Dear _____ :

This is in response to a letter from your authorized representative requesting a ruling on your behalf that you meet the requirements of Rev. Proc. 95-48, 1995-2 C.B. 418.

Facts

A was created by the City of B and the City of C under D State statute. The Internal Revenue Service has determined that A is exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code and is classified as a supporting organization described in sections 509(a)(3) and 170(b)(1)(A)(viii). D State statute states that local government corporations may be formed to aid and act on behalf of a local government to accomplish any governmental purpose of the local government. The City of B and the City of C are governmental entities, created by the City Councils of B and C, under D law. A has no members. A provides for development, financing, construction, maintenance and operation of an international toll bridge for the City of B and City of C. The bridge project is currently in the development stage.

Prior to recent amendments to its Articles of Incorporation and Bylaws, A was known as the B-C International Bridge Corporation. Recently, the City of C decided to terminate its participation in this bridge project.

A has a five member Board of Directors ("Board"), all of whom are members of the B City

Council. Therefore, the B City Council effectively controls A.

A's financial support is received from the proceeds of bonds to be issued by the City of B. The bonds will be subsequently repaid via the tolls which will be collected from traffic crossing the international toll bridge built by A. A is included in the financial statements of the City of B. A must be audited for each fiscal year and the results presented to the City Council of B. B officials and personnel approve all of A's expenses. None of A's Board members will receive compensation from building the bridge, either directly, or indirectly. A does not have a taxable subsidiary, does not engage in public fund-raising efforts, and its activities do not provide significant benefits to any private interest. Under A's Articles of Incorporation, if A is terminated, its assets will be distributed to the City of B or, if that is not available, to a successor organization with the same purpose as A.

Ruling Requested

A satisfies the requirements of being an affiliate of a governmental unit of Rev. Proc. 95-48, 1995-2 C.B. 418, and therefore is not required to file Form 990.

Law

Section 501(a) of the Code provides an exemption from federal income tax for organizations described in section 501(c)(3), including organizations that are organized and operated exclusively for charitable, educational or scientific purposes. Section 6033(a)(1) generally requires the filing of annual information returns by exempt organizations.

Section 6033(a)(2)(A) of the Code provides certain mandatory exceptions to filing annual information returns.

Section 6033(a)(2)(B) of the Code provides discretionary exceptions from filing such returns where the Secretary determines that such filing is not necessary to the efficient administration of the tax laws.

Rev. Proc. 95-48 provides an exception from filing for governmental units or affiliates of governmental units that are exempt from federal income tax under section 501(c)(3).

Section 4.02 of Rev. Proc. 95-48 provides that an organization will be treated as an affiliate of a governmental unit if it is described in section 501(c) of the Code and either (a) It has a ruling from the Service that: (1) its exempt purpose income is excluded under section 115; (2) it is entitled to receive deductible contributions under section 170(c)(1) because the contributions are for the use of a governmental unit, or (3) it is a wholly owned instrumentality of a state or political subdivision for employment tax purposes; or (b) it meets the requirements of Section 4.02(b).

Section 4.02(b) of Rev. Proc. 95-48 provides the following criteria to be used to determine whether an organization meets the requirements of Section 4.02(b): (i) the organization is either operated, supervised or controlled (within the meaning of section 1.509(a)-4(g)(1)(i) of the Income Tax Regulations) by governmental units or by an organization's governing body that is elected by the public at large; (ii) the organization possesses two or more affiliation factors listed under Section 4.03 of the revenue procedure and (iii) the organization's filing of Form 990 is not

otherwise necessary to the efficient administration of the internal revenue laws.

Section 4.03 of Rev. Proc. 95-48 describes among the affiliation factors the following: (a) the organization was created by one or more governmental units, organizations that are affiliates of governmental units, or public officials acting in their official capacity; (b) the organization is subject to financial audit by the governmental unit to which it reports or the governmental unit or affiliate of a governmental unit exercises control over, or oversees, some or all of the organization's expenditures; and (c) one or more governmental units, or organizations that are affiliates of governmental units, exercise control over, or oversee, some or all of the organization's expenditures.

Section 4.04 of Rev. Proc. 95-48 provides that in making a ruling or determination whether the organization's filing of form 990 is otherwise necessary to the efficient administration of the internal revenue laws under section 4.02(b)(iii), all relevant facts and circumstances shall be considered. These include the extent to which the organization has taxable subsidiaries or participates in joint ventures with non-exempt entities; whether it engages in substantial public fund-raising efforts; and whether its activities provide significant benefits to private interests.

Section 1.509(a)-4(g)(1)(i) of the regulations provides, in part, that the terms "operated by," "supervised by" and "controlled by" as used in section 509(a)(3)(b) of the Code presupposes a substantial degree of direction over the policies, programs and activities of a supporting organization by one or more publicly supported organizations. The relationship described under any one of these terms is comparable to that of a parent and subsidiary, where the subsidiary is under the direction of and accountable or responsible to the parent organization. This relationship is established by the fact that a majority of the officers, directors or trustees of the supporting organization are appointed or elected by the governing body, officers acting in their official capacity, or the membership of one or more publicly supported organizations.

Analysis

You have stated that A does not have a letter that meets the criteria of Section 4.02(a) of Rev. Proc. 95-48 and therefore it must meet the requirements in Section 4.02(b).

The Internal Revenue Service has determined that A is exempt from federal income tax under section 501(c)(3) of the Code and is classified as a publicly supported organization described in sections 509(a)(3) and 170(b)(1)(A)(viii) of the Code. A was created by state statute and is managed by a Board of Directors all of whom are members of the B City Council. Therefore, the B City Council effectively controls A. Thus, A is operated, supervised or controlled by a governmental unit within the meaning of section 1.509(a)-4(g)(1)(i) of the regulations. Accordingly, A meets the requirement of Section 4.02(b)(i) of Rev. Proc. 95-48.

A was created by the City Councils of B and C, which are governmental entities created by the State of D. The Board of A is effectively controlled by the City Council of B, which was created by the State of D. Therefore, A possesses the affiliation factor in Section 4.03(a) of Rev. Proc. 95-48.

A's financial support is received from bonds to be issued by the City of B. Therefore, A possesses the affiliation factor in Section 4.03(b) of Rev. Proc. 95-48.

A is included in the financial statements of the City of B. A must be audited for each fiscal year and the results presented to the City of B. The City of B officials and personnel approve all of A's expenses. Therefore, since A is financially accountable to a governmental unit, A possesses the affiliation factor in Section 4.03(c) of Rev. Proc. 95-48.

Under A's Articles of Incorporation, if A is terminated, its assets will be distributed to the City of B, or a successor to the City of B. Therefore, A possesses the affiliation factor in Section 4.03(e) of Rev. Proc. 95-48.

Therefore, since A possesses two or more of the affiliation factors listed in Section 4.03 of Rev. Proc. 95-48, A meets the requirements of Section 4.02(b)(ii).

A has no taxable subsidiaries, does not participate in joint ventures with non-exempt entities; does not engage in substantial public fund-raising efforts; and does not provide significant benefits to private interests. Therefore, since the filing of Form 990 is not otherwise necessary to the efficient administration of the internal revenue laws, A meets the requirement of Section 4.02(b)(iii) of Rev. Proc. 95-48.

Since A is described in section 501(c)(3) of the Code and meets the requirements of Section 4.02(b) of Rev. Proc. 95-48, A is treated as an "affiliate of a governmental unit" under Section 4.02 of Rev. Proc. 95-48.

Ruling
