Document 6209 (Rev. 01-2014)
Cat No. 61462O

USER INFORMATION - Document 6209 is provided as a handy reference guide only. More detailed and current information can be found in the appropriate Internal Revenue Manuals or IRMs which are available online through various links on the IRWeb homepage. They can also be downloaded from the Publishing web site by clicking on the Forms/Pubs/Docs button on the left of the IRWeb home page.

Providing Document 6209 in bound book format is the most economical format for our needs since the initial cost of changing from bound book to loose-leaf would be prohibitive. Additionally, the costs incurred in subsequent years would be greater than the cost of bound format. Document 6209 contains material of a sensitive nature and requires maximum safeguards. In addition, security dictates that copies of the Document 6209 carried by Revenue Officers and others should not come apart easily as potential loss would compromise **"Official Use Only"** material. Document 6209 can also be viewed online at the SERP website:

In an effort to provide users with a document of the highest accuracy and ease of usage, we are soliciting your help. If you are aware of any typographical errors or usage problems, please provide this information by clicking on the **"Feedback"** link at the bottom of the **SERP** home page. Include a description of the problem and the basis for the change or correction, provide the corrected information, and specify the section, page and paragraph of the document.

Note: This does not replace the standard means of reporting processing problems (i.e., 5391 or 5715).
