "United States Treasury" for the full amount of the interest charge. Do not combine the interest charge with any other tax or interest due. Write your identification number and "Form 8404—Interest Due" on your payment.

If the interest charge is not paid by the due date, interest, compounded daily, at the rate specified under section 6621, will be imposed on the amount of unpaid interest from the due date until the date the interest is paid.

Payment of estimated tax is not required for the interest charge. See Proposed Regulations section 1.995(f)-1(j)(3) for other details.

For corporations (other than S corporations), the annual interest charge is deductible as an interest expense for the tax year it is paid or accrued. See Proposed Regulations section 1.995(f)-1(j)(2) for details

on the tax year of deductibility. For other filers, this interest is not deductible.

Amended Form 8404. You are required to file an amended Form 8404 only if the amount of the DISC-related deferred tax liability (line 7) changes as a result of audit adjustments, changes you make by the filing of an amended return, or if estimates were used on your original Form 8404 and changes were made to these estimates when you filed your tax return. See Proposed Regulations section 1.995(f)-1(j)(4) for details.

Specific Instructions

Name and address. Enter the name and address as shown on your tax return from which the income or loss on line 1 of Form 8404 is obtained. If the return is a joint return, also enter your spouse's name as shown on Form 1040.

Item A—Type of taxpayer. Check the applicable box to indicate your status as a taxpayer.

Partnerships and S corporations distribute their share of deferred DISC income to partners and shareholders, and the partners and shareholders complete Form 8404.

Item B—Shareholder's identifying number. Individuals must enter their social security number. Other filers must enter their employer identification number.

Item C—IC-DISC's identifying number. Enter the identifying number of the IC-DISC from the Schedule K (Form 1120-IC-DISC) on which the deferred DISC income was reported to you. If income is reported to you from more

than one IC-DISC, enter each IC-DISC's identifying number in item C, each IC-DISC's name in item E, and report the combined income on line 2.

Item D—Tax year. Enter in item D the calendar year or the beginning and ending dates of the tax year shown on your tax return for which the interest charge is figured.

Special Computation Rules

Carrybacks. The determination of the shareholder's DISC-related deferred tax liability on lines 1 through 7 shall be made without taking into account any net operating loss (NOL), capital loss carryback, or credit carryback to the tax year.

Carryovers. The determination of the shareholder's tax liability (line 5) for the tax year is made by disregarding any loss, deduction, or credit to the extent that such loss, deduction, or credit may be carried (either back or forward) by the shareholder to any other tax year.

Note. If the tax year is the last tax year to which the amount of carryforward (of loss, deduction, or credit) may be carried, the line 3 adjustments and line 5 tax shall be figured with regard to the full amount of such carryforward.

For example, a shareholder had an NOL carryover to 2015 of \$12,000; \$10,000 income to which \$10,000 of the NOL can be applied; \$2,000 allowable NOL carryover to 2016; and \$5,000 deferred DISC income for 2015. In this case, for purposes of figuring line 5, the allowed NOL is \$10,000. **Note.** If 2015 were the last tax year to which the \$12,000 NOL could be carried, the full \$12,000 NOL would be allowed for purposes of figuring line 5 tax liability. The additional \$2,000 loss would be entered on line 3.

Other adjustments. In figuring line 3 adjustments, take into account any income and expense adjustments that do not result in amounts that may be carried back or forward to other tax years. For example, in the case of an IC-DISC shareholder who is an individual, the amount of medical expenses allowable as a deduction under section 213 must be redetermined for purposes of line 3 adjustments. However, the amount allowable as a charitable deduction under section 170 is not redetermined because this adjustment could result in a carryback or carryover.

See Proposed Regulations section 1.995(f)-1(d) for other details regarding these and other special computation rules.

Line-by-Line Instructions

Line 1. Enter on line 1 the taxable income or loss from your federal income tax return for your tax year that ends with or includes the IC-DISC's tax year end. If you have not yet filed your tax return, estimate your income or loss based on all information available to you. See *Amended Form 8404*, earlier.

Line 2. Enter the deferred DISC income from line 10, Part III of Schedule K (Form 1120-IC-DISC), for the IC-DISC tax year that ends with or within your tax year.

