Dear :

You asked for advance approval of your scholarship procedures under Internal Revenue Code (IRC) Section 4945(g)(1). You requested approval of your scholarship program to fund the education of certain qualifying students.

This approval is required because IRC Section 4945 provides for the imposition of taxes on each taxable expenditure of a private foundation. IRC Section 4945(d)(3) provides that the term "taxable expenditure" includes any amount paid or incurred by a private foundation as a grant to an individual for travel, study, or similar purposes by the individual, unless the grant satisfies the advance approval requirement of IRC Section 4945(g).

Our determination

We approved your procedures for awarding scholarships. Based on the information you submitted, and assuming you will conduct your program as proposed, we determined that your procedures for awarding scholarships meet the requirements of IRC Section 4945(g)(1). As a result, expenditures you make under these procedures won't be taxable.

Additionally, awards made under these procedures are scholarship or fellowship grants and are not taxable to the recipients if they use them for qualified tuition and related expenses (subject to the limitations provided in IRC Section 117(b)).

Description of your request

Your letter indicates you will operate a grant program called C. C is awarded to outgoing seniors at B who will be attending a vocational school, trade school, two-year college, or four-year college.

You are awarding C to help outgoing seniors from B to start post high school education to improve their skills and further their education. The scholarships will be publicized through B.

You intend to award at least D scholarships yearly in the amount of z dollars each. This is a one time

scholarship with no renewal provisions.

To be eligible, an individual must be a graduating senior from B, have a GPA of 2.5 or above, be involved in at least one club or extra curricular activity, and must be able to articulate how they will help make this world a better place through acts of kindness. These are the requirements that make up the application.

You will select recipients based on their responses to these items.

The selection committee will be made up of your officers, local teachers, counselors, and employees of the EMT industry.

Funds will be provided upfront to assist with tuition. Recipients are required to provide proof of enrollment to ensure that funds are used for the intended education purpose.

Scholarships will be maintained at B's Finance office until students show proof of enrollment at a vocational school, trade school, two-year college, or four-year college.

If the terms of the award are violated, students will be asked to return the scholarship.

You represent that you will complete the following:

- Arrange to receive and review grantee reports annually and upon completion of the purpose for which the grant was awarded,
- Investigate diversion of funds from their intended purposes,
- Take all reasonable and appropriate steps to recover the diverted funds and ensure other grant funds held by a grantee are used for their intended purposes, and
- Withhold further payments to grantees until you obtain grantees' assurances that future diversions will not occur and that grantees will take extraordinary precautions to prevent future diversion from occurring.

You also represent that you will:

- Maintain all records relating to individual grants including information obtained to evaluate grantees,
- Identify a grantee is a disqualified person,
- Establish the amount and purpose of each grant, and
- Establish that you undertook the supervision and investigation of grants described above.

Basis for our determination

IRC Section 4945 imposes excise taxes on the taxable expenditures of private foundations. A taxable expenditure is any amount a private foundation pays as a grant to an individual for travel, study or other similar purposes. However, a grant that meets all the following requirements of IRC Section 4945(g) is not a taxable expenditure.

- The foundation awards the grant on an objective and nondiscriminatory basis.
- The IRS approves in advance the procedure for awarding the grant.
- The grant is a scholarship or fellowship subject to the provisions of IRC Section 117(a).
- The grant is to be used for study at an educational organization described in IRC Section 170(b)(1)(A)(ii).

Other conditions that apply to this determination

- This determination only covers the grant program described above. This approval will apply to succeeding grant programs only if their standards and procedures don't differ significantly from those described in your original request.

Insert if the organization made grants prior to receiving advance approval.

- The effective date of our approval is E, which is the date your request was submitted.
- This determination applies only to you. It may not be cited as a precedent.
- You cannot rely on the conclusions in this letter if the facts you provided have changed substantially. You must report any significant changes to your program to the IRS at:
