Instructions

Complete all the blocks. Write N/A (Not Applicable) for those which don't apply to you. We need you to complete the form so we can establish the best method for you to pay the amount due.

If any section is too small for the information you need to supply, please use a separate sheet.

Failure to complete the form or provide copies (not originals) of required attachments (as stated below) may result in a delay in resolving your account. We may also require you to submit financial substantiation after our financial analysis is complete.

Section A – Accounts / Lines of Credit

List all accounts, even if they currently have no balance. However, do not enter bank loans in this section.

Section B – Real Estate

List all real estate you own or are purchasing. This listing should include your home and any other real estate you own. Include the county and description, the year(s) and amount(s) of purchase and/or refinancing, the current market value and the amount you owe. To determine equity, subtract the amount owed from its current market value.

Section C – Other Assets

List all cars, boats, recreational vehicles, whole life policies, or other assets that you own. If a vehicle is leased, write "lease" in the "year purchased" column. To determine equity, subtract the amount owed from its current market value.

Section D – Credit Cards

List all credit cards and lines of credit, even if there is no balance owed.

Section E – Wage Information

Provide the name and address of employers for you and your spouse. Include both spouses' income, even if the tax liability is not the result of a jointly filed return. Check the appropriate box indicating how you are paid. Year to Date Income includes all income, without deductions, for you and your spouse. Include all wage income from all employers since January of the current year. Last years gross income should be recorded from last years filed return.

Section F – Non-Wage Household Income

Enter monthly amounts for all sources of household income. For any income not received monthly, calculate the monthly amount as follows:

- If received quarterly - divide by three.
- If received weekly - multiply by 4.3.
- If received biweekly - multiply by 2.17.

Net Self-Employment Income is the amount you earn after you pay ordinary and necessary monthly business expenses. This figure should relate to the yearly net profit from Schedule C on your Form 1040 or your current year profit and loss statement, but should not include depreciation expenses. If your net income is less than the previous year, attach an explanation. If net income is a loss, enter "0".

Net Rental Income is the amount you earn after you pay ordinary and necessary monthly rental expenses. This figure should relate to the amount reported on Schedule E of your Form 1040 (do not include depreciation expenses). If net rental income is loss, enter "0".

Section G – Monthly Necessary Living Expenses

Expenses that do not provide for the health and welfare of you or your family or for the production of income are generally not considered necessary. These may include tuition for private schools, public or private college expenses, charitable contributions, voluntary retirement contributions and payments to unsecured debts.

Enter monthly amounts for expenses. For any expenses not paid monthly, calculate the monthly amount as follows:

- If paid quarterly - divide by three.
- If paid weekly - multiply by 4.3.
- If paid biweekly - multiply by 2.17.

For expenses claimed in boxes 1 and 4 you may either use the total amounts shown on the IRS website at <http://www.irs.gov/individuals/article/0,,id=96543,00.html>. Substantiation may be required once the financial analysis is completed. If you are currently paying higher expenses you may enter that amount, but you are also required to submit supporting documentation with this form, which show payments being made.

For boxes 2 and 3 you must enter only the amount you actually spend on these expenses. If your total amount is higher than the amount shown on the IRS website shown above, you are **REQUIRED** to submit supporting documentation when submitting this form, such as copies of cancelled checks etc. which show payments being made.

All expenses claimed in box 5 **REQUIRE** supporting documentation when submitting this form. This includes copies of cancelled checks, pay stubs etc. that indicate payments are being made.

For any court ordered payments you **MUST** submit a copy of the court order portion that shows the amount you are ordered to pay and the signatures.

If you do not have access to the IRS website, itemize your actual expenses and we will ask you for additional proof, if required.