Line 3. Enter the net amount of all section 995(f)(2) adjustments to taxable income. See *Special Computation Rules* above for details on the income (loss) and expense adjustments to be made. If more than one adjustment is involved, attach a statement listing each item and show the computation of the net amount.

Lines 5 and 6. "Tax liability" on lines 5 and 6 (with and without the deferred DISC income) means the amount of tax imposed on the IC-DISC shareholder for the tax year by chapter 1 of the Internal Revenue Code (other than taxes listed below) reduced by credits allowable against such tax (other than credits listed below).

See *Special Computation Rules* above for rules for carrybacks and carryovers. These rules may affect the line 5 computation.

The following taxes are not taken into account.

- Alternative minimum tax.
- Any other provisions described in section 26(b)(2) (relating to certain other taxes treated as not imposed by chapter 1).

The following credits are not taken into account.

- Section 31 (taxes withheld on wages).
- Section 32 (earned income credit).
- Section 34 (fuels credit).

For 2014, a Form 1040 filer or a Form 1120 filer using the above rules will generally figure their line 6 tax liability using the following items shown on the following lines of those forms. All other filers should use the corresponding lines of other income tax returns. If you have not yet filed your return, estimate the line 6 tax liability based on all information available to you.

(4) Premium tax credit (Form 8962)	69	
(5) Credit for tax paid on undistributed capital gains (Form 2439)	73a	19a, Sch. J

***Caution.** Only use the portion of Form 1040, line 63, or Form 1120, Schedule J, line 10, attributable to recapture of credits allowable against taxes treated as imposed under chapter 1 (for example, recapture of investment tax and low-income housing credits). See section 26(b)(2) for a list of recapture taxes to exclude.

Line 8. The base period T-bill rate is defined in section 995(f)(4). The base period T-bill rate is compounded daily based on the number of days in the shareholder's tax year to determine the base period T-bill rate factor.

The base period T-bill rate factor for 2014 is .001100604 for a 365-day tax year. Enter the appropriate factor on line 8 of Form 8404. See Rev. Rul. 2014-33, 2014-52 I.R.B. 957, for a short tax year or a 52–53 week tax year.

Who Must File

Corporations that, at any time during the tax year, had assets in or operated a business in a foreign country or a U.S. possession may have to file Schedule N. If the corporation answers "Yes" to any of the questions above, attach Schedule N and the applicable forms and schedules to the corporation's income tax return.

Question 1a

Check the "Yes" box if the corporation is the "tax owner" (defined below) of a foreign disregarded entity (FDE) or it is required to file Form 5471 or Form 8865 with respect to a CFC or a CFP that is the tax owner of an FDE.

Tax owner of an FDE. The tax owner of an FDE is the person that is treated as owning the assets and liabilities of the FDE for purposes of U.S. income tax law.

A corporation that is the tax owner of an FDE is generally required to attach Form 8858 to its return. However, if the **Exception** below applies, the corporation should attach a statement (described below) in lieu of Form 8858.

What's New

Effective for tax years ending December 31, 2014 and later, foreign corporations that (a) are required to file a Schedule M-3 (Form 1120-F) and have less than \$50 million in total assets at the end of the tax year or (b) are not required to file a Schedule M-3 (Form 1120-F) and voluntarily file a Schedule M-3 (Form 1120-F) must either (1) complete Schedule M-3 (Form 1120-F) entirely or (2) complete Schedule M-3 (Form 1120-F) through Part I and complete Schedule M-1 instead of completing Parts II and III of Schedule M-3 (Form 1120-F). If the foreign corporation chooses (2), then Schedule M-1, line 1 must equal Schedule M-3 (Form 1120-F), Part I, line 11. See the Instructions for Schedule M-3 (Form 1120-F) for more information.

Who Must File

Generally, any foreign corporation that is required to complete Form 1120-F, Section II must complete Schedules M-1 and M-2 (Form 1120-F). However, under some circumstances, a foreign corporation is required to complete (or may voluntarily complete) Schedule M-3 (Form 1120-F) in lieu of Schedule M-1.

Complete Schedule M-3 in lieu of Schedule M-1 if total assets at the end of the tax year that are reportable on

Schedule L are \$10 million or more. A corporation filing Form 1120-F that is not required to file Schedule M-3 may voluntarily file Schedule M-3 instead of Schedule M-1. See the Instructions for Schedule M-3 (Form 1120-F) for more information.

