X requests a ruling that income derived from processing and transporting, storing, marketing and distributing will constitute qualifying income under § 7704(d)(1)(E).

Law and Analysis

Section 7704(a) provides that, except as provided in § 7704(c), a publicly traded partnership, will be treated as a corporation.

Section 7704(b) provides that, for purposes of § 7704, the term “publicly traded partnership” means any partnership if (1) interests in the partnership are traded on an established securities market, or (2) interests in the partnership are readily tradable on a secondary market (or the substantial equivalent thereof).

Section 7704(c)(1) provides that § 7704(a) does not apply to a publicly traded partnership for any taxable year if such partnership meets the gross income requirements of § 7704(c)(2) for the taxable year and each preceding taxable year beginning after December 31, 1987, during which the partnership (or any predecessor) was in existence.

Section 7704(c)(2) provides that a partnership meets the gross income requirements of § 7704(c)(2) for any taxable year if 90 percent or more of the gross income of the partnership for the taxable year consists of qualifying income.

Section 7704(d)(1)(E) provides that the term “qualifying income” includes income and gains derived from the exploration, development, mining or production, processing, refining, transportation (including pipelines transporting gas, oil, or products thereof), or

the marketing of any mineral or natural resources (including fertilizer, geothermal energy, and timber).

Conclusion

Based solely on the facts submitted and the representations made, we conclude that the income derived by Partnership from processing and transporting, storing, marketing and distributing will constitute qualifying income under § 7704(d)(1)(E).

Except as expressly provided herein, no opinion is expressed or implied concerning the tax consequences of any aspect of any transaction or item discussed or referenced in this letter.
