NOTES

* Estimate should be used with caution because of the small number of sample returns on which it is based.

** In order to avoid disclosure of information for specific corporations, these data have been combined with data in a lower asset size class.

*** In order to avoid disclosure of information for specific corporations, these data have been deleted. Data are included in appropriate totals.

√ This asset size class includes data from one or more higher size classes. See "NOTE" for further explanation.

(-0) Less than $500 per return.

NOTE: Detail may not add to totals due to rounding and deletion of data. The statistics at the major group level were derived by adding the appropriate minor industries after combinations or deletions of asset size classes had been made. The statistics of industrial divisions and the U.S. Totals were similarly derived by adding the appropriate major groups and industrial divisions, respectively. These differences are particularly evident for the Net Income, Total lines when comparing identical industries between the two sections ("Returns With and Without Net Income" and "Returns With Net Income").

1. Income year 1983 covers corporation accounting periods ended July 1983 through June 1984.

2. Beginning with 1982, "Investments in Government obligations" includes Investments in U.S. obligations and Investments in State and local obligations; and "Interest" includes Interest on U.S. obligations and Other interest which were both shown separately in previous years.

3. Nonqualifying interest and dividends for Form 1120S is a new receipts item for tax year 1983.

4. Form 6765, Credit for Increasing Research Activities, includes the orphan drug credit for tax year 1983.

5. Retained earnings, unappropriated, include three 1120S items for 1983: Shareholders undistributed taxable income; accumulated adjustments account; and other adjustments account. Accumulated adjustments account and other adjustments are new liability items for S Corporations for tax year 1983.

6. See the report STATISTICS OF INCOME--1983, CORPORATION INCOME TAX RETURNS, for a discussion of these statistics including:

   Changes in law
   Description of the sample and limitations of the data
   Explanation of terms
   Facsimilies of corporation income tax return forms, 1983

   This report may be obtained from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

7. When data are the same for minor and major industries, only the major industry is shown. When data are the same for minor, major and industrial division industries, only the industrial division is shown.