Note. If Schedule M-3 is completed in lieu of Schedule M-1, the corporation is still required to complete Schedule M-2.

Do not complete Schedules M-1, M-2, and M-3 if total assets at the end of the tax year (Schedule L, line 17, column (d)) are less than \$25,000.

General Instructions

Purpose of Form

Use Form 1125-A to calculate and deduct cost of goods sold for certain entities.

Who Must File

Filers of Form 1120, 1120-C, 1120-F, 1120S, 1065, or 1065-B, must complete and attach Form 1125-A if the applicable entity reports a deduction for cost of goods sold.

Inventories

Generally, inventories are required at the beginning and end of each tax year if the production, purchase, or sale of merchandise is an income-producing factor. See Regulations section 1.471-1. If inventories are required, you generally must use an accrual method of accounting for sales and purchases of inventory items.

Exception for certain taxpayers. If you are a qualifying taxpayer or a qualifying small business taxpayer (defined below), you can adopt or change your accounting method to account for inventoriable items in the same manner as materials and supplies that are not incidental.

Under this accounting method, inventory costs for raw materials purchased for use in producing finished goods and merchandise purchased for resale are deductible in the year the finished goods or merchandise are sold (but not before the year you paid for the raw materials or merchandise, if you are also using the cash method).

If you account for inventoriable items in the same manner as materials and supplies that are not incidental, you can currently deduct expenditures for direct labor and all indirect costs that would otherwise be included in inventory costs. See the instructions for lines 2 and 7.

For additional guidance on this method of accounting, see Pub. 538, Accounting Periods and Methods. For guidance on adopting or changing to this method of accounting, see Form 3115, Application for Change in Accounting Method, and its instructions.

Qualifying taxpayer. A qualifying taxpayer is a taxpayer that, (a) for each prior tax year ending after December 16, 1998, has average annual gross receipts of \$1 million or less for the 3 prior tax years and (b) its business is not a tax shelter (as defined in section 448(d)(3)). See Rev. Proc. 2001-10, 2001-2 I.R.B. 272.

Qualifying small business taxpayer. A qualifying small business taxpayer is a taxpayer that, (a) for each prior tax year

ending on or after December 31, 2000, has average annual gross receipts of \$10 million or less for the 3 prior tax years, (b) whose principal business activity is not an ineligible activity, and (c) whose business is not a tax shelter (as defined in section 448(d)(3)). See Rev. Proc. 2002-28, 2002-18 I.R.B. 815.

Uniform capitalization rules. The uniform capitalization rules of section 263A generally require you to capitalize, or include in inventory, certain costs incurred in connection with the following.

- The production of real property and tangible personal property held in inventory or held for sale in the ordinary course of business.
- Real property or personal property (tangible and intangible) acquired for resale.
- The production of real property and tangible personal property by a corporation for use in its trade or business or in an activity engaged in for profit.

See the discussion on section 263A uniform capitalization rules in the instructions for your tax return before completing Form 1125-A. Also see Regulations sections 1.263A-1 through 1.263A-3. See Regulations section 1.263A-4 for rules for property produced in a farming business.

Future Developments

For the latest information about developments related to Form 5884 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/form5884.

What's New

- The work opportunity credit has been extended to cover employees who began work in 2014. Do not report wages paid or incurred to employees who begin work after 2014 on Form 5884 unless the credit is extended.
- Empowerment zone designations have been extended to cover 2014. Wages paid or incurred for services performed after 2014 by a designated community resident or summer youth employee who lives in an empowerment zone may no longer qualify for the work opportunity credit unless the designation is extended. See *Qualified Wages* for details.

Purpose of Form

Use Form 5884 to claim the work opportunity credit for qualified first- and/or second-year wages you paid to or incurred for targeted group employees during the tax year. Your business does not have to be located in an empowerment zone or rural renewal county to qualify for this credit.

You can claim or elect not to claim the work opportunity credit any time within 3 years from the due date of your return on either your original return or an amended return.

Partnerships, S corporations, cooperatives, estates, and trusts must file this form to claim the credit. All other taxpayers are not required to complete or file this form if their only source for this credit is a partnership, S corporation, cooperative, estate, or trust. Instead, they can report this credit directly on Form 3800, General Business Credit.

