

Sample article for organizations to use to reach customers (239 word count)

Post the following article on your websites and/or use in other communication vehicles to encourage your customers to do a paycheck checkup.

It's time for a paycheck checkup

Following tax law changes, you should do a paycheck checkup using the IRS's [Withholding Calculator](#) and, if necessary, complete a new [W-4 form](#). The calculator helps determine the right amount of withholding.

You should check if you:

- are a two-income family
- have two or more jobs at the same time or only work part of the year
- claim credits like the child tax credit
- have dependents age 17 or older
- have itemized deductions in 2017
- have high income or a complex tax return
- have a large tax refund or tax bill for 2017
