Introduction

A message from the IRS

As of January 1, 2011, all paid tax return preparers must obtain a Preparer Tax Identification Number (PTIN) before preparing returns. If you already have a PTIN, you must renew it each year.

Some preparers must take and pass a competency test in order to obtain a PTIN. Certified Public Accountants, attorneys, Enrolled Agents and individuals who do not prepare 1040-series returns are exempt from the testing requirement. Some preparers who are supervised by Certified Public Accountants, attorneys, and Enrolled Agents may also be exempt. To determine if you are required to take the test, review the Frequently Asked Questions at www.irs.gov/ptin.

The IRS is considering requiring certain tax return preparers to undergo a background check as part of the PTIN requirements. If it is determined you need to undergo a background check in the future, the IRS will contact you with instructions.

Note If you already have a provisional PTIN, you have until the end of 2013 to take and pass the competency test.

Scheduling your appointments

The Internal Revenue Service (IRS) has contracted with Prometric to conduct its competency test. Prometric provides computerized testing at test centers throughout the world. The IRS and Prometric are working together closely to ensure that the test meets federal requirements as well as professional examination development standards.

Obtain a PTIN

Before you can take the competency test, you must apply for a Preparer Tax Identification Number (PTIN) from the IRS.

To get your PTIN online

The IRS Tax Professional PTIN Sign-up System is available at www.irs.gov/ptin. Once online, you will need to:

- **Create Your Account** — Provide your name, email address, and security question information. The system will then email your temporary password, which you will change when you go back to enter your information in the PTIN application.
- **Apply for Your PTIN** — Complete the online application by providing personal information, information about your previous year's tax return, professional credentials, and more.
- **Pay Your Fee** — Make your payment of \$64.25 by credit card, direct debit, or eCheck.
- **Get Your PTIN** — After the bank confirms your payment, you will receive your PTIN. You will be able to view your next steps, including any testing requirements, through your online PTIN account.

It takes about 15 minutes to sign up online and receive your PTIN. If you opt to use the paper application, **Form W-12** IRS Paid Preparer Tax Identification Number (PTIN) Application, it will take 4-6 weeks to process.

PTIN renewal

PTINs must be renewed annually by December 31 for the following year. Renewal Open Season begins each year in mid-October.

Exemptions from testing

The following individuals are exempt from testing:

- Attorneys, Certified Public Accountants, and Enrolled Agents who are active and in good standing with their licensing agency.
- Supervised preparers (those who do not sign returns but are employed by attorney or Certified Public Accountant firms or other recognized firms at least 80% owned by attorneys, Certified Public Accountants, or Enrolled Agents, and who are supervised by an attorney, Certified Public Accountant, or Enrolled Agent). More information about supervised preparer requirements can be found in IRS Notice 2011-6 online at <http://www.irs.gov/pub/irs-utl/n-11-06.pdf>.
- Those who do not prepare Form 1040 series returns. (Note: Forms 1040-PR and 1040-SS are considered non-1040 series returns for this purpose; tax professionals who only prepare 1040-PR and 1040-SS are exempt from testing.)

Scheduling a test

To schedule a test appointment, visit Prometric's online scheduling system through your PTIN account at www.irs.gov/ptin. You should be able to schedule your appointment up to 6 months in advance. Schedule your appointment soon to secure the date, time, and test center location that you prefer.

You may also schedule a test appointment by calling Prometric at 1-855-IRS-EXAM (477-3926). You will need your IRS File Number that can be found on your PTIN welcome or renewal letter or through your online PTIN account on the **Next Steps** screen. If you cannot locate your file number, please contact the PTIN help desk at 1-877-613-7846, Monday through Friday, from 8:00 AM to 5:00 PM CST prior to calling Prometric to schedule your test.

After you complete the scheduling process, you will receive an appointment confirmation letter. If you do not receive your confirmation email, check your SPAM folder and update your email security filter to allow emails from emailconfirmations@prometric.com. Record and keep this confirmation number for your records. You will need it to reschedule, cancel or change your appointment.