How To Claim the Credit

You must request and be issued a certification for each employee from the state employment security agency (SESA). The certification proves that the employee is a member of a targeted group. You must either:

What's New

For tax years ending after December 31, 2013, a corporation can elect to claim pre-2006 unused minimum tax credits in lieu of the special depreciation allowance for round 4 extension property. See the instructions for line 7b.

Purpose of Form

Corporations use Form 8827 to figure the minimum tax credit, if any, for AMT incurred in prior tax years and to figure any minimum tax credit carryforward.

Who Should File

Form 8827 should be filed by corporations that had:

- An AMT liability in 2013,
- A minimum tax credit carryforward from 2013 to 2014, or
- A qualified electric vehicle credit not allowed for 2013 (see the instructions for line 3).

Line 3

Enter any qualified electric vehicle credit not allowed for 2013 solely because of tentative minimum tax limitations.

Line 5

Enter the corporation's 2014 regular income tax liability (as defined in section 26(b)) minus any credits allowed under Chapter 1, Subchapter A, Part IV, subparts B, D, E, and F of the Internal Revenue Code (for example, if you are filing Form 1120, subtract any credits on Schedule J, Part I, line 5a, through 5c, from the amount on Schedule J, Part I, line 2).

Line 6

See the 2014 Instructions for Form 4626 to find out if the corporation is treated as a "small corporation" exempt from the AMT for 2014. If the corporation is a "small corporation" exempt from the AMT, see section 38(c)(5) before completing line 6 for special rules that apply to controlled corporate groups, regulated investment companies, and real estate investment trusts.

Line 7b

Election to accelerate minimum tax credit in lieu of bonus depreciation

If the corporation made an election to claim pre-2006 unused minimum tax credits in lieu of claiming the special depreciation allowance for certain qualified property for either its first tax year ending after March 31, 2008, its first tax year ending after December 31, 2008, or its first tax year ending after December 31, 2010, the election continues to apply to round 3 extension property (as defined in section 168(k)(4)(J)), unless the corporation made an election not to apply the section 168(k)(4) election to round 3 extension property for its first tax year ending after December 31, 2012.

For 2014, round 3 extension property generally is long production period property and noncommercial aircraft if acquired after March 31, 2008, and placed in service after December 31, 2013, but before January 1, 2015. See sections 168(k)(2) and 168(k)(4)(J).

If the corporation made an election to claim pre-2006 unused minimum tax credits in lieu of claiming the special depreciation allowance for either its first tax year ending after March 31, 2008, its first

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Employers use Form 8882 to claim the credit for qualified childcare facility and resource and referral expenditures. The credit is part of the general business credit. You may claim the credit any time within 3 years from the due date of your return on either an original or amended return.

Taxpayers, other than partnerships, S corporations, estates, or trusts, whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

How To Figure the Credit

The credit is 25% of the qualified childcare facility expenditures plus 10% of the qualified childcare resource and referral expenditures paid or incurred during the tax year. The credit is limited to \$150,000 per tax year.

Qualified childcare expenditures are amounts paid or incurred:

- To acquire, construct, rehabilitate, or expand property that:
 1. Is to be used as part of a qualified childcare facility of the taxpayer,
 2. Is depreciable (or amortizable) property, and
 3. Is not part of the principal residence of the taxpayer or any employee of the taxpayer;
- For the operating expenses of a qualified childcare facility of the taxpayer, including expenses for training of employees, scholarship programs, and providing

increased compensation to employees with higher levels of childcare training; or

- Under a contract with a qualified childcare facility to provide childcare services to employees of the taxpayer.

Note. Any expenses for childcare included in qualified childcare facility expenditures may not exceed the fair market value of such care.

A qualified childcare facility is a facility that meets the requirements of all applicable laws and regulations of the state or local government in which it is located, including the licensing of the facility as a childcare facility. The following conditions must also be met.

- The principal use of the facility must be to provide childcare (unless the facility is also the personal residence of the person operating the facility).
- Enrollment in the facility must be open to employees of the taxpayer during the tax year.
- If the facility is the principal trade or business of the taxpayer, at least 30% of the enrollees of the facility must be dependents of employees of the taxpayer.
- The use of the facility (or the eligibility to use the facility) must not discriminate in favor of highly compensated employees.

