Dear :

You asked for advance approval of your scholarship procedures under Internal Revenue Code (IRC) Section 4945(g)(1). You requested approval of your scholarship program to fund the education of certain qualifying students.

This approval is required because IRC Section 4945 provides for the imposition of taxes on each taxable expenditure of a private foundation. IRC Section 4945(d)(3) provides that the term "taxable expenditure" includes any amount paid or incurred by a private foundation as a grant to an individual for travel, study, or similar purposes by the individual, unless the grant satisfies the advance approval requirement of IRC Section 4945(g).

Our determination

We approved your procedures for awarding scholarships. Based on the information you submitted, and assuming you will conduct your program as proposed, we determined that your procedures for awarding scholarships meet the requirements of IRC Section 4945(g)(1). As a result, expenditures you make under these procedures won't be taxable.

Additionally, awards made under these procedures are scholarship or fellowship grants and are not taxable to the recipients if they use them for qualified tuition and related expenses (subject to the limitations provided in IRC Section 117(b)).

Description of your request

Your letter indicates you will operate a scholarship program for students at B. Your scholarship amounts will range from q dollars to r dollars per student.

You will solicit applications from students at B who have graduated from rural high schools. You estimate E students will be eligible to apply. Applicants will complete your scholarship application form. On this form, they will self-report information on their grades, activities, and progress towards a degree at B.

The scholarship criteria used to select recipients is based on several categories including grades, school and extracurricular activities. The recipients must demonstrate traits of friendship, sound learning and rectitude in a written description with their application. Based on the available funds, you will award D scholarships per year. The awards are determined and allocated based on scoring completed by one of your board members. Another board member will review the applications, scoring, and award allocation. Your President or the designee will issue checks for the awards to B directly for distribution to the student's educational account. Funds will be applied to their tuition and other school fees and costs. Your awards are for one year only and are not renewable. An awardee must apply in a subsequent year and their application will be scored and an award based on the current application only.

You represent that you will complete the following:

- Arrange to receive and review grantee reports annually and upon completion of the purpose for which the grant was awarded,
- Investigate diversion of funds from their intended purposes,
- Take all reasonable and appropriate steps to recover the diverted funds and ensure other grant funds held by a grantee are used for their intended purposes, and
- Withhold further payments to grantees until you obtain grantees' assurances that future diversions will not occur and that grantees will take extraordinary precautions to prevent future diversion from occurring.

You also represent that you will:

- Maintain all records relating to individual grants including information obtained to evaluate grantees,
- Identify a grantee is a disqualified person,
- Establish the amount and purpose of each grant, and
- Establish that you undertook the supervision and investigation of grants described above.

Basis for our determination

IRC Section 4945 imposes excise taxes on the taxable expenditures of private foundations. A taxable expenditure is any amount a private foundation pays as a grant to an individual for travel, study or other similar purposes. However, a grant that meets all the following requirements of IRC Section 4945(g) is not a taxable expenditure.

- The foundation awards the grant on an objective and nondiscriminatory basis.
- The IRS approves in advance the procedure for awarding the grant.
- The grant is a scholarship or fellowship subject to the provisions of IRC Section 117(a).
- The grant is to be used for study at an educational organization described in IRC Section 170(b)(1)(A)(ii).

- The effective date of our approval is .

- This determination applies only to you. It may not be cited as a precedent.
