Addendum to January, 2001 Memorandum of Understanding
Office of Indian Tribal Governments and Office of Excise Taxes

This addendum shall become effective October 1, 2012.

The last bullet under “Operating Procedures for Both Operating Divisions” is modified as reflected below.

(Bold text reflects additional language and strikethrough text reflects deletions.)

☐ Both Operating Divisions understand and recognize that Fuel Compliance Officers (FCOs) and Fuel Compliance Agents (FCAs) have a need to visit Indian Tribal Reservations on an unannounced basis for inspection of tanks and other tasks related to their job. Both Operating Divisions further understand and recognize that sufficient time may not always exist to provide ITG with prior notice of impromptu compliance activity. OET will subsequently notify ITG in situations where prior notice is not made. OET will also notify and coordinate with ITG when follow-up compliance activity is warranted. Therefore, ITG is committed to developing a relationship with the Indian Tribal Governments to establish continuing working conditions for FCOs that will allow them to fully complete their tasks.

The original Memorandum of Understanding dated January, 2001 is attached.