Qualified childcare resource and referral expenditures are amounts paid or incurred under a contract to provide childcare resource and referral services to employees of the taxpayer. The provision of the services (or the eligibility to use the services) must not discriminate in favor of highly compensated employees.

Purpose of Form

Use Form 8896 to claim the low sulfur diesel fuel production credit.

The credit generally is 5 cents for every gallon of low sulfur diesel fuel produced by a qualified small business refiner during the tax year. However, the total credits allowed for all tax years cannot be more than the refiner's qualified costs limitation on line 3. This credit is part of the general business credit.

Taxpayers that are not partnerships, S corporations, or cooperatives, and whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

Definitions

Low Sulfur Diesel Fuel

This is diesel fuel with a sulfur content of 15 parts per million or less.

Small Business Refiner

A small business refiner generally is a refiner of crude oil with an average daily domestic refinery run or average retained production for all facilities that did not exceed 205,000 barrels for the 1-year period ending on December 31, 2002. To figure the average daily domestic refinery run or retained production, only include refineries that were refineries of the refiner or a related person (within the meaning of section 613A(d)(3)) on April 1, 2003. However, a refiner is not a small business refiner for a tax year if more than 1,500 individuals are engaged in the refinery operations of the business on any day during the tax year.

Qualified Costs

For each facility, qualified costs are costs paid or incurred to comply with the highway diesel fuel sulfur control requirements of the Environmental Protection Agency (EPA) during the period beginning January 1, 2003, and ending on the earlier of:

- The date 1 year after the date on which the refiner must comply with these EPA requirements with respect to such facility or

- December 31, 2009.

Qualified costs include costs for the construction of new process operation units or the dismantling and reconstruction of existing process units to be used in the production of low sulfur diesel fuel, associated adjacent or offsite equipment (including tankage, catalyst, and power supply), engineering, construction period interest, and site work.

In addition, the small business refiner must obtain certification from the IRS (which will consult with the EPA) that the taxpayer's qualified costs will result in compliance with the applicable EPA regulations. This certification must be obtained not later than June 29, 2008, or, if later, the date that is 30 months after the first day of the first tax year in which the credit is determined. For details, see Rev. Proc. 2007-69, 2007-49 I.R.B. 1137, available at www.irs.gov/irb/2007-49_IRB/ar14.html.

Unless you elect not to take this credit, your deductions will be reduced by the amount of your credit. For details, see section 280C(d).

Additional Information

For more information, see section 45H.

Specific Instructions

Use lines 1 through 6 to figure any low sulfur diesel fuel production credit from your own trade or business.

Line 1

Enter the number of gallons of diesel fuel produced with a sulfur content of 15 parts per million or less.

Line 3

On line 3, enter 25% of the qualified costs (defined earlier) for the facility that produced the fuel reported on line 1 if your average daily domestic refinery runs were not more than 155,000 barrels for the 1-year period ending on December 31, 2002. If your average daily domestic refinery runs were more than 155,000 barrels, the 25% is reduced (but not below zero) by multiplying it by 1 minus your excess over 155,000 barrels divided by 50,000 barrels.

Related person. A related person is considered a policyholder if that person is (a) related to the policyholder (defined earlier) under sections 267(b) or 707(b) (1), or (b) engaged in a trade or business under common control with the policyholder. See sections 52(a) and (b).

Employee. Employee includes an officer, director, or highly compensated employee under section 414(q).

Insured. An individual must be a U.S. citizen or resident to be considered insured under an employer-owned life insurance contract. Both individuals covered by a contract covering the joint lives of two individuals are considered insured.

Notice and consent requirements. To qualify as an employer-owned life insurance contract, the policyholder must meet the notice and consent requirements listed below before the issuance of the contract.

1. Provide written notification to the employee stating the policyholder intends to insure the employee's life and the maximum face amount for which the employee could be insured at the time the contract was issued.

The written notification must include a disclosure of the face amount of life insurance, either in dollars or as a multiple of salary, that the policyholder

reasonably expects to purchase with regard to the employee during the course of the employee's tenure. Additional notice and consent are required if the aggregate face amount of the employer-owned life insurance contracts with regard to an employee exceeds the amount of which the employee was given notice and to which the employee consented. See Q&A-9 and Q&A-12 in Notice 2009-48.

