Important information about your federal tax deposits

You must make federal tax deposits electronically

You are required to use electronic funds transfer (EFT), such as the Electronic Federal Tax Payment System (EFTPS), to make your federal tax deposits. If you make deposits at a local IRS office, we may charge you a 10% penalty when you file your tax return.

What you need to do

- Enroll in EFTPS at www.eftps.gov, if you haven't already. You can also request an enrollment package by mail by calling EFTPS customer service at 1-800-555-4477.
- Make all future tax deposits electronically.
- Review your procedures to ensure you or your employees don't deposit your taxes incorrectly again.

Payments credited to your account

Our records show that you made the following federal tax deposits using a payment method other than an EFT:

Date received	Amount

Additional Information
