Dear

You asked for advance approval of your educational grant procedures under Internal Revenue Code (IRC) Section 4945(g)(3).

This approval is required because IRC Section 4945 provides for the imposition of taxes on each taxable expenditure of a private foundation. IRC Section 4945(d)(3) provides that the term "taxable expenditure" includes any amount paid or incurred by a private foundation as a grant to an individual for travel, study, or similar purposes by the individual, unless the grant satisfies the advance approval requirement of IRC Section 4945(g).

## Our determination

We approved your procedures for awarding educational grants. Based on the information you submitted, and assuming you will conduct your program as proposed, we determined that your procedures for awarding educational grants meet the requirements of IRC Section 4945(g)(3). As a result, expenditures you make under these procedures won't be taxable.

## Description of your request

Your letter indicates you will operate W, which is to promote the dissemination of X related research worldwide through presentations at scientific conferences. W is open to any graduate student, postdoctoral fellow or faculty member at a recognized educational institution. The recipient must present X-specific research through oral or poster presentations.

The recipient can receive up to y dollars for domestic conferences and up to z dollars for international conferences. One half of the awarded funds will be provided upon proof of conference registration and acceptance of poster or oral abstract. The balance of the funds will be awarded after attendance of the conference and submission of the presentation materials, proof of expenses, and a report highlighting the impact of the presented work. Awards will be paid directly to the recipient and must be used for conference-related expenses. Any unused funds must be returned. If the recipient is unable to attend the conference, they must notify you and return any funds already paid to them.

Selection of recipients will be based on the quality of the X research, publication status of the work to be presented (preference given to unpublished work) and the potential impact of the presentation (type and size of

the conference). At least two members of your advisory board will evaluate each application. No member of your advisory board will be in a position to derive a private benefit, directly or indirectly, from the selection of the grant recipients. The award is renewable so long as the recipient has not received an award within the previous twelve months.

## Basis for our determination

IRC Section 4945 imposes excise taxes on the taxable expenditures of private foundations. A taxable expenditure is any amount a private foundation pays as a grant to an individual for travel, study or other similar purposes. However, a grant that meets all the following requirements of IRC Section 4945(g) is not a taxable expenditure.

- The foundation awards the grants on an objective and nondiscriminatory basis.
- The IRS approves in advance the procedure for awarding the grant.
- The grant is:
  - A scholarship or fellowship subject to IRC Section 117(a) and is to be used for study at an educational organization described in IRC Section 170(b)(1)(A)(ii); or
  - A prize or award subject to the provisions of IRC Section 74(b), if the recipient of the prize or award is selected from the general public; or
  - To achieve a specific objective; produce a report or similar product; or improve or enhance a literary, artistic, musical, scientific, teaching, or other similar skill or talent of the recipient.

To receive approval of its educational grant procedures, Treasury Regulation Section 53.4945-4(c)(1) requires that a private foundation show:

- The grant procedure includes an objective and nondiscriminatory selection process.
- The grant procedure results in the recipients performing the activities the grants were intended to finance.
- The foundation plans to obtain reports to determine whether the recipients have performed the activities that the grants were intended to finance.

## Other conditions that apply to this determination

- This determination only covers the grant program described above. This approval will apply to succeeding grant programs only if their standards and procedures don't differ significantly from those described in your original request.
- This determination applies only to you. It may not be cited as a precedent.

- You can't award grants to your creators, officers, directors, trustees, foundation managers, or members of selection committees or their relatives.
- All funds distributed to individuals must be made on a charitable basis and further the purposes of your organization. You cannot award grants for a purpose that is inconsistent with IRC Section 170(c)(2)(B).
- You should keep adequate records and case histories so that you can substantiate your grant distributions with the IRS if necessary.