2. Provide written notification to the employee that the policyholder will be a beneficiary of any proceeds payable upon the death of the employee.

3. Receive written consent from the employee. See *Valid consent* under the instructions for line 4a.

Electronic notification and consent.

The written notification and consent requirement can be met electronically only if the system for electronic notification and consent meets requirements 1 through 3, above. See Q&A-11 in Notice 2009-48 for more information.

Issue date of contract. Generally, the issue date of a life insurance contract is the date on the policy assigned by the insurance company on or after the date of application. For purposes of meeting the notice and consent requirements, the issue date of the employer-owned life insurance contract is the later of (1) the date of application of coverage, (2) the effective date of coverage, or (3) the formal issuance of the contract. See Q&A-4 in Notice 2009-48 for more information.

Future Developments

For the latest information about developments related to Form 8936 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/form8936.

What's New

The credit for qualified two- or three-wheeled plug-in electric vehicles expired for vehicles acquired after 2013. However, if you acquired the vehicle before 2014, but placed it in service during 2014, you may still be able to claim the credit for 2014. Do not report qualified two- or three-wheeled plug-in electric vehicles acquired after 2013 on Form 8936 unless the credit is extended.

Purpose of Form

For tax years beginning after 2008, use Form 8936 to figure your credit for qualified plug-in electric drive motor vehicles you placed in service during your tax year. Also use Form 8936 to figure your credit for certain qualified two- or three-wheeled plug-in electric vehicles acquired after 2011. The credit attributable to depreciable property (vehicles used for business or investment purposes) is treated as a general business credit. Any credit not attributable to depreciable property is treated as a personal credit.

Partnerships and S corporations must file this form to claim the credit. All other taxpayers are not required to complete or file this form if their only source for this credit is a partnership or S corporation. Instead, they can report this credit directly on line 1y in Part III of Form 3800, General Business Credit.

General Instructions

Purpose of Form

Use Form 1125-A to calculate and deduct cost of goods sold for certain entities.

Who Must File

Filers of Form 1120, 1120-C, 1120-F, 1120S, 1065, or 1065-B, must complete and attach Form 1125-A if the applicable entity reports a deduction for cost of goods sold.

Inventories

Generally, inventories are required at the beginning and end of each tax year if the production, purchase, or sale of merchandise is an income-producing factor. See Regulations section 1.471-1. If inventories are required, you generally must use an accrual method of accounting for sales and purchases of inventory items.

Exception for certain taxpayers. If you are a qualifying taxpayer or a qualifying small business taxpayer (defined below), you can adopt or change your accounting method to account for inventoriable items in the same manner as materials and supplies that are not incidental.

Under this accounting method, inventory costs for raw materials purchased for use in producing finished goods and merchandise purchased for resale are deductible in the year the finished goods or merchandise are sold (but not before the year you paid for the raw materials or merchandise, if you are also using the cash method).

If you account for inventoriable items in the same manner as materials and supplies that are not incidental, you can currently deduct expenditures for direct labor and all indirect costs that would otherwise be included in inventory costs. See the instructions for lines 2 and 7.

For additional guidance on this method of accounting, see Pub. 538, Accounting Periods and Methods. For guidance on adopting or changing to this method of accounting, see Form 3115, Application for Change in Accounting Method, and its instructions.

Qualifying taxpayer. A qualifying taxpayer is a taxpayer that, (a) for each prior tax year ending after December 16, 1998, has average annual gross receipts of \$1 million or less for the 3 prior tax years and (b) its business is not a tax shelter (as defined in section 448(d)(3)). See Rev. Proc. 2001-10, 2001-2 I.R.B. 272.

Qualifying small business taxpayer. A qualifying small business taxpayer is a taxpayer that, (a) for each prior tax year

ending on or after December 31, 2000, has average annual gross receipts of \$10 million or less for the 3 prior tax years, (b) whose principal business activity is not an ineligible activity, and (c) whose business is not a tax shelter (as defined in section 448(d)(3)). See Rev. Proc. 2002-28, 2002-18 I.R.B. 815.

Uniform capitalization rules. The uniform capitalization rules of section 263A generally require you to capitalize, or include in inventory, certain costs incurred in connection with the following.