Testing fee

You must pay a fee of \$116 each time you schedule an appointment to take the test (fee is paid at the time of scheduling, not at the test center). Accepted forms of payment include: MasterCard, Visa, and American Express. If you are paying by eCheck, you must call 855.IRS.EXAM to schedule your appointment. If you schedule your test over the phone, you must provide the file number listed on your PTIN welcome or renewal letter. Testing fees **are not refundable or transferable**.

Test center locations

Tests are administered via computer at Prometric test centers. Test centers are located in most major metropolitan areas. For a list of test center locations, visit www.irs.gov/taxpros/tests.

Note You may take the test at any time during the year **except** during the annual black-out period from April 1 — April 15. During this time, the test is unavailable while the system is updated.

Rescheduling an appointment

If you need to reschedule a test appointment for another date, time or location, you must contact Prometric. There are no refunds for cancellations.

Rescheduling fees will apply as follows:

- **No fee** if you reschedule at least **30 calendar days** prior to your appointment date.
- **\$35 fee** if you reschedule **five to 29 calendar days** before your appointment date.
- **Another \$116 full test fee** if you reschedule **less than five calendar days** before your appointment date.

Note Rescheduling a test appointment must be done online through your PTIN account at www.irs.gov/ptin or by calling **855.IRS.EXAM**. You cannot reschedule an appointment by fax, email or voicemail. Customer Service Representatives are available to take your call Monday through Friday, between 8 a.m. and 8 p.m. Eastern Time.

If absent or late for your appointment

If you miss your appointment or arrive late and are not allowed to test, your entire fee will be forfeited and you must pay \$116 to schedule a new test appointment.

Emergency closings

Severe weather or an emergency could require the cancellation of all scheduled tests on a particular day. If this occurs, Prometric will attempt to contact you by phone or email. You may also check for test center closures at www.prometric.com/sitestatus. If the test center is closed, your test appointment will be rescheduled without a rescheduling fee.

If a test center is open and you choose not to appear for your appointment, your fee will be forfeited. You must then reschedule your test appointment and pay another full fee.

Special test considerations

ADA accommodation. If you require testing accommodations under the Americans with Disabilities Act (ADA), please call Prometric at 877.347.5080 to obtain an accommodation request form.

ESL note. Please note that a language barrier is not considered a disability.

Taking your test

Overview of the test

The Registered Tax Return Preparer competency test contains 120 questions, 100 scored questions and 20 experimental questions (see Page 8) in multiple-choice and true or false format. You will have 2.5 hours to complete the test.

The outline below is a list of topics that could be included in the test. Not every topic on the list will necessarily appear on the test, and the list should not be viewed as all-inclusive. However, this list is based on the results of a job analysis survey sent to more than 700,000 tax return preparers who identified the basic knowledge needed for tasks performed by minimally competent Registered Tax Return Preparers. Complete test specifications outlining the test subsections begin on Page 10.

Note Through March 31, 2013, all references on the test are to the Internal Revenue Code, Forms and Publications, as amended through December 31, 2011. Unless otherwise stated, all questions relate to calendar year 2011. Circular 230 questions relate to Circular 230 with a revision date of August 2011.

Test center procedures

Your test will be administered via computer at a Prometric test center. You do not need any computer experience or typing skills to take your test. Before you start the test, you will receive a personalized introduction to the testing system. You can also take a pre-test computer system tutorial if you wish.

You should arrive at the test center at least 30 minutes before your scheduled appointment.

Identification required

You must present a valid, nonexpired form of identification before you can test. That identification document **must**:

- Be government-issued (e.g., driver's license, passport, state-issued identification card or military identification card);
- Contain **both** a current photo and your signature (if it does not, you must present two identification cards: one with your photo and one with your signature);
- Closely resemble your appearance on the date of testing; and
- Have a first and last name that exactly matches the first and last name used to register for the test.

Important Failure to provide appropriate identification at the time of testing is considered a missed appointment. As a result, you forfeit your test fee and must reschedule your appointment.

If you cannot provide identification that meets the requirements listed above, contact Prometric at **855.IRS.EXAM before** scheduling your appointment to arrange an alternative way to meet this requirement.

