

IRS e-file Application Process

For Form 8963 ONLY

Why do I have to create an IRS e-file Application?

Provides authorization to e-file your corporation's return electronically.

Assignment of an Electronic Filing Identification Number (EFIN) and an Electronic Transmitter Identification Number (ETIN).

Establishes the form type (Form 8963) you will file with IRS.

How do I get started?

All Responsible Official(s) and Contact(s) within your corporation who will be responsible for e-filing your ACA-related forms and/or creating or maintaining your corporate IRS e-file Application will need to ***individually register with e-Services.***

Registration is a one-time, universal process that authenticates you and allows you to do business electronically with IRS.

Once you have successfully registered and confirmed, you are ready to begin the e-file application process for your corporation.

What is e-Services?

e-Services is a suite of products designed for tax professionals and taxpayers to do business with IRS electronically.

e-Services includes:

- Registration.

- IRS *e-file* Application.

- Transcript Delivery Service (TDS).

- Tax Identification Number (TIN) Matching.

e-Services is accessed through a secured environment known as the “**Registered User Portal (RUP)**.”

What do I need to create my e-file application?

You must determine who will perform certain functions for your corporation and gather the necessary information to complete your e-file application.

You will need to decide:

Who will be your Responsible Official or Officials (you can have up to 5; we recommend at least 2 for back-up purposes).

You will need:

- 1) Each individual to be registered and confirmed for e-Services.
- 2) The organization's Employer Identification Number (EIN).
- 3) Each individual's Social Security Number, Citizenship status and Date of Birth.

What is a Responsible Official?

A Responsible Official is:

- 1) An individual with responsibility for and authority over your e-file operation.
- 2) An individual who is the first point of contact with the IRS and has the authority to create, revise and sign your IRS e-file application.
- 3) An individual who is responsible for ensuring that your corporation adheres to the provisions of all publications and notices governing IRS e-file. If one individual cannot fulfill these responsibilities, up to four additional Responsible Officials may be identified. It is a good idea to identify at least two persons to act as back-up for each other.

Note: The Responsible Official is not required to be a Principal or Corporate Officer.

You will need the following information for each Responsible Official you want to add to your corporation's IRS e-file application: Name, Position Title, U.S. Citizen Status, Social Security Number, Date of Birth and E-mail Address.

Where do I go to complete the e-file Application?

Access the application via e-Services at:
www.irs.gov/eservices

OR

Go to IRS.gov, search for “eservices” and select “e-Services – Online Tools for Tax Professionals” from the results.

Scroll down to "e-file Application" and select the "GO" button. (See graphic on next slide.)