- The production of real property and tangible personal property held in inventory or held for sale in the ordinary course of business.
- Real property or personal property (tangible and intangible) acquired for resale.
- The production of real property and tangible personal property by a corporation for use in its trade or business or in an activity engaged in for profit.

See the discussion on section 263A uniform capitalization rules in the instructions for your tax return before completing Form 1125-A. Also see Regulations sections 1.263A-1 through 1.263A-3. See Regulations section 1.263A-4 for rules for property produced in a farming business.

Future Developments

For the latest information about developments related to Form 5884 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/form5884.

What's New

- The work opportunity credit has been extended to cover employees who began work in 2014. Do not report wages paid or incurred to employees who begin work after 2014 on Form 5884 unless the credit is extended.
- Empowerment zone designations have been extended to cover 2014. Wages paid or incurred for services performed after 2014 by a designated community resident or summer youth employee who lives in an empowerment zone may no longer qualify for the work opportunity credit unless the designation is extended. See *Qualified Wages* for details.

Purpose of Form

Use Form 5884 to claim the work opportunity credit for qualified first- and/or second-year wages you paid to or incurred for targeted group employees during the tax year. Your business does not have to be located in an empowerment zone or rural renewal county to qualify for this credit.

You can claim or elect not to claim the work opportunity credit any time within 3 years from the due date of your return on either your original return or an amended return.

Partnerships, S corporations, cooperatives, estates, and trusts must file this form to claim the credit. All other taxpayers are not required to complete or file this form if their only source for this credit is a partnership, S corporation, cooperative, estate, or trust. Instead, they can report this credit directly on Form 3800, General Business Credit.

How To Claim the Credit

You must request and be issued a certification for each employee from the state employment security agency (SESA). The certification proves that the employee is a member of a targeted group. You must either:

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Employers use Form 8882 to claim the credit for qualified childcare facility and resource and referral expenditures. The credit is part of the general business credit. You may claim the credit any time within 3 years from the due date of your return on either an original or amended return.

Taxpayers, other than partnerships, S corporations, estates, or trusts, whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

How To Figure the Credit

The credit is 25% of the qualified childcare facility expenditures plus 10% of the qualified childcare resource and referral expenditures paid or incurred during the tax year. The credit is limited to \$150,000 per tax year.

Qualified childcare expenditures are amounts paid or incurred:

- To acquire, construct, rehabilitate, or expand property that:
 1. Is to be used as part of a qualified childcare facility of the taxpayer,
 2. Is depreciable (or amortizable) property, and
 3. Is not part of the principal residence of the taxpayer or any employee of the taxpayer;
- For the operating expenses of a qualified childcare facility of the taxpayer, including expenses for training of employees, scholarship programs, and providing

increased compensation to employees with higher levels of childcare training; or

- Under a contract with a qualified childcare facility to provide childcare services to employees of the taxpayer.

Note. Any expenses for childcare included in qualified childcare facility expenditures may not exceed the fair market value of such care.

A *qualified childcare facility* is a facility that meets the requirements of all applicable laws and regulations of the state or local government in which it is located, including the licensing of the facility as a childcare facility. The following conditions must also be met.

- The principal use of the facility must be to provide childcare (unless the facility is also the personal residence of the person operating the facility).
- Enrollment in the facility must be open to employees of the taxpayer during the tax year.
- If the facility is the principal trade or business of the taxpayer, at least 30% of the enrollees of the facility must be dependents of employees of the taxpayer.
- The use of the facility (or the eligibility to use the facility) must not discriminate in favor of highly compensated employees.

Qualified childcare resource and referral expenditures are amounts paid or incurred under a contract to provide childcare resource and referral services to employees of the taxpayer. The provision of the services (or the eligibility to use the services) must not discriminate in favor of highly compensated employees.

Purpose of Form

Use Form 8896 to claim the low sulfur diesel fuel production credit.

The credit generally is 5 cents for every gallon of low sulfur diesel fuel produced by a qualified small business refiner during the tax year. However, the total credits allowed for all tax years cannot be more than the refiner's qualified costs limitation on line 3. This credit is part of the general business credit.

Taxpayers that are not partnerships, S corporations, or cooperatives, and whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

Definitions

Low Sulfur Diesel Fuel

This is diesel fuel with a sulfur content of 15 parts per million or less.