Non-disclosure agreement

In order to access the test, candidates must read and agree to the terms of the non-disclosure agreement with the IRS, which reads:

This exam is confidential and proprietary. It is made available to you, the examinee, solely for the purpose of assessing your proficiency level in the skill area referenced in the title of this exam. You are expressly prohibited from disclosing, publishing, reproducing, or transmitting this exam, in whole or in part, for or by any means, verbal or written, electronic or mechanical, for any purpose, without prior express written permission of the IRS.

Reference materials

During the test, you will have access to the following reference materials: Publication 17 (Tax Guide for Individuals), the Form 1040, and Form 1040 Instructions. Electronic reference materials will be provided as exhibits for candidates to use while taking the computer-based test. You **are not allowed** to bring your own reference materials to the test center. Due to the time limit of the

test, it is recommended that you research the reference materials only when necessary.

Calculator usage

You will be able to use an onscreen calculator during the test. At the test center, Prometric will also furnish you with a handheld calculator that is silent, solar or battery-operated and nonprogrammable (without paper tape-printing capabilities or alphabetic keypads) to use during the test. You **are not allowed** to bring your own calculator to the test center.

Scratch paper

You will be provided with a packet of scratch paper and a pencil to use during the test. You may not bring your own scratch paper or pencil to the test. The test center administrator will collect all scratch paper (used and unused) upon completion of the test. Removing scratch paper from the test center is considered an act of misconduct.

Test center regulations

To ensure that all candidates are tested under equally favorable conditions, the following regulations and procedures will be observed at each test center. Prometric reserves the right to audio and videotape any testing session.

- 1 You will be continuously monitored by video, physical walk-throughs and the observation window during your test.
- 2 You must present valid (unexpired) and acceptable identification in order to take your test. (See "Identification required" in the above section).
- 3 You are required to sign out on the test center roster each time you leave the test room. You must also sign back in and show your identification to the test center administrator in order to be re-admitted to the test room.
- 4 You are **prohibited** from communicating, publishing, reproducing, or transmitting any part of your test, in any form or by any means, verbal, written, or electronic, for any purpose.
- 5 You **must not** talk to other candidates or refer to their screens, testing materials, or written notes in the test room.
- 6 You **may not** use your own written notes, published materials, or other testing aids during your test. Any materials that you are allowed to use during the test will be provided to you by Prometric at the test site on the day of the test.
- 7 You are **allowed** to bring soft ear plugs or center-supplied noise-blocking headphones into the test room.
- 8 Any clothing or jewelry items allowed to be worn in the test room must remain on your person at all times. Removed clothing or jewelry items must be stored in your locker.
- 9 You **must not** bring any personal/unauthorized items into the test room. Such items include but are not limited to outerwear, hats, food, drinks, purses, briefcases, notebooks, pagers, watches, cellular telephones, recording devices, and photographic equipment. Weapons are not allowed at any Prometric Test center. You will be asked to empty and turn your pockets inside out prior to every entry into the test room to confirm that you have no prohibited items.
- 10 You will be scanned with a metal detector wand prior to every entry into the test room. If you refuse, you cannot test.

- 11 You **must** return all materials issued to you by the test center administrator at the end of your test.
- 12 You are not allowed to use any electronic devices or phones during breaks.
- 13 Your test has no scheduled breaks. If you take an unscheduled break, the test timer will continue to count down.
- 14 Repeated or lengthy departures from the test room for unscheduled breaks will be reported by the test center administrator.
- 15 If you need access to an item stored in the test center locker during a break such as food or medicine, you must inform the test center administrator **before** you retrieve the item. You are not allowed to access any prohibited item (as defined by the IRS).
- 16 You must conduct yourself in a civil manner at all times when on the premises of the test center. Exhibiting abusive behavior towards the test center administrator, or any other staff member of the test center, may result in criminal prosecution.
- 17 To protect the privacy of all testers, the test center administrator can neither confirm nor deny if any particular individual is present or scheduled at the test center.
- 18 Persons not scheduled to take a test are not permitted to wait in the test center.

If questions arise. Test center administrators are not allowed to answer any questions pertaining to the test content. If you do not understand a question on the test, you should answer the question to the best of your ability.