Small Business Refiner

A small business refiner generally is a refiner of crude oil with an average daily domestic refinery run or average retained production for all facilities that did not exceed 205,000 barrels for the 1-year period ending on December 31, 2002. To figure the average daily domestic refinery run or retained production, only include refineries that were refineries of the refiner or a related person (within the meaning of section 613A(d)(3)) on April 1, 2003. However, a refiner is not a small business refiner for a tax year if more than 1,500 individuals are engaged in the refinery operations of the business on any day during the tax year.

Qualified Costs

For each facility, qualified costs are costs paid or incurred to comply with the highway diesel fuel sulfur control requirements of the Environmental Protection Agency (EPA) during the period beginning January 1, 2003, and ending on the earlier of:

- The date 1 year after the date on which the refiner must comply with these EPA requirements with respect to such facility or
- December 31, 2009.

Qualified costs include costs for the construction of new process operation units or the dismantling and reconstruction of existing process units to be used in the production of low sulfur diesel fuel, associated adjacent or offsite equipment (including tankage, catalyst, and power supply), engineering, construction period interest, and site work.

In addition, the small business refiner must obtain certification from the IRS (which will consult with the EPA) that the taxpayer's qualified costs will result in compliance with the applicable EPA regulations. This certification must be obtained not later than June 29, 2008, or, if later, the date that is 30 months after the first day of the first tax year in which the credit is determined. For details, see Rev. Proc. 2007-69, 2007-49 I.R.B. 1137, available at www.irs.gov/irb/2007-49_IRB/ar14.html.

Unless you elect not to take this credit, your deductions will be reduced by the amount of your credit. For details, see section 280C(d).

Additional Information

For more information, see section 45H.

Specific Instructions

Use lines 1 through 6 to figure any low sulfur diesel fuel production credit from your own trade or business.

Line 1

Enter the number of gallons of diesel fuel produced with a sulfur content of 15 parts per million or less.

Line 3

On line 3, enter 25% of the qualified costs (defined earlier) for the facility that produced the fuel reported on line 1 if your average daily domestic refinery runs were not more than 155,000 barrels for the 1-year period ending on December 31, 2002. If your average daily domestic refinery runs were more than 155,000 barrels, the 25% is reduced (but not below zero) by multiplying it by 1 minus your excess over 155,000 barrels divided by 50,000 barrels.

Related person. A related person is considered a policyholder if that person is (a) related to the policyholder (defined earlier) under sections 267(b) or 707(b) (1), or (b) engaged in a trade or business under common control with the policyholder. See sections 52(a) and (b).

Employee. Employee includes an officer, director, or highly compensated employee under section 414(q).

Insured. An individual must be a U.S. citizen or resident to be considered insured under an employer-owned life insurance contract. Both individuals covered by a contract covering the joint lives of two individuals are considered insured.

Notice and consent requirements. To qualify as an employer-owned life insurance contract, the policyholder must meet the notice and consent requirements listed below before the issuance of the contract.

1. Provide written notification to the employee stating the policyholder intends to insure the employee's life and the maximum face amount for which the employee could be insured at the time the contract was issued.

The written notification must include a disclosure of the face amount of life insurance, either in dollars or as a multiple of salary, that the policyholder

reasonably expects to purchase with regard to the employee during the course of the employee's tenure. Additional notice and consent are required if the aggregate face amount of the employer-owned life insurance contracts with regard to an employee exceeds the amount of which the employee was given notice and to which the employee consented. See Q&A-9 and Q&A-12 in Notice 2009-48.

2. Provide written notification to the employee that the policyholder will be a beneficiary of any proceeds payable upon the death of the employee.

3. Receive written consent from the employee. See *Valid consent* under the instructions for line 4a.

Electronic notification and consent. The written notification and consent requirement can be met electronically only if the system for electronic notification and consent meets requirements 1 through 3, above. See Q&A-11 in Notice 2009-48 for more information.

Issue date of contract. Generally, the issue date of a life insurance contract is the date on the policy assigned by the insurance company on or after the date of application. For purposes of meeting the notice and consent requirements, the issue date of the employer-owned life insurance contract is the later of (1) the date of application of coverage, (2) the effective date of coverage, or (3) the formal issuance of the contract. See Q&A-4 in Notice 2009-48 for more information.