Failure to follow any of these security procedures may result in the disqualification of your test. The IRS takes candidate misconduct, including cheating on the Registered Tax Return Preparer test, very seriously. If the IRS determines that a candidate is culpable of misconduct or has cheated, the candidate will be subject to a variety of penalties including, but not limited to, invalidation of test scores, disqualification from subsequent test administrations, and civil and criminal penalties. In cases where candidate misconduct or cheating is discovered after a candidate has obtained a Registered Tax Return Preparer certificate, the IRS may rescind the certificate.

Question types

The questions in your test are mostly multiple-choice, with some true or false questions. Three different multiple-choice formats are used, each of which provides four options from which you choose your answer. Examples of each multiple-choice format, as well as a true or false example, are shown below.

Format 1—Direct question

An individual taxpayer's return consists of Form 1040 and Schedule C. Without an extension, what is the normal due date of the return?

- A. March 15
- B. October 15
- C. April 15
- D. June 15

Format 2—Incomplete sentence

Federal income tax overpayment amounts applied from the prior year's return

- A. cannot be claimed on Form 1040EZ.
- B. do not need to be reported on the tax return.
- C. are reported as excess Social Security withheld.
- D. are reported as part of Federal income tax withholding on the current year return.

Format 3—All of the following except

All of the following are factors in determining if a U.S. citizen or resident taxpayer must file an income tax return EXCEPT the taxpayer's:

- A. gross income
- B. filing status
- C. location of earning
- D. age

Format 4—True or False item format

The client provided the preparer with receipts for business expenses for the preparation of a prior year return. The client has requested that the preparer return those receipts because the client is now under audit. The preparer refuses to turn over the receipts. The preparer is in violation of Circular 230.

- A. True
- B. False

Experimental questions. Your test will include 20 experimental questions that will not be scored. They are distributed throughout the test and will not be identified as such. These are used to gather statistical information on the questions before they are added to the test as scored items. These experimental questions **will not** be counted for or against you in your final test score.

Test results

You will receive a notice at the end of your test indicating that you have completed the test. Printed test results will be provided immediately following the test. Individual test results are confidential and the IRS will not reveal your results to anyone but you.

Scaled scores are determined by calculating the number of questions answered correctly from the total number of questions in the test and converting to a scale that ranges from 50 to 500. Some test questions may be weighted. The IRS has set the scaled passing score at 350, which corresponds to a minimum level of knowledge deemed acceptable for the tasks performed by a minimally competent Registered Tax Return Preparer.

Pass. If you pass, your test results will show a passing designation. It will not show a score. All score values above passing indicate that a candidate *is* qualified — not *how* qualified.

Fail. If you fail, your test results will show a score that is below the scaled passing score. You will also receive diagnostic information to assist you with future testing preparation. Diagnostic information for each domain will show an indicator of 1, 2, or 3 meaning:

- 1 Area of weakness where additional study is necessary. It is important for you to focus on this domain as you prepare to take this test again. You may want to consider taking a course or participating actively in a study group on this topic.
- 2 May need additional study.
- 3 Clearly demonstrated an understanding of subject area.

Retaking the test. If you do not pass the test, you must schedule another test appointment and pay another test fee. There is currently no limit to the number of times you may take the test. To reschedule a re-test, log into your PTIN account at www.irs.gov/ptin and select, **View Next Steps and Outstanding Requirements** from the main menu, then select, **Schedule a Test or Re-Test**.

Feedback

Candidates will be surveyed at the conclusion of the test, which will allow an opportunity to provide both Prometric and the IRS with feedback on the test questions or the testing experience.

Registered Tax Return Preparer Certificate

If you pass the test, IRS will run a tax compliance check to ensure that you are compliant with your federal tax obligations. After you pass the test and the tax compliance check, you will receive a Registered Tax Return Preparer Certificate via mail within 4-6 weeks. If you have not received your certificate or other correspondence from IRS within 45 days of passing the test, you may contact the PTIN Information Line at 877-613-PTIN (7846). You may not identify yourself as a Registered Tax Return Preparer until you receive your certificate from the IRS.
